Formula of Mi-o-na Made Public, Cure For Stomach Troubles.

Our leading druggists are very apxious to have Mi-o-na, a remedy which they sell as a cure for stomach troubles, tested rigidly in every case of heart-burn, acute dyspepsia, wind on the stomach, loss of appetite, annoying dreams, sleeplessness, general weakness and debility, or where the digestive organs do not act as they should.

Mi-orga is

where the digestive organs do not act as they should.

Mi-o-na is composed of bismuth subgallate, by all odds the very best medicine known for intestinal diseases. It combines with the free sulphur compounds in the bowels forming a black substance which is passed off from the body without harm. It also has a soothing effect upon the nerve endings in the stomach.

With this is combined cerium oxalate, a standard remedy in the treatment of all irritations of the stomach and digestive organs.

Sodium bicarbonate is then added to overcome the excessive acidity usually present in stomach troubles, and nerve-strengthening powers.

This combination of reliable remedies makes Mi-o-na a positive cure for all stomach troubles, and, perhaps the only one that can be sold under a guarantee that it costs nothing unless it cures.

A large box of Mi-o-na tableta is

A large box of Mi-o-na tableta is sold for 50 cents.
If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, postpaid, on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The R. T. Booth Company, Ithaca, N. Y.
