Maple Syrup Makers be Ready for the First Runs of Sap

"OHAMPION" EVAPORATOR

One of our greatest difficulties we have is to make our many customers see the necessity of sending us their order early in the season for their Sugar Camp equipment. The majority of them wai until the month of March, or just before sap runs, then expect their goods immediately. Don't put off ordering. Write us to-day for our free booklet giving you full particulars in regard to Maple Syrup and Sugar making.

Hamilton Incubator Hatches Big, Healthy Chicks

You never find the Hamilton guilty of hatching deformed chicks, or allowing chicks to die in the shell. That is because the heating and ventilating systems introduce the correct amount of life-giving oxygen and moisture into the egg-chamber—because the heat-regulating system is accurate to a fraction

of a degree—because the directions are so simple directions are so simple and correct. The Hamilton Incubator hatches every fertile egg. The chicks are so plump, healthy and lively they make the old hen jealous of the Hamilton. You can make a success of hatching chicks cess of hatching chicks with the Hamilton Incuwith the Hamilton Incubator, and just as big a success of raising them with the Hamilton Brooder. Send for our free booklet and get complete information about the always successful Hamilton Incubators and Brooders.
