**NEWS FROM NORFOLK COUNTY**

**NORFOLK COUNCIL HAS CONCLUDED**

**January Session Closed at Simcoe on Saturday Morning**  
**WOULD KENNEL DOGS Council Favored Preventive Action During the "Dog Days"**

(From Our Own Correspondent.)  
Simcoe, Jan. 28.—In a three-hour session held Saturday morning commencing at 9 o'clock, the County Council cleared the slate. Chairman Duncombe brought in the report of the committee of the whole, which was adopted without amendment. The Legislation Committee reported favoring the Kent County petition re rural registration of electors preceding elections, and the Northumberland-Durham petition for legislation authorizing an increase in dog tax, and the kennelling of all dogs from sunset till sunrise during September, October and November. The report was adopted and the Warden and Clerk directed to sign and forward both petitions. The Printing Committee reported having contracted with the Simcoe Reformer for the 1918 printing and submitted schedule of prices. The Education Committee reported complimenting P. S. Inspector H. Frank Cook, B.A., on his having made more visitations of schools than required by regulation and this, although he had given many times to patriotic work that Inspector Standing's report was not to hand and that no representative be sent to the Provincial Trustees' convention.

**To the Capital.**  
The Warden and Engineer Marston were appointed to go to Ottawa re the Port Dover bridge, at the same time that the Dover dock delegation be sent to the Legislature. The Roads and Bridges Committee noted the necessity of revising the bridge schedule since the county good roads system had taken over some of them. The report recommended very little new work.

**\$5,000 a Month.**  
The Patriotic Fund grant remains at \$5,000 a month, \$2.22 per capita of population. The Government asks for \$2 per capita over all Canada. The payments will be made from overdraft at the bank for all previous funds of the \$150,000 debenture issue are gone. It is possible that Council may make a direct levy of \$30,000 to reimburse the debenture fund account and \$30,000 additional to make up \$60,000 for the year.

**Not a single member** throughout the week's sitting mooted a third \$75,000 loaning up, and there is a decided objection to increasing the county's debenture debt. Some members claimed that it is not as easy to raise the money now as it will be to raise one after the war is over and prices drop, and they favor the extra direct levy of 4 1/2 mills to have done with the matter.

**The Veteran Clerk.**  
It would be remiss to conclude without a word in recognition of the efficiency of the veteran County Clerk, Elias Sheehy, whose systematic handling of the various reports, orders, by-laws, etc., prevents anything being overlooked and is so thorough that ten minutes after the session concluded the copy for the printing of the minutes is ready for the printer.

**Farmers' Co-operative Elects Directors**  
The co-operative movement among Norfolk County farmers had developed to such a point at the meeting on Saturday that some \$7,000 of capital notes had been signed and permanent directors were balloted for with the result that the directors of 1918 will be made up of: Reseach, Glover and Hall; Townshead, J. Wallace and Horace Kellum of Windham, W. A. Bowyer of Walsingham, Frank Shearer of Charlottetown, and Perry Snowden of Woodhouse. The directors meet to-day to appoint officers.

**It appears quite evident** that this movement will be carried on to a successful development as is usually the case when Norfolk farmers unite in any agricultural movement. **Odd Ends of News.** John Knott was taken to the hospital at Hamilton on Saturday in charge of an officer. The S. S. collection of \$39.08 at St. Paul's yesterday was designated for the Armenian relief fund. I.O.D.E. headquarters are on to-day at the Great War Veterans of Norfolk received a grant of \$100 from the County Council in recognition of the interest the branch is taking in the reception of returning soldiers.

