

## Extra Serviceable

These 8, 12 or 16 h.-p. engines are extra strong and rugged, because intended for use under the hard conditions often met with on the farm.

The engine illustrated is one of the famous

## "Bull Dog" Gasoline Engines

which are constructed especially for outdoor work. Drop a postal to our Canadian agents for our catalogue. It shows the different styles of "BULL DOG" Gasoline Engines, and explains their construction in detail.

**Bates & Edmonds Motor Company**

Lansing, Michigan

General agents for Canada:

Toronto, Ont. St. John, N. B.

## No. 65 Magneto Telephones

This is our standard rural line instrument, of which there are at present several thousand in use in Canada, some of which have been in service more than six years.

You will make no mistake in equipping your lines with CENTURY telephones.

Remember, we will send two instruments on 60 days' trial and prepay the freight, you can't lose on this proposition.

Our prices are right and deliveries prompt.

Your request will bring catalogue and quotations.

## 160 Acres of Land for the Settlers

Large areas of rich agricultural lands, convenient to railways, are now available for settlement in Northern Ontario. The soil is rich and productive, and covered with valuable timber.

For full information regarding homestead regulations and special colonization rates to settlers, write:

**The Director of Colonization**  
DEPARTMENT OF AGRICULTURE  
TORONTO.

Ever notice the construction of an old barn? It makes you smile to think of the enormous timbers that were used, and you wonder that the barn did not topple over of its own weight. Ever notice the construction of your own barn? Is it up to the modern standard? Could a neighbor put up a barn that would make yours look years behind the times?

How about your new barn? Have you gone into the matter so fully that ten

years from now you will not be sorry you did not use a better form of construction? Will it be lightning proof, fireproof, have sufficient ventilation? How much room will you allow for each horse, cow, or sheep? Where is the best place to keep roots? How will you arrange hay and ensilage chutes so as to allow for easy mixing and feeding?

No matter how large or small your barn requirements are, no matter for what purpose you require a barn, you will find full particulars (with plans, specifications and minute descriptions) given for that barn in the new book, "How to Build a Barn." This book is free for the asking. It is right up to the minute, and in addition to plans and specifications, has many new points about barns that will be full of interest for any farmer. Write for it to-day—a post card with your name and address will do—or fill in coupon and mail it.
