PAQUET FURS

The Connecting Link Between Trapper and YOU

CANADA'S Largest Fur Factory is the connecting link between the trapper and YOU. Here we manufacture the famous PAQUET FURS, which are recognized as the Standard of Quality from Halifax to Vancouver.

And when we say "manufacture," we mean just that. We do not buy the skins, ready dressed and dyed, and make them up at an enormous expense which YOU must help to pay. If we did, we'd have nothing unusual to talk about. We buy the skins in the raw, dress them and dye them ourselves, and then make them up in our own workrooms. This is the ONLY Fur Factory in AMERICA where every process, from the dressing of the raw skins to the finishing of the Fur Piece or Garment, is in operation under the one roof.

We employ only the most modern processes of dyeing and finishing. Every member of our vast army of workers is an expert in his line.

This is because Fur has been to their fathers and grandfathers what it is to them—a life study. It stands to reason that with all our advantages we should turn out the very best Furs on the Canadian market, doesn't it?

And that we do is testified to by thousands of Canadians who have spent, up to date, more than EIGHT MILLION DOLLARS FOR PAQUET FURS. Quite a tidy little sum, isn't it?

And, what's more, every one of these purchasers is a satisfied customer.

In the past PAQUET FURS have been sold through the leading Fur Stores of Canada. The demand has now reached a point where more adequate distributing facilities are an absolute necessity. For this reason, we have decided upon this new policy of selling direct to YOU at wholesale prices. This will enable us to keep our immense Fur Factory running at full capacity all the year round. It will also enable YOU to buy your Furs at the lowest prices ever known in Canada.

Heart to Heart

This is a department which is conducted for the benefit of our readers. The chief feature is the great variety of thought expressed. No contributions for this department are solicited, and none are paid for. They are all free-will offerings from the hearts of The Guide readers. It does not seem right that readers should be denied the privilege of perusing some of the letters which the editor receives, so they are here presented.

STILL WITH THE FARMERS
 I have retired from the farm and am living in Edmonton, but my heart is with the farmers and your paper also, and wish you every success. Your paper has done more for the farmers than

any paper in Canada. Please find enclosed one dollar for renewal.—D. B. Wilson, Edmonton, Alta., July 11, '11.

GUIDE MEANS LIFE
 You have stopped my paper. There may be some ignorant farmers who can live without The Guide. I thank the Lord I am not one of them. I have kept every copy since the first issue, and do not want to miss any of them so please send the last two issues and continue to send the ensuing numbers, and in a month's time your dollar is there. If you will permit me to say so I doubt your policy of cutting off subscribers so sharply for non-payment. This, as you know is a country of fat and lean years and very often in a new district such as this is a fat year may be a hard one, owing to the wolves of finance being more hungry.—D. Blain, Minotona, Man., July 4, '11.

A GREAT EDUCATOR
 I wish The Guide every success. Every farmer in the Dominion should be a subscriber, the Eastern provinces as well as the western provinces. There

will surely be work for the old British bayonet to do if The Guide is not scattered from one end of the Dominion to the other. The masses will not put up with the rascality of the combines. The Guide is a great educator. The people have a far better way than the bayonet to right their wrongs—the ballot. But they must be told how to use the ballot, and that is to vote for farmers in both Dominion and provincial elections. You can see the schemers are putting up lawyers and doctors for both houses wherever they can. The farmers of Ontario, through the patrons of industry movement, thirty five years ago, gave Ontario the best laws that have ever been put on the Statute books of that province. The movement did good and the trusts had to stand aside for thirty years, but they are blighting that province again with their cement merger and furniture combines and now implement combines.—Norman McLean, Regina, Sask., July 17, '11.

PAYS TO ADVERTISE
 Enclosed find check for to pay for ad. Please discontinue ad for the present and accept my thanks

for it has been very successful. The Guide is liked very much in this part of the country. We think it is the only farmers' paper. So keep up the good work.—R. A. Wilson, Dewberry, July 18, '11.

A GOOD START
 Being a young farmer advised this spring from England, am very much taken with The Grain Growers' Guide which I consider to be one of the best papers for the Western farmer. I am sending you a dollar which is a year's subscription, I believe, and shall be glad if you will forward it to the above address every week from now on and greatly oblige, G. Graves, Purves, Man.

DOING GOOD WORK
 I must say that I believe that you are doing good work for the farmers of the West and trust same may continue until we are freed from the bonds that hold us down at present. Hoping to do a little towards helping the good cause, I am, yours truly, W. E. Ashmore, Invermay, Alta., July 25, '11.
