Most Thorough College in Maritime Provinces.

Acadia College, a department of Acadia University whose advertisement appears in this issue, has just sent us its 72d annual catalogue, replete with interesting subjects to the young man or woman seeking a thorough education at moderate cost. Acadia College, a time honored institution for the education of practical young men, to see whose graduates have achieved real success. Thorough scholarship and high character are equally developed among whose numerous students.

The college is ideally located at Wolfville, Nova Scotia, a town where the very atmosphere is permeated with the educational spirit and the students breathe in from these very monuments a culture that is lasting and sublime. The catalogue states that 'last year's enrollment was 230, and the graduating class the largest of any college in the Maritime Provinces' a faculty of 25 teachers offers courses in 3 departments, viz.—1. Arts and Sciences; 2. Applied Sciences; 3. Theology—leading to the degree of B. A., B. Sc., and B. Th. respectively. In applied science there is a full staff of professors and modern laboratories, so that engineering work is thoroughly done. Acadia is the only college in the Maritime provinces which has a professor of Latin and one of Greek, so that thoroughness is a word to conjure with. The appointment of Prof. Spinks completes the theological staff.

Any reader interested in Acadia College should write to Geo. B. Cutten, Ph. D., president, Wolfville, N. S., for a copy of the catalogue. The cost to students is moderate. There is a fine athletic equipment and the atmosphere is both beautiful and beautiful.

C. H. BORDEN WOLFVILLE.

Did You Ever Think of This? .. MAN ..

comes into the world without his consent, and leaves against his will. During his stay on earth his time is spent in one continuous round of contraries and misunderstandings. In his infancy he's an angel, in his boyhood a devil, in his manhood he's everything from a lizard up. In his dotage he's a fool. If he raises a family he's a chump. If he raises a cheque he's a thief, and the law raises cats with him. If he's poor he's a poor manager and has no sense. If he's rich he's dishonest but consider a smart. If he's a politician he's a grater and a crook. If out of politics an undesirable citizen. If he goes to church he's a hypocrite. If he stays away he's a sinner. If he donates to foreign missions he does it for show. If he does not he's stingy and a tight wad. When he comes into this world everybody wants to kiss him. Before he goes out they all want to kick him. If he dies young there was a great future before him. If he lives to a ripe old age he's living to save himself. Life's a darn funny thing isn't it? All these troubles over-me if you deal at the

Wolffville Decorating Company's Store. Phone 86. B. G. Bishop, Prop. Salt Marsh lot at Wolfville for sale or to let. Apply to A. V. Pines, Kentville, N. S.

Morse's 40c. Tea For Particular People who want something better than ordinary 40c. tea. If you are one of these ask for MORSE'S. 40c. at all grocers.

Summer Goods! Screen Doors, Lawn Mowers, White Mountain Ice Cream Freezers and our usual assortment of Garden Implements. WOLFVILLE HARDWARE & STOVE STORE.

Personal Mention.

Contributions to this department will be gladly received. Sir Robt. and Lady Weatherbe are at present in Halifax.

Mr. J. D. Chambers is in St. John this week on business.

Miss Kathleen Chute has gone to Kingston, Ont., to visit relatives.

Capt. Rodman Pratt went to St. John yesterday on a business trip.

Mr. and Mrs. August Sherwood returned to Brookly, N. Y., on Wednesday.

Mr. H. G. Lyons, of the Royal Bank, Campbelltown, N. B., is spending a short vacation in Wolfville.

Miss Dorothy Haines, of Freeport, who has been visiting her uncle, Prof. Haycock, returned home on Monday.

Mr. A. DeW. Foster was a visitor, for a few hours, at the Academy last Sunday. He was on his way to Hantsport.

Mr. Evans, of Boston, who has been visiting his brother W. H. Evans and sisters, the Misses Evans, returned to the States last week.

Mrs. S. B. Saunders who has been spending the summer with her mother, Mrs. Cleveland, returned to her home in Quebec last week.

Master Vaughn Henshaw, who has spent the past year in New Brunswick with his grandfather, arrived home Monday and will resume his studies at the High School.

Major N. H. Parsons and family, formerly of Middleton, have moved into the Sawyer house on Highland avenue, recently occupied by Prof. Ringwald. The two sons expect to attend Horton Academy.

Rev. F. J. Bradshaw, B. A., Dr. M. Philip Bradshaw and two children, missionaries in China on furlough, spent a day in Wolfville, guests of Rev. W. L. Archibald. They left for Middleton Thursday to visit relatives.

Mr. and Mrs. P. D. McTavish, of Vancouver, B. C., were in town over Sunday, guests of the latter's sister, Mrs. A. M. Weston. Mr. and Mrs. McTavish were on their way home from Europe where they have spent the past four months.

Mr. and Mrs. F. A. Cates, of Vancouver, B. C., who have been visiting in town, the guests of Mrs. C. P. Wilson, Highland avenue, left this morning for Amberst, where they will remain for a few weeks before returning to their western home.