**Chicken thieves operated at the Norfolk House** stables Saturday evening. The gas pressure was low in some districts of the town yesterday. **From Overseas.** Word has been received that Messrs. Kitchen, Neill and Russell all married men overseas in service from Simcoe, expect to be returned home in the near future. Pte. N. A. Kelly writes The Courier here to say that he expects to be sent back to Canada at an early date, and he assures us he will visit Simcoe. Norman came over from Buffalo to enlist in the 123rd. He

**SOLDIER VOTE IS SOLID FOR UNION**

**Simcoe Soldier Writes—The Election and Going Over The Top**

Simcoe, Jan. 28.—(From Our Own Correspondent.)—Writing under date Dec. 17th, 1917, from the Canadian Militia camp at Baslington, Kent, Co., England, to his sister Mrs. R. Reid, of Lynedoch, Pte. Clayton Bowyer, of Walsingham, son of W. A. Bowyer of Simcoe says in part: "We had our first snow fall last night, about half an inch, but everything looks better for it. It makes one feel as if I would like to be out hunting rabbits again as everything is just right for it. I only hope that it will keep on for Christmas."

**Divide Rations with Prisoners.**  
If we capture a lot of prisoners, we have to go short of rations for a few days. The rations are used to feed the prisoners. The less prisoners we take the more rations we get. It sounds pretty cold-blooded, but nevertheless, it is true. **Prefers Good Over.** If I had my choice I would prefer going over the top any day to having "forty come articles" as there is always a pounding before he comes and when he is through with you, sometimes you do not know which one you are standing on. I am glad that the nerves were good as I could take everything very easy and it did not fester me much. **Chip Off the Old Block.** The war loan was advertised in this hospital and as I had a little over \$100 to my credit, I took a \$100 bond. I have not heard from Rex for quite awhile. The mob that he is in doesn't go in the lines during the winter, but are back behind."

**The Elections.**  
To-day is a busy day in the Dominion, and by the Voters' Act you have a vote. I hope that you make good use of it, and back us up. I voted for the Conservative party, and I hope the government will get it. **Pretty Hard Up.** The opposition must be pretty hard up to put on an election now. I was in the hospital when the election was held, but some politicians are not satisfied unless they are fighting over something. If they want to fight, France is the place for them. I have not run across a soldier yet, but who says that he is voting for the government. Even the French Canadians are supporting it. I have heard of them and not a lot of them are. An officer at this hospital was kicked out until all had voted because he was canvassing for Laurier and 'bourras' in uniform. He said that way, and calling himself a smartly, I hope that Laurier gets beaten so badly that he will not dare show his nose again. **What do you think about it?** I am glad that the younger generation is killing this party business and voting according to their beliefs. **Recovering.** I never asked the doctors about my jaw, so cannot give you their opinion. I don't think that it will be quite the same, but it will be as good as new. One can hardly get to bed at night in my face now. Of course a small ear will be left. It runs from the left corner of my mouth downwards and ends in the centre of my chin. Part of the cut healed up where it was not so deep. It is caloused, and will take a little time to come round. **Good Luck.** The English people take the war very calmly and so far as I can see, are confident of the outcome. You asked whether I was ever over the top before. No, I haven't been and this last time I was not in the first line. I was in the support line, but do not imagine that going over the top is the worst thing those who go over first are the best of because they are up and away before Fritz gets to get his barrage on them and so they miss it. All they have to contend with is what may be left in his trench after his artillery has played upon it. **Second Wave Over.** The English people take the war very calmly and so far as I can see, are confident of the outcome. **GAOL BREAKERS ARE RECAPTURED**

**Two Are Again Behind Bars In Simcoe—Confessed To Theft**

(From our own Correspondent.)  
Simcoe, Jan. 28.—George Cooper and Basil Breckenbury, two of the three prisoners who escaped from gaol here early on Thursday morning, were recaptured to cells by Turnkey McNally and Chief Canine at 10.30 this morning. They had been to Port Rowan and had returned by train to town. They were captured and picked up near North Queen street. During the afternoon the Turnkey and County Constable Oscar Clark drove out some fourteen miles to the lake shore road east of St. Williams and picked up James Cooper, the third fugitive at the home of his father-in-law, returning to the castle at about six o'clock. Cooper, when approached, left the house and struck for the gate care-headed, but as he got his barrage on them and so they miss it. All they have to contend with is what may be left in his trench after his artillery has played upon it. **General Confidence.** The English people take the war very calmly and so far as I can see, are confident of the outcome.
