

Lot 4	Containing	1 acre
" 5	"	$\frac{99}{100}$ "
" 6	"	$\frac{4}{5}$ or $\frac{80}{100}$
" 7	"	$1\frac{3}{4}$ or $1\frac{75}{100}$
Total		7.53 acres

Add to the area of right of way  
 of S. H. N. Co. going for the whole  
 Block according to P. L. S. Robinson  
 7<sup>th</sup> - whilst the office map shows  
 Block T as containing only  $6\frac{94}{100}$   
 acres - as this is valuable property  
 it is necessary that the right area  
 should be inserted in the Patent -  
 You will therefore look into the  
 matter and point out where the  
 discrepancy is -

Yours,  
 S.

Your obedient servant  
 Rob. Sinclair  
 Acty Deputy of the Supt General  
 of Indian Affairs
