Among other subjects treated of in this number, are: The Hygiene of food; Typhoid fever and City Well Water; Diseases which seem on the increase; To avoid Infection; Tobacco poisoning; Public Health Statistics in Ontario, etc. Were the Health Journal a regular visitor to every Canadian home, and the information which it contains duly heeded, there is no doubt that the public health would be materially improved.

Concert—The Concert held in the Osborne hall on Friday evening last under the auspices of the C. M. Church choir was a marked success. A numerous and respectable audierce testified its approbation by warm and repeated applause, as varied pieces of music were rendered in the highest style of execution. Much credit is due to Mr. Sarvis and the choir and the friends who gave their musical services on this occasion. Dr. Phip filled the chair with efficiency. Mr. Bradley kindly furnished the piano. The order was unexceptional, and the entertainment gave general satisfaction.

In the Railway Committee of the Local Legislature on Friday morning the bill to amalgamate the Port Dover & Lake Huron, the Stratford & Huron, and the Georgian Bay & Wellington Italiway Companies, as the Grand Trunk, Manitoulin, Georgian Bay and Lake Erie Railway Companies, was considered. Mr. Idington appeared for Stratford and County of Perth, which had voted \$70,000 to the three lines, on the ground that one of the conditions on which the bonus was granted was that the lines were not to amalgamate with the Grand Trunk Railway. Col. Tiedale said the Bill did not propose new legislation, but merely emphasized old enactments so as to facilitate the sale of bonds. Mr. Pardee said that the Bill should pass, which is did by a large majority of the Committee.

Mr. Forbes' Lecture.—A highly intel gent and numerous audience assembl in the Osborne hall on Tuesday evening to listen to Mr. Archibald Forbes, the distinguished war correspondent. J. W. Scott, Esq., ex-Mayor, was called to the chair, and introduced the lecturer. Mr. Forbes proceeded to unfold the narrative of his life as a war correspondent, which he told in a very unassuming mamer. The readers of the Standard lave already been furnished with a sketch of Mr. Forbes' career as a war correspondent, it is therefore unnecessary to repeat it here. Mr. Forbes-eventful narrative, as told in his own modest style, is not calculated to arouse any marked degree of enthusiasm in his undience, notwithstanding the interest which surrounds it. This is in part owing to his aversion of any semblance off egotism—a quality not invariably found in lecturers. The "popular" style of platform speaking is also avoided by Mr. Forbes, which is apt to prevent him from obtaining the sympathies of oils hearers. However, if Mr. Forbes manner failed to impress his audience invoiding the clothed his interesting parrative was highly appreciating. At the close of the lecture a vote of thanks w. Stendered him. The Listowel Court, Ancient Order of Forester, field their annual ball in todorne's hal on thursian night of last speek, the affair passed off very parasately. A number of Foresters were expected from strafford. Through a mistake as to the date, they came up his rodowne evening, and were or course much disapposted.

Thus yerkens to Kill.—Thomas Bridgman, who has lately been resading in the east end of this town, was arrested as few days ago for treatening to kill his wife and father in law. At this late hour an adjournment was made till Thursday morning, when the remaining business was disposed of. The report of the Untario Agricultural Commissioner is to hand, and it is certainly a valuable work. Great care appears to lave been taken in its compilation, and it is amply illustrated with wood cuts. It is to be hoped that the Government having gone to so vast an expense me connection with the Commission will see that the reports are well distributed among the Jarming community.
