#### LIVE STOCK MARKETS TORONTO.

The enormous resources and development of the Ontarjo cattle trade was again borne in upon the commision houses and the big packing companies at the Union Stock Yards yesterday when receipts aggregating in all 184 carloads, consisting of 3545 head of cattle, and ther live stock were offered for sale. It was a big run, larger than was anticipated, and while there was an easier tendency and a general falling off in prices, averaging from 29e to 25e per cwt. there was a good d mind at the market, ind one of the best cleanups for a Monlay in some time. On the whole, the market was a satis-

On the whole, the market was a satisfactory one, steady with hist Monday's best prices, and as stated from 20e to 25c lower than Wednesday and Thursday's quotations. Practically all the stuff was grass fed with the exception of one or two loads and these by comparison commanded fancy prices.

(The decline was for the most part conlined to the medium and common butchers' cattle, but would average up as stated. Bulls, stockers and feeders were not in good demand early in the market, but later the trade brightened up, cleaning out practically everything.

B i Ay summ riz d there was a good demand for steers and heifers, showing finish and good duality, while medium and common grades of cattle were 25c lower. Altogether, considering the big run, it was a satisfactory market.

Choice spring lambs sold yesterday at from 15c to 16c per lb., yearling lambs, 10c to 11c; light handy sheep 9c to 94c, and heavy fat sheep and bucks from 7c to 84c per lb. The sheep trade was steady, but spring lambs were lower .by from \$1 to \$1.50 per cwt. than last week's prices.

Hogs were fairly steady at last week's prices, 16½c lb., fed and watered, tho the market was inclined to weaken off at the close on talk of a further cut in quotations.
