

the increase in Zion's Hill, was also very pleasing. Including the collection last evening the school has contributed \$132 in aid of missions during the past year.—Telegraph.

The Cadiz ladies have cleaned out the saloons. The Cadizians had a jolly time, the other day, selling off the effects of the late one. The proceeds of the sale were devoted to the furtherance of the good cause. The "Relief" brought "fabulous prices"—an old funnel \$15; a pint flask \$11; a corkscrew \$7, &c.—Am. Exchange.

GOOD PRICE FOR SHIPPING.—One sixteen (4-64) of ship Edgar, 1116 tons, of this port, was sold at auction by Messrs. Wm. Law & Co., on Saturday last, for \$3225, or at the rate of \$47.67 per ton. T. B. Flint, Esq., was the purchaser. The Edgar is one year old, and is commanded by Capt. Joseph J. Brown.—Yarmouth Herald.

Editorial Notes.

A SERMON, next week, from the Rev. D. D. Currie, will appear in our columns. Mr. BROWN'S FAMILIAR has been ordered from England. Immediately on its arrival we will forward to fill our numerous orders. BREVIA LESSONS.—These did not come to ourselves, or to any one from whom it could be obtained, in time for our present issue. The Lesson for Sunday 5th April is on the Ten Commandments.

GARDENER'S COMPANION.—We direct attention to Mr. Hall's advertisement. The book is an admirable manual on Gardening. The art of cultivating vegetables &c. is not studied as it should be. This book will be a great assistance.

SACKVILLE CHURCH.—The advertisement calling for Tenders for the building of a new church is under way. We are heartily glad to see that the project is under way.

TEMPERANCE HALL LECTURE.—Rev. Mr. Latham's Lecture on the New York Temperance Room, was repeated on Friday evening. The citizens say that it was a most interesting and instructive address, containing many beautiful and eloquent passages, and evincing a complete and thorough knowledge of the "vice and duty" of business transactions. Many of Mr. Latham's suggestions might be adopted in this community with very general advantage.

RECH STREET LECTURE.—During the past few weeks a short course of lectures under the direction of the Brunswick street mission, have been delivered at the new building at Rech St. The object of the lectures has been to provide instructive entertainment for the families in that vicinity, and to centralize some of the interest of the community. At the request of the committee we consented to deliver the closing lecture of the course, on Thursday evening last. We were pleased to find a large and thoroughly attentive audience. We hope that the other arrangements for carrying on the work of the Church and mission school may be accompanied by an equal measure of success.

DORCHESTER, March 28, 1874. DEAR MR. EDITOR.—A very distressing calamity has recently occurred in this community, by which three persons have lost their lives. Last Saturday evening the ferry boat, under the management of Mr. Wm. Latham, was upset, while under sail, near the Dorchester Island. All aboard perished. Alexander McNeil, the ferryman, leaves a widow and six children. Thompson was a married man, and Charles Crawford was unmarried. The last named men were mechanics belonging to the Rockland shipyard. Neither the bodies of the missing men nor any tidings of the boat have been discovered as yet. W. McCARTY.

NEWS IN BRIEF.

NOVA SCOTIA.—Seven boys were fined \$1 each in the Police Court last night, for carrying about street corners on Sunday. Several young men paid \$5.—A NEW STEAMSHIP ENTERPRISE.—The Legislature of Maine has passed an Act incorporating the Maine Steamship Company, with a capital of \$100,000. The Company intend to establish a line between Eastport, Maine, and Annapolis, Digby.—CHRONICLE.—The Halifax County Sessions have increased the rate of liquor licenses from \$25 to \$40.—The city fire alarm telegraph is now in working order. The sum of \$19,556 was received for duties at the Halifax Custom House in one day.

MAJOR DANIEL, an interesting daughter of Mr. Edward Daniels, about eight years of age, residing on Pine street, died from the effects of jumping rope, on Tuesday last. We learn that she jumped two hundred times in succession, which was followed by sudden illness, resulting in death. The practice of rope jumping to see how many times one can jump without stopping, is exceedingly dangerous, and it behooves parents and teachers to caution the children against indulging therein. A little of this exercise will do very well, but if carried to excess it is sure to produce injurious results.—Cap. Berton Advertiser.

On duty, that a discharged soldier named Joseph Robinson has fallen heir to a small sized fortune. A schooner which arrived from St. John to duty, brought 3,013 kegs nails from the factories there. The schooner was in that district. The report makes much among men and women in the prime of life.—A few days ago a lad named Randolph, employed as driver in the Lingam Mines, had the end of a shaft driven into his mouth and through his chest, taking two teeth with it and injuring the liver. A horse attached to the shaft started and caused the accident.—The "native" is cleared from a large portion of the harbor and the day is clear. The morning breeze, to the southward.—North Sydney Herald.—Rev. Mr. Shaw of Glouce Bay, administered the temperance pledge to about 200 applicants at Bridgport on Sunday last.—Cap. Berton Advertiser.

NEW BRUNSWICK.—Police-men and Boiler makers are demanding higher wages in St. John.—A young man named Boyd, who was talking with his sister across Humphrey's Lake near Panise Junction, fell through and was drowned. The new railway offices are just being completed at Moncton. The building is fifty feet square and four stories in height. Mr. BOYD'S LECTURE ON "Who Giveth this Woman?" drew an immense audience to the hall of the Reformed Presbyterian Church; but as it was soon evident that the hall would not accommodate the audience, the lecture was delivered up stairs in the church. Rev. Mr. Stacey presided. The audience was delighted with the lecture.—Id.

From CHARLES F. E. SHIERA, Druggist, Portland, N.B.—I have used Graham's Pain Expeller in a severe attack of Neuralgia, and believe it to be invaluable in cases of that kind. Since using it myself I have recommended it to some of my friends, and in every case it gave the greatest satisfaction. I have known it to cure when Chloroform and Morphine failed to ease the pain.
