

**Consumption Cured.**  
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 330 Powers' Block, Rochester, N. Y.

**JAS. DORRANCE'S "ROSE HILL FARM" BERKSHIRES.**  
A drive of some two and a half miles from the stirring town of Seaford, over one of the best roads to be found in Ontario, brings us to the well-managed estate of Mr. James Dorrance, Seaford, Ont., the home of as well-selected and well-kept a herd of Berkshire swine as we have found. Mr. Dorrance, in his modest way, laid open the facts to our inquiry, and we were more than pleased when we had looked them and their pedigrees carefully over to see such a worthy, well-selected bunch together, and after glancing over a few of the pedigrees, and accepting as facts what we feel justified in placing before the readers and patrons of the FARMER'S ADVOCATE, we found her full of quality and vigor, having a nice-made head and finely marked. She now holds a high place in Mr. Dorrance's breeding pen, and has lately been bred to that worthy son of Baron Lee 4th, King Lee 411. Queen of Scotts 4690, by Baron Lee 4th, and out of Gipsy 4286 (with pedigree running direct into imported stock), too is a choice animal; in fact good enough to win the 2nd, in strong competition, in Toronto, London and Ottawa in '96. She is also being bred to Golden Bell 5543, by Golden King 5475, and out of Darkness Lady 5532, was imported from James Riley, Thorntown, Ind., early in '96. Her dam has produced a litter of seven pigs from Columbus 2701, April 7th '93, which were exhibited at the Indiana State Fair, winning six firsts and one second prize, amounting to \$85. Five were then exhibited at the World's Fair, Chicago, and won three firsts, two thirds and a fourth premium, amounting to \$510, making \$595 in prizes on one litter of seven, under six months, being about as valuable a record as can be produced in the country. The same importation included Victoria 5th, by Baron Lee 2nd 4455 (winner of 1st at Chicago World's Fair, over six months and under twelve months); dam Victoria 5441, this sow also tracing into a family of showing winners in active competition. Both sows are models of the breed apart from their rich breeding, and are being bred to the stock bear, King Lee 411, by Baron Lee 4th, and out of Sallie Ross 3848. He was bred by J. G. Snell, and purchased on the farm under a year. He is a true representative of that worthy family, possessing that unusual evenness of quality with immense length and depth, and as active as a yearling. He tips the scales at 700. Gladstone 5078, by Victor 3rd 5077, and out of Julia R. 4894, was purchased from his breeder, W. G. Riley, when young, and is being employed on the young King Lee daughters, his dam being a worthy producer. Two young King Lee boars, out of imported Shapely and Royal Duchess, promise well, and await purchasers, who at sight cannot fail to recognize their superior conformation. Also four young sows of similar strain, and equally well up in quality, heavy, fine heads, with evenness all through, are held for sale either as they are or bred and when safely in pig. Before leaving it would be unfair to omit a short mention of Mr. Dorrance's piggery, which is a stone structure, 30x40 feet, and conveniently divided into eight pens. Due regard has been given to its sanitary condition, and we would say that it is one of the best lighted very comfortable; so that with the constant attention they were receiving at our visit there can be no doubt about the future.

**CLYDESDALES FOR CANADA.**  
Messrs. Dalgetty Bros. have purchased from Mr. W. S. Park, Hatton, and shipped to Canada two well-bred Clydesdale stallions. One was the three-year-old Royal Fred, bred by Mr. Andrew Kirkwood, Drumbowie, Beth, and got by the noted horse Prince Frederick (8905), out of the dam of the well-known breeding horse Knight o' Lothian (4489). This is a useful, breeding-like horse, and if he does as well in Canada as his uterine brother did in this country he will be a profitable investment for all concerned. His neighbor is the big, flash colt Prosperous (10263), own brother to the unbeaten yearling Prince Eureka, and himself a noted prize-winner. He was got by Mr. James Lockhart's fine horse Mains o' Airds, and his dam Carina (12313) was by Craichmore Darnley (567). He was bred by Messrs. Robertson, Clondrie, Stranraer, and in the hands of his late owner, Mr. Alexander Scott, Berryyards, Upper Glenock, he won, amongst other prizes, third at the Royal, Manchester; fourth at the Scottish Stallion Show at Glasgow, second at Greenock, etc.—*Scottish Farmer.*
