

RE-TRAINING OF
EX-SERVICE MEN

Canada Leads United States,
Having Handled Nearly
Fifty Thousands of Her
Veterans.

In comparison with the United States, Canada continues to lead in the industrial re-training of disabled ex-service men.

According to official figures published at Washington by the federal board for vocational education, a total of 23,004 men had entered training out of 41,813 men, who had been approved for training.

In Canada at the same period, 48,365 men had been approved of for courses under the vocational branch of the department of Soldiers' Civil Re-establishment, and 43,124 had actually commenced re-training.

In the United States 3,400 men are recorded as having completed or discontinued training. During the same period, in Canada 13,000 men had graduated as trained.

The peak of the load in re-training in Canada was reached during the last week of February when 26,022 disabled ex-service men were receiving courses under the department of Soldiers' Civil Re-establishment. Since that period the number of men training has shown slight decrease each week until the current week, when 25,466 men are shown as undergoing re-training.

By the last report of the vocational branch of the department of Soldiers' Civil Re-establishment it is shown that in all 49,802 men have been approved for courses and that 44,669 actually started on such retraining courses. It is estimated that 65,000 disabled ex-service men will have benefited by these courses by the time the work terminates.

Men do not hold women dear who cheapen themselves. It is much easier to break into some affairs than it is to back out again.

LINCOLN PORTRAIT
JUST COMPLETED

And Accepted by Senate—
Painter Has Spent Forty
Years on the Work.

(New York Sun.)

Washington, April 15.—Spending decades on the work, Col. Freeman Thorp has completed the painting of a portrait of Abraham Lincoln which was authorized in the 60's through the interest and activity of Charles Sumner of Massachusetts. Col. Thorp has painted portraits of four other Presidents—Grant, Garfield, McKinley and Cleveland.

The Lincoln portrait has just been accepted unanimously by the Senate, and is the only Lincoln portrait in the Senate corridor. It will hang with Stuart's Washington, Sully's Jefferson and the copy of Stuart's Adams.

Through the interest of Charles Sumner and other Senators of the period just following the war, Colonel Thorp was authorized to paint his conception of Lincoln. A study was built secretly for him on the roof of the Senate wing of the Capitol, which he occupied for twenty years. He was given the privilege of the floor of both House and Senate, so he could consult men who had known Lincoln. He studied carefully the life and writings of Lincoln and has studied every extant photograph and painting of the martyr President.

His conception of Lincoln is different from others in that it presents Lincoln in a more smiling and more animated mood than is generally depicted. The smiling, yet gentle and tender character of the eyes is especially notable.

LIQUOR THIEVES
MADE GOOD HAUL

Sandusky, Ohio, April 12.—There is no more liquor in the United States bonded warehouse here. Thieves carry the other morning took what was left after the robbery six weeks ago.

While the building was unguarded between 5:30 and 6, nine barrels of high proof brandy, valued at \$10,000, were carted away. Experts figured the nine barrels contained 50,000 drinks.

The two night watchmen left the building at 6:30 and the barrels were there. At 6 when the day crew arrived the barrels were missing.
