PEERLESS

Skirt and Waist Supporter

PATENTED MAY 18TH, 1890.

The only supporter made that is **Complete in itself**; holding the skirt and the shirt waist down, without the necessity of sewing attachments on the garments.

The supporter is concealed by waist and skirt excepting small sections of the pins which the narrowest belt will cover. **Will support the heaviest of winter skirts.** Prevents their sagging and by properly distributing the weight of the skirts, does away with the strain on the back which is so tiresome and injurious.

Will be sent by mail, prepaid, upon receipt of price, **25 cents.**
