George Stubbs, son of Frederick C. Stubbs, 299 Main street, had his head badly cut when run over by a delivery wagon on Main street, Saturday. He was immediately taken to the General Public Hospital, and though suffering from his injury, is said to be recovering as rapidly as can be expected.

Suspected of Shooting Officer

John Melanson and Louis Thibideau Believed to be Men Implicated in the Shooting of Policeman Stinson of Fairville.

John Melanson and Louis Thibideau, who are believed to be the two men implicated in the shooting of Police Officer Stinson, Fairville, Sunday night, November 16, were brought to the city yesterday by Marshal L. W. Goodall and Constable J. S. McKay of St. George.

These men were caught in the woods about a mile from the latter place, and there is little doubt in the mind of the authorities but that they are the two who were lurking in the gang way off Main street road last Sunday night and who, when Constable Stinson approached, resisted arrest, one of the men firing a revolver, the bullet entering the officer's arm pit and causing a painful injury from which he is still suffering.

The case, which is under the jurisdiction of the Fairville court, will be tried before Magistrate Allingham this morning.

OLD-TIME SALVATION ARMY MEETINGS HELD

Large Crowds Attended Meetings Held Under the Leadership of Lieut. Colonel Morehen Saturday and Sunday.

Under the leadership of Lieut. Col. Morehen, candidate secretary for Canada east, several old time Salvation Army meetings were held in the Charlotte street citadel on Saturday and yesterday.

Saturday night and yesterday morning he spoke to large crowds; the auditorium being practically filled at each service.

Yesterday afternoon with "Wonderful Trophies of Grace I Have Met" as his subject, the colonel took his audience to London, and there described five characters, men and women, who started on the lowest round of the ladder of life and are now on the straight road to the Heavenly Kingdom. These characters, the speaker said, could well illustrate a portion of that masterpiece by Harold Begbie, "Broken Earthenware" and in his description of the lives and the troubles of the characters, he alternately swayed his hearers from mirth to tears.

"Saviour" was the subject of last night's message, and to a crowded hall he told of the message Christ had brought to the earth. His exposition of the Name, taken letter by letter, brought home to his hearers in a very forcible way, their personal obligation to lead a better life, and at the close of the evening service twelve from the audience signified their intention of following in the footsteps of the Master.

During the afternoon and evening, special vocal solos by Commandant Sheppard of the Metropolis, added much to the effect of the services.

It is interesting to note that the general work of the Citadel, under the capable direction of Adjutant Mrs. Urskil, is in a very live and healthy condition. During the past five weeks over fifty converts have been accepted for service and great interest is being taken in all branches of the work.

Embargo On Freight Coming To St. John

Freight Handlers Still Out and No Change in Situation — Superintendent Groat Says Truckers in Other Ports Receive Less Than St. John.

No change in the water front situation was apparent yesterday. There was a meeting of the Union of Railway Freight Handlers, but the officers are saying nothing. On Saturday Superintendent Groat announced that the C. P. R. has placed an embargo on all freight destined for West St. John. "We are not going to bring goods here," he said, "to be left in the cars."

Last evening Mr. Groat said there was no change in the situation, and that so far as the C. P. R. was concerned the statement issued on Saturday still stood. Asked if he thought there was any prospect of a settlement Mr. Groat said, "It does not look as if there was."

The General Superintendent said the railway freight handlers here have been receiving 47 cents an hour, while rates in New York and Boston are 45 and 44 cents, respectively, and Halifax 45 cents. Union officials say that the truckers in New York and Boston mostly handle baggage, while here they do a lot of work done elsewhere at longshoremen's rates. The Union asked for 55 cents an hour and the railway offered 48 cents.

An effort is being made by some of the local labor leaders to induce the union to apply for a Board of Conciliation.

THE REASON WHY—STYLE

Time was when furs were purchased with one idea in view, that of comfort. To be candid 60 years ago we didn't believe that should be the one qualifying feature, but rather fit, style, comfort, equally expressed. We've always adhered to our original idea. It's proved practical.
