AUTOMOBILES COLLIDE ON ROTHESAY ROAD

H. C. Green's Big Car Badly Damaged When Struck by New Automobile Just Purchased by Hampton Man.

H. C. Green's big automobile was badly damaged on Saturday afternoon about 1:30 o'clock on the Rothestay road near Brookville, when another car collided with it. Mr. Green and his chauffeur were coming into Rothestay when approaching them they saw another car and the road being narrow they drew up to one side to allow the car proceeding in the other direction to pass by. The strange car came along at a lively clip and struck the big automobile on the clip and drove it down to the ditch. Mr. Green and his chauffeur luckily escaped unhurt. The car was very badly damaged and the collision car was also damaged considerably. The strange car, it is reported, was a Buick, and was driven by a man in Hampton and was being driven out to its new owner when the accident occurred. The road at the point where the collision took place is very narrow and doubtless this played an important part in the cause of the accident.

SCHOOL PRIZES GO TO LIGHTEN LOT OF TWO PRISONERS

The closing exercises at Netherwood, Rothestay School for Girls, took place yesterday afternoon under ideal conditions. The weather was delightful, and a large and enthusiastic number of visitors were on hand to congratulate the prize winners and to congratulate incidentally to enjoy the closing exercises. The presentation of prizes took place during the school hymn, prayers and the chanting of the Lord's Prayer. Rev. Canon Daniel officiated during this short service, after which followed songs by the school and piano solo by Miss Dorothy LeRoy and Miss Bertha Snowball. Rev. Canon Daniel presented most of the prizes and certificates to the successful pupils. Dr. Thomas Walker and A. C. Skelton each presented their own prizes for the pupil making the highest marks in spelling and the girl who obtained the highest average in examinations, respectively. The prizes were envelopes containing money, which each prize winner voluntarily gave over to the school fund for supporting a prisoner in Germany who never fully recovered. Complications developed, from which she has suffered for several months and which terminated her life.

Government's Greater Production Campaign Seems to Have Gone Wrong—Seeding Late in Eastern Canada.

Ottawa, June 18.—A press bulletin issued today by the census and statistics office gives the usual preliminary estimate of the areas sown to grain crops as reported to the correspondence on May 31. The reports show that spring this year is late, and that heavy rains throughout the dominion have in many places made it difficult to work the land. In eastern Canada seeding of the end of May was considerably behind, especially as compared with last year, and in parts of the west the seeding of oats and barley had not been completed.

The Wheat Crop.
According to the preliminary estimates of correspondents, made in many instances after the completion of seeding, wheat in Canada this year amounts to a total area of 11,461,600 acres. This is the highest record of last year, when 11,461,600 acres or 11.5 per cent. below the light record of last year, when 11,461,600 acres were harvested and the harvested area of 1914, which was 10,238,500 acres, was in the best of years, leaving over for 1916 is 1,049,200 acres. The area estimated to be sown to spring wheat is 10,449,400 acres. In the three north-west provinces the area sown to wheat is estimated at 10,449,400 acres, as compared with 11,474,700 acres, the area of 1914, and with 9,335,400 acres, the area sown to wheat in the northwest provinces for 1914. In Manitoba the area sown to wheat for 1916 is placed at 2,204,400 acres, as compared with 2,842,400 acres last year; in Saskatchewan it is 5,258,000 acres, as against 6,588,100 acres, and in Alberta 1,977,700 acres, as against 1,968,700 acres.

OBITUARY

Charles Gallagher.

Hopewell Hill, June 15.—Charles Gallagher of Little Rocher, Albert county, died at his home in Little Rocher, N. B., on Tuesday, June 14, at the age of 76 years. Mr. Gallagher, who was 76 years of age, had been in poor health for a year, but had been able to be on his feet for some time. He had been driving a team for his son. Yesterday he complained of some pain in his breast but in the afternoon he went out as usual. As he was not returning, a member of his household went to look for him and found him not far away lying dead, a sudden attack of trouble which had been afflicting him for some time, having evidently overtaken him and proved fatal. Mr. Gallagher was highly respected in the community in which he lived the most of his life, and was a member of the Methodist Church.
