**FINEST LOT OF IMMIGRANTS
EVER CARRIED, SAYS CAPTAIN**

The C. P. R. steamer Lake Champlain, Capt. Murray, arrived here yesterday afternoon from Liverpool, bringing 145 saloon passengers and 730 third class. One hundred of these are Scandinavians. The rest were British immigrants for the west. All of them have been placed. Employment is there for them when they reach their destination. Capt. Murray said to The Standard that the passengers on this trip were the finest lot he ever carried. They were a merry crowd all through and when the steamship docked at the land of promise, they cheered the ship and in spite of the rain lined up on the deck joining hands and sang Auld Lang Syne. They were carried last night on a special train to their respective destinations.

Had Fair Weather.

Capt. Murray reported having had fair weather across, passed five large icebergs between 43 and 46 longitude. He was in communication with the Empress of Britain entering Halifax harbor. The Empress reported having fine weather from St. John. Had very fine weather coming up the bay, thick with heavy rain and southerly wind.

Victorian Arrives

The Allan Line steamship Victorian reached here yesterday afternoon from Liverpool via Halifax, bringing five first class passengers, 218 second

class and 162 third class. At Halifax the Victorian left 36 first class, 112 second class, and 661 third. Three hundred of these are bound for the United States. Those who landed in St. John, are bound for the west. They left here by a special train last night. The Victorian was six days out to which made the voyage longer than if she had gone the northern route. She had very heavy weather, particularly on the 22nd and 23rd, strong westerly gales and head seas. The second and third class passengers were about one hundred Scandinavians and the rest were of English and Scottish birth. The Victorian had 700 tons of cargo for Halifax and had 1800 tons for here. She is commanded by Capt. Outram who has replaced Capt. Pickering, who died with pneumonia in England, after his last voyage from St. John.

Sardinian Here.

The Allan Line Sardinian docked here yesterday afternoon. She brought 22 second class passengers and 44 steerage. She was delayed at Halifax twelve hours Friday night by the storm.

Tunisian Sails.

The Allan Line Tunisian sailed Saturday for Liverpool, with 10 first class passengers, 19 second class and 57 steerage. She took away a fair general cargo.

**BOSTON MAN
SHOOTS WIFE,
THEN HIMSELF**

BOSTON, March 27.—Within a few yards of the crowd near the Tremont St. subway of the Boston Elevated Railway Company, Lawrence E. Boyle, a well known Boston newspaper man shot and killed his wife, Ida M. late today, and then turned the revolver upon himself, dying almost instantly. The shooting was done, it is believed, while Boyle's mind was temporarily unbalanced by a nervous affection that had effected him for several years.

Although happening so close to the most crowded portion of the garden, the shooting had few witnesses. Two boys, Joseph H. Tira, and Frank Wheeler, of the North End, said that they passed Mr. and Mrs. Boyle who were seated on a secluded bench talking earnestly. Before the lady had gone many steps they heard a shot behind them and as they turned around they said that a second shot was fired, after which the boys said they saw Boyle kick a revolver away from him. Dr. Lyman, who was waiting for a car nearby hastened to the spot, but the man and woman died before he reached them. Mrs. Boyle had been shot through the mouth, while her husband sent a bullet through his left breast. Medical Examiner Wm. McDonald pronounced the deaths due to homicide and suicide by shooting and the bodies were removed to the city morgue where they were identified within a few hours.

Naval Funeral.

The funeral of David Blair, Assistant Steward on the Donaldson liner Cassandra, who met a tragic death by drowning on Thursday night, took place from the Seaman's Institute Saturday afternoon. Rev. A. Gordon Dickie was the officiating clergyman. Interment was made in Fernhill cemetery. A large number of the shipmates of the deceased followed the remains to the grave. Like all naval funerals this attracted considerable attention.

Paris, March 27.—The Republican committee of St. Pierre, Mtq., has sent a cable to deputy Pierre Guizy, asking him to urge Minister of Colonies Lauroix to refuse authorization to clerical schools in the colony, except upon the unanimous request of the council of public instruction. The committee says that the object of the clerical schools is to destroy lay instructions.

Panama Canal At The Nickel Today.

The chief feature of the Nickel's excellent picture programme for today and Tuesday is President Taft's inspection tour in the great Panama Canal, an educational film that will be of momentous interest to nearly everybody and of special value to schoolchildren, who are doubtless being taught these days of the Commercial value this great artificial waterway is expected to be. Harry Bennett, the Lauder impersonator, will sing a very funny song, entitled the "Softest O' the Family," one of the most successful of all Lauder's ditties. Miss Edwards will sing the pathetic little number "Daddy" and Mr. Courtneis has a new picture ballad. There will be comedy pictures and dramas as well, one of them a lovely story of French naval life.

Fought A Draw.

NEW ORLEANS, March 27.—Johnny Lynch, of Boston, and Young Britt, of Baltimore, fought ten rounds to a draw tonight before the Royal Athletic Club here. The odds favored Britt, but the Boston lad made a surprisingly good showing and honors were even.
