GOSSIP.
It may interest old Shorthorn breeders
to know that Joseph Cusshaw (who for
many years had the charge of the
Towneley herd, and took the famous
Butterflies to victory) is still alive and
well, and taking a keen interest in the
breed. He is living at Castle Hill,
Towneley, Burnley, and celebrates his
ninetieth birthday this month, having
been born on March 16th, 1812.

Mr. Isaac Usher, manufacturer of
Queenston cement, in his advertisement
in this issue, extends the time in which
reduced rates on cement are offered to
farmers to April 15th. This extension
is made owing to the fact that the
roads in many parts of the country
have been so blocked by snowdrifts
that teaming was found almost impos-
sible. Mr. Usher reports a large in-
crease in barn building, and a cor-
respondingly large demand for Queen-
ston cement for building basement walls,
and for stable floors and silo construc-
tion.

Colwill Bros., breeders of Shorthorn
cattle and Tamworth hogs, Newcastle,
Ont., write: In a Gossip note in your
Feb. 15th issue, Mr. Blain seems to in-
fer that we have been trying to claim
some of his well-earned honors, which
we can assure him we had not the
slightest intention of doing. Mr. Blain's
statements are all correct, and so are
our own, but suppose we should have
stated that our herd of Tamworths took
2nd sweepstakes herd prize, as there
were two herd prizes, and while Mr.
Blain took 1st on herd and first on
yearling sow, he will remember the hard
pull he had to get it, and then it was
only won by a trio being made up with
a sow of our breeding, which we sold
Mr. Blain, viz., Thrifty Girl, which won
the sweepstakes at Guelph Fat Stock
Show in 1900 in Mr. Blain's hands,
after having won 1st at Toronto the
same year in our hands in the class un-
der 12 months. Now, as Mr. Blain has
given you a list of his winnings at To-
ronto in 1901, we will give you ours:
First for boar over 2 years, first and
silver medal for best boar any age, first
for boar and four of his get under 6
months, second for sow and four of her
produce under 6 months, 2nd and 3rd
for yearling sows (Mr. Blain first with
a sow of our breeding), third for boar
under 12 months, second and third for
boars under 6 months, second and third
for sows under 6 months, and first for
pen of four bacon hogs, by the judge
appointed to preside over the judging
competition re farmers' sons under 25
years of age. Our sales were never so
numerous, and we are frequently receiv-
ing complimentary letters on the stock
we are sending out. Mr. Blain says he
will be out at Toronto next fall like
Barnum's circus, bigger and better than
ever before. We shall be delighted to
meet him there again, and expect to
have the strongest herd we have ever
had out.

MARY MARSHALL SOLD FOR \$1,000.

The noted Guernsey cow, Mary Mar-
shall, queen of the Pan-American Model
Dairy, has recently been sold by her
breeder and owner, Mr. Ezra Michener,
Carversville, Pa., to Mr. Albert C. Lor-
ing, Minneapolis, Minn., for \$1,000.
She was born in April, 1891, making
her 10 years old at the beginning of
the six-months' test. She has had six
calves, the last being a heifer, which
was sold when young for \$200. She
was a large and attractive cow, of con-
tented disposition.

When the final balance was taken,
November 1st, it was found that Mary
Marshall had, during the six months,
calves 1,010 lbs. hay, 4,456 lbs. silage,
1,283 lbs. bran, 45 lbs. oats, 795 lbs.
gluten, 47 lbs. corn meal, 89 lbs. cot-
ton-seed meal, 3,577 lbs. green clover,
at a cost of \$29.14. In return for this
she had given 5,611 lbs. of milk, with
an average test of 5.36 per cent. butter-
fat. This showed she had given 301.13
lbs. butter-fat, and the record of
churned butter credited her with 354.26
lbs. The value of her butter-fat was
\$88.57, leaving a profit of \$59.43.
This was the largest profit for butter
production of any cow in the herd, and
\$7.65 greater than that of the second
best cow. From the standpoint of milk
production, it was seen that she had
produced milk worth (in accord with
the test rules) \$75.49, leaving a profit
of \$46.35.