Mr. Archie Ross, of Baltimore, U.S., is visiting his friend, Mr. Guy Stultz, at the Academy. This is Mr. Ross's first visit to Nova Scotia, and he is very much taken with all he has seen and thinks Wolfville an ideal place for a college, and will come back here next year as a student.

Acadia Seminary Notes.

The Seminary opened Sept. 6. To date the registrations will exceed one hundred and fifty, of which one hundred are residents. It is especially gratifying to have the number of resident pupils approximate so closely the attendance of last year, while the registration of non-resident pupil exceeds that of the same date last year.

Miss Hartley, the vice principal, is on the ground and at work, winning favor and appreciation. The appointment of an additional teacher in Piano and Voice has become necessary. A notable feature is the exceptionally large number of pupils taking Shorthand and Typewriting.

The new, short vamp 'gun metal' stock, Plain toe, Button Boot, Ladies' wear, very stylish at BORDEN'S, Wolfville.

Reciprocity.

After about sixty years experience in business in Nova Scotia, twelve years of this under reciprocity, I should be able to form a correct opinion on this subject. Any man, who was in business during Reciprocity years, 1854 to 1866 will confirm my statement that they were the most prosperous twelve years Nova Scotia ever had. Our population increased and all found profitable employment at home. At its peak the revenue had occurred, our young men and women have been compelled to seek a living in United States, and according to United States statistics there are more Nova Scotians in United States than there are in Nova Scotia, between the ages of twenty and thirty. This is the worst kind of emigration and nothing but Reciprocity will prevent it.

True, business conditions have changed since then, but unfortunately changes have all been favorable to Nova Scotia, as we have had to send all the money we can get from all sources to Ontario and Montreal for flour, feed and manufactured goods. As they buy practically nothing from us we can not get a dollar back. This state of trade will ruin any country. I am confident that every industry in Nova Scotia will be benefited by Reciprocity, and the fruit growers particularly, as the orchards must increase 25 per cent. in value. All apples now in Nova Scotia will advance 50c. per box, as soon as Reciprocity becomes law. This should have been last June and saved fruit growers one hundred thousand dollars on grapestraw alone, this year.

Personally this question is of little importance to me as I cannot expect to live to enjoy its benefits, but I would like to see my native province enjoying prosperity again under Reciprocity. J. W. Sigelow, Wolfville, Sept. 14th, 1911.

Moor's Lintment used by Physicians.

To be sure, it makes the teeth clean and beautiful. It prevents decay.

T. L. Harvey

Fruit Packing Number.

The method adopted by fruit associations in California and elsewhere, of packing their fruit designed for shipment by facing a current of cold air through the loaded cars, is described by J. A. Ruddle, dairy and cold storage commissioner, in the September issue of the 'Canadian Horticulturist', published at Peterboro, Ont. By 'pre cooling' the fruit in this manner it can be shipped longer distances and will arrive in much better condition, thus insuring a much higher price to the producer. 'Commercial box pack up' is another subject dealt with in this number by R. H. Thompson, manager of the St. Catherine's cold storage and transport company. This article is well illustrated, and contains much valuable information for the fruit grower interested in this up-to-date method of handling high class fruit. Illustrations in connection with this article and another by R. M. Wilson, provincial horticulturist for British Columbia, show the different styles of box packs for apples, and the methods of packing.

The possibilities of New Brunswick as an apple producing province, are well set forth in an article by A. G. Turney, provincial horticulturist. Rapid progress has been made in the province during the past few years. A description of conditions in Nova Scotia, and the advancement which has been made in the fruit growing industry of that province within recent years is given in another article by G. H. Vroom, Dominion fruit inspector.

Many other interesting and timely articles relating to fruit, flowers and vegetable growing appear in this number which is called the 'special packing number'. An attractive cover printed in three colors adds much to its general appearance. Fruit growers wishing to secure a copy should apply to the publishers, Mr. and Mrs. J. A. Ruddle, Peterboro, Ont.

HEALTH RESTORED TO THIS FAMILY

Wife's experience with Dr. Chase's Nerve Food led to husband's cure. "Since childhood I was afflicted with rheumatism and sick headache," writes Mr. A. K. Van Wyck, Park Hill, Ont., "and as all the doctors' medicines and prescriptions failed to do me any permanent good, I had lost faith in all medicines. It was by accident that I came to use Dr. Chase's Nerve Food, for it had been recommended for Mrs. Van Wyck and did her so much good that she wished me to try it. I did so, and was surprised at the results. It is now three years since I discontinued the medicine and I have not had any attack of the old trouble. I hope that others may benefit by my experience." The cures effected by Dr. Chase's Nerve Food are lasting because it builds up the system and removes the cause of trouble. 50 cents a box, \$ 1.00 at all dealers, or Edmondson, Bates & Co., Toronto.
