WEALTHY WIDOW MURDERED AND JEWELS STOLEN

Burglars missed strong box containing jewelry worth from \$250,000 to \$500,000—Servant confesses he admitted burglars.
New York, Sept. 9.—Owney Talas, a Russian Finn, for two and one-half months a hall boy in the home of Mrs. Elizabeth Nichols, the aged widow who met death last night at the hands of masked men who robbed her of gems valued at \$10,000, was arrested today after he had confessed, the police assert, to having played a part in the crime.
He was formally charged with murder. All other servants in the house were freed of suspicion, Deputy Police Commissioner Lord announced.
Preliminary examination of Mrs. Nichols' body revealed the probability that she had died of fright, and not of strangulation as at first supposed, Mr. Lord said. An autopsy to be performed later will disclose the exact cause of death.
Although the burglars stripped their victims' fingers and ears of diamonds and other jewels worth \$10,000, they failed to rife the strongbox of her safe in which she kept gems valued at from \$250,000 to \$500,000.
The murdered woman was the widow of James E. Nichols, one of the founders of the wholesale grocery house of Austin, Nichols & Company. She was 60 years old. When her husband died a year ago he left her property valued at nearly \$2,000,000.
Talas, in what the police claim was his confession, is alleged to have said that for some time several men had been endeavoring to get him to "stand in with them" to rob Mrs. Nichols, but that he had always refused such advances until Tuesday night when he consented to take part in the scheme upon the understanding that Mrs. Nichols was not to be harmed and that only the jewels she wore on her person were to be taken.
The police quote Talas as saying that the men arrived at the Nichols home at 9 o'clock last night by appointment and that in response to a knock he opened the door to a man who admitted them.
He told of being backed into a corner by the men and of the finding of them in the maid in the butler's room. The maid, he is alleged to have said, was threatened and tied up. One man was left to stand guard over her while the others hurried upstairs to the apartment of Mrs. Nichols. Talas is said to have asserted that he was entirely ignorant of what happened in the apartment as he heard nothing. He said, however, that the men were upstairs ten or fifteen minutes, leaving by the basement door and passing by without any comment.

RUSSIAN SOLDIERS WITH MACHINE GUNS CAPTURED BY THE AUSTRILIANS DURING RETREAT FROM WARSAW
This photograph is one of the first to be received since the retreat of the Russians from Warsaw. Russian soldiers are seen with some of the machine guns captured from the Austrians. This booty was taken by an action of the rear guard of the Russian lines, during the retreat of the army.

SOME PRACTICAL HINTS FOR PERSONS WHO ARE INTERESTED IN BEE KEEPING
Sept. 6, 1915.
Dear Sir,—Letters are coming to me almost daily from persons wishing to make a start in beekeeping, who desire certain information. The questions are practically the same in each case. It has occurred to me that by publishing the questions from such letters, and my answers to them, many others might reap the benefit.
The letter runs about as follows: "I have just come here and bought a small farm and intend keeping bees. May I ask you to give me some information?"
Very truly yours,
H. B. DUBOIST

HAD DYSENTERY. WAS VERY BAD WITH IT.
Mrs. G. A. McKnight, Mulvihill, Mass., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for nine years, and I would not be without it in the house. I was very bad with dysentery; a friend gave me a dose of 'Dr. Fowler's,' and told me to get a bottle right away, which I did, and it did me lots of good. My brother was had to and I told him to take it, and he was cured. I hope there are others who will use 'Dr. Fowler's' and keep it in the house, for it will surely save doctor's bills."
Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 70 years, and has been used in thousands of Canadian homes during that time.
You do not experiment when you buy it. See that you get what you ask for, and if your dealer tries to palm off a substitute on you, insist on getting "Dr. Fowler's," or go where you can get it.
The genuine is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

JEWISH SOLDIERS ON LEAVE OF ABSENCE TO CELEBRATE NEW YEAR
London, Sept. 9. (Montreal Gazette Cable)—More than 2,000 Jewish soldiers are here on leave from the front to celebrate the Jewish New Year's day in London, among them being several Canadians. Though they will be back in the trenches on the Day of Atonement, they will vigorously observe the great fast, Khaki was largely worn in the great synagogues at Aldgate today, when the Chief Rabbi conducted the services.

Sir—I have much pleasure in drawing public attention to the successful efforts of the postmistress of Fairvale on behalf of the Overseas Tobacco Fund, resulting in securing contributions of some forty dollars, certainly here is an example many might well emulate on behalf of such a worthy object.
EDWARD SEARS, St. John, N. B., Steward of the Fund.

Thin Folks Who Would Increase Weight

SIMPLE DIRECTIONS EASY TO FOLLOW.
Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of this folks the world over. Your nutritive organs, your functions of assimilation are sadly out of gear and need reconstruction.
If every day you've tried to put on weight has failed, try these simple directions. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets. In two weeks note your weight. Sargol does not itself make fat but mixing with your food its purpose is to help the digestive organs turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. A great deal of this nourishment now passes from thin peoples' bodies as waste and make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is non-injurious, pleasant, efficient and inexpensive. All leading druggists are authorized to sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.
