

Why Ford Predominates

Proof that Ford predominates is to be found in the fact that 50 per cent of all cars in Canada are Fords.

Ford predominates because it supplies the essentials of adequate, economical transportation.

Ford has been the pioneer in the automotive industry; has blazed the trail in every fundamentally sound transportation principle.

Ford service is an outstanding example of Ford predominance. Authorized Ford service is to be found wherever motor cars are used—always capable, business-like and prompt.

More than 4,500 service stations in Canada are assurance of this.
