The house and lot now occupied by Leonard Houghton at Halls Harbor.
 W. E. ROSCOE.
 Kentville, N. S., April 25, 1916.

Minard's Liniment Cures Burns, Etc.

MOTHERS WHO KNOW

say there is nothing can equal Zam-Buk for their children's skin ailments and injuries. Nothing is so soothing or so quickly ends pain. Being entirely free from poisonous drugs and animal fats, Zam-Buk is suitable for the most sensitive skin—even the skin of a baby.

Mrs. J. Knox, of Pine Creek, Man., writes: "I should like to recommend Zam-Buk to all mothers. I consider it an invaluable household remedy—particularly where there are children. My little daughter had a rash break out on her wrists and hands during teething, but frequent applications of Zam-Buk kept the skin soft, ended the irritation, and very soon the rash was completely cured."

Zam-Buk is equally good for eczema, ringworm, old sores, ulcers, abscesses, blood-poisoning, piles, cuts, burns, and all skin injuries. 50c. box, 3 for \$1.25, all druggists, or Zam-Buk Co., Toronto.

Send 1c. stamp for postage on free trial box.

ZAM-BUK

LEAD, KINDLY LIGHT

Lead, kindly light, the bells are softly telling;
 Till night be gone;
 In many a heart the silent song is welling—
 Leading Thou me on;
 Oh, bells! That sing the hymns my mother sung—
 Oh, bells! That sing the hymns my mother sung—
 Lead Thou me on!
 Life's cup I left, with braver lips to drain it;
 For that ye sing;
 My cross I kiss, nor may I dare disdain it.
 Oh, bells! Ye voice the voice of one passed on!
 Oh, bells! Till night be gone—till night be gone!
 I hear the grasses 'o'er a dead face growing
 Beyond your song;
 From out the year, my mother's sweet eyes showing—
 And night is gone;
 Oh, bells! That sing about the rain and cold!
 Oh, bells! That sing 'ajar the gates of gold!

Lead, kindly light, the bells are softly pealing—
 Lead Thou me on;
 A child again against her heart-beats kneeling—
 Till night be gone;
 Oh, bells! Till night be gone—lous story on—
 Oh, bells! Till night be gone—till night be gone!
 —Louise Dunham Goldberry in Canadian Baptist.

MARITIME MEN BORE THE BRUNT OF HUN ATTACKS AT COURCELETTE

London, Sept. 25—Nova Scotia and New Brunswick battalions bore the brunt of the fierce counter attacks which the Germans made at Courcellette. Once the enemy managed to gain a foothold on the outskirts of the village, but after an hour's hard bombing they were driven out. A wounded maritime officer just arrived in London describes the repulse of these onslaughts as the toughest he has been in during three days fighting. The Huns seem to have supreme contempt for death, he said. "Our machine guns decimated them, but others pressed on, though in bayonet fighting and clubbing they were no match for the Canadians who had tasted the glory of victory in the offensive."

BERLIN PUBLIC STUNNED BY ZEPPELIN LOSSES

New York, Sept. 25—A news agency despatch from Geneva today says:
 Loss of the two Zeppelins in Saturday night's air raid on England has stunned the Berlin public. Swiss correspondents in the German capital telegraphed today.
 No recent reverse on the battlefield has had such a depressing effect on the German people the correspondents reported.
 The two Zeppelins are understood to have been among the new aircraft turned out recently at the Friedrichshafen factory.

Roumanian Troops Won Victory Over the Teutons

Bucharest, Sept. 20—Roumanian troops have won a victory over the main Bulgarian, German and Turk forces in a battle at Enigae, Dobruja. It was officially announced. The fighting continues.

London, Sept. 20—Serbian troops have advanced to within seven miles of Monastir and are engaged in sharp fighting with the Bulgars, said a National Athens despatch today.

The Bulgarians have been driven from one trench position after another, much fighting is going on in the open. For the first time since the war in the Balkans began, cavalry are engaged at several points, along the serbo-Greek front.

A Central News despatch said it was learned from reliable sources that the Germans and Bulgarian staffs had left Monastir.

POTATO PRICES ARE GOOD

C. W. McKeen, manager of the Maple Leaf Fruit Farm and Produce Shipping Company, Canning, is in the city. Mr. McKeen's company is one of the largest shippers of potatoes from the valley to the Cuban market. "There is a good crop of potatoes," says Mr. McKeen, "and the prices are ruling high. Speculators are now paying \$1.75 per barrel, and the companies are hoping to receive even larger returns for the shipments they are making. So far as our members are concerned they have a very light crop of apples."—Herald.

WORKMAN INJURED ON OLD AVON BRIDGE

Michael Pettipas, Windsor, a workman on the work of removing the old railway bridge across the Avon River had the misfortune to meet with a serious accident Monday morning. He was struck by a piece of iron sustaining a compound fracture to one of his legs. He was removed to the P.M. Hospital.

Four 112th Officers Saw Hun Zeppelin Brought Down.

A rare sight was witnessed by Major Parker, Lieut. Lithgow, Sergts. D. Cochran and A. P. Dill, of the 112th Battalion, when in London a few days ago, it was the occasion of the bringing down to earth of a monster enemy Zeppelin flying over London. "Jimmie" secured a button from the uniform of one of the crew and Don got away with a souvenir picking off the radiator.

Chicago had a great fire. Her citizens determined to make a greater Chicago. It was not her strategic position that made her great but the determination of her leaders of industry. They thought of Chicago. They worked overtime for Chicago. Brains teamwork and energy will do for Canada what it did for Chicago.

Let those of us who remain at home keep our end up with the men in the trenches, and prepare for them where they return.

The thorough-going extent of the censorship set up by England and her allies as the result of the war was brought home to the film industry, when a decree was signed in Ottawa permanently barring from exhibition in Canada the 5-part Vitagraph feature "The Suspect." This film was condemned because of its obvious reflection upon the Russian political system. The V. L. S. E. representatives are planning to resubmit the picture to the Board of Appeal at Ottawa. Australian censors are also busy. The "Kiss of Hate," (Metro) starring Ethel Barrymore, is held up. They contend that it shows Russia, a British ally, in an unfavorable light.

Mr. James Toney has moved from Kentville and resides at Lake George where he can be found by any person who desires his services as a hunter or guide.

RELIEF FROM INDIGESTION
 The Most Common Cause of This Trouble is Poor Blood

All conditions of depressed vitality tend to disturb the process of digestion. There is not a disturbed condition of life that may not affect digestion. But few causes of the trouble are so common as thin, weak blood. It affects directly and at once the process of nutrition. Not only is the action of the gastric and intestinal glands diminished but the muscular action of the stomach is weakened. Nothing will more promptly restore digestive efficiency than good, red blood. Without it the normal activity of the stomach is impossible.

Thin, pale people who complain of indigestion must improve the condition of their blood to find relief. The most active blood builder in such cases is Dr. Williams' Pink Pills. They make the rich, red blood which quickly restores the digestive organs to their proper activity, and the dyspeptic who has hated the sight and smell of food now looks forward to meal time with pleasure. As proving the value of Dr. Williams' Pink Pills in curing indigestion Miss Edith M. Smith, R. R. No. 4, Perth, Ont., says: "I can honestly say I owe my present good health to Dr. Williams' Pink Pills. My stomach was terribly weak and I suffered from indigestion and sick headache, and was always very nervous. I was troubled this way for nearly three years, and in that time took a great deal of doctors' medicine, which, however, did not help me. I could not eat anything without experiencing the most agonizing pain. My sick headaches were most violent and I could not rest night or day. I was asked one day by a friend to try Dr. Williams' Pink Pills, and consented to do so. After taking them some time I found they were helping me, and I continued to take them steadily for several months, until I found that I was completely cured. While taking the pills I gained both in strength and weight, and I feel it impossible to praise Dr. Williams' Pink Pills too highly."

You can procure these pills through any dealer in medicine or by mail, post paid, at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ANOTHER GAIN FOR THE BRITISH

London, Sept. 26—The British troops have captured the villages of Morval and Lesboeurs, together with several lines of trenches on a six-mile front between Comblès and Martinpuich, south of the Ancre river, says the official report from British headquarters, issued about midnight. This front was penetrated to a depth of more than a mile. Many prisoners were taken and heavy losses were inflicted on the Germans.

It is reported from New York that a combination is being formed headed by the Shuberts and the Wm. A. Brady Co., together with 20 other theatre magnates, who have pooled \$2,000,000 for the purpose of organizing 50 stock companies to fill engagements during the coming fall season. The object of the new move is to produce high class shows at as little cost as possible in order that the public may be enticed away

Dr. Leslie T. Allen formerly of Kentville but now of Lethbridge, Alberta, reminds us for his newspaper subscription this week He is making sure of getting his newspaper for some years yet at the one dollar a year rate as he has paid in advance to November, 1918. Others who wish to save 50 cents a year on their subscription should pay one or more years in advance before the end of October.
