Guelph Horticultural Show.

The regular summer exhibition of the Guelph Horticultural Society was held in the afternoon and evening of Monday. The flowers and plants, fruits and vegetables, were all placed in their positions on the tables by noon. James Goldie, of Guelph, Mr. Holder, of St. Catharines, and Mr. Haig, of Elora, the judges, at once proceeded to their duties. The exhibition, on the whole, may be said to surpass any yet held in Guelph in the month of June and July. The drill shed, in which the exhibition was held, was tastefully decorated with evergreens. The manner in which the plants were placed on the table showed that in the selection of very simple matter as much artistic taste could be displayed as in arranging a bouquet. There were in all six very long and wide tables filled with plants in pots, while one table was devoted entirely to cut flowers and bouquets. One table was devoted exclusively to plants, not for competition, shown by Mr. Barron, Fortis and landscape gardener at the Ontario School of Agriculture. The foliage plants were simply magnificent, nothing equal to them ever having been shown before in this section of the Province. There were twenty varieties of the beautiful colors shown, besides fuchsias of different colors. Twenty varieties of cut spikes of anthuriums were gorgeous in their brilliant colors. A novelty in geraniums was also shown by Mr. Barron in a geranium grafted on a single stock which had three distinct varieties of leaves. One cluster of leaves was a beautiful snow white, others variegated, and others very pretty dark green. The whole collection was an excellent feature in the exhibition. Messrs. Mann, Gilchrist and Sunley also made highly creditable displays in foliage plants. There were many window plants shown, although the specimens were very fine. The display of fuchsias was large, with a few specimens on account of their beauty of foliage and flower. Unfortunately Mr. Fairley neglected to ticket his entries, and the Judges were unable to take them into consideration at all. If they could have been allowed to compete they were exceptionally good. Messrs. Gilchrist Bros. were alone in the exhibit of exotic ferns. The specimens, however, were magnificent. Ferns were very good, and the exhibit of collection of roses was such as is seldom seen at any exhibition, the roses shown by Mr. John A. Wood being particularly worthy of note. Sweetwilliam, single spikes, in some exhibits was good, while others had their chance of obtaining a prize spoiled by having two or three spikes tied together and classed as one. Mr. T. Pallister, Mrs. Hogg, and Mr. Geo. Sleeman had the field nearly all to themselves in the collection of roses. The roses shown by Mr. John A. Wood were of good habit and of magnificent proportions. The bouquets were all very fine. Mr. Mann secured first for table, and Messrs. Gilchrist Bros. first for hand. In bouquets an improvement is noticeable almost every exhibition, and those shown this year surpasses any ever shown before. The judges have a difficult task in coming to a decision in judging the bouquets. Messrs. James Anderson, Thompson and Woodhouse exhibited some very beautiful collections of native flowers. Besides many other fine plants was a cactus, shown by the Rev. B. Torrance.

What fruit was shown was very fine. Few strawberries were exhibited, doubtless owing to the late dry weather. The specimens, however, were very fine. Gooseberries were remarkable for their size, those shown by Mr. Thos. Pallister are considered by those having long experience in gardening to be the finest ever grown in this neighborhood. Some well kept Northern Spy and Basset apples were shown by Messrs. Wm. Benham and Geo. Atkinson. The vegetables shown were few in number but of large growth for this time of the year. Mr. A. A. Baker carries off first for potatoes, onions, beets and carrots. Mr. Geo. Sleeman also exhibited vegetables of large growth, one cucumber shown by him measuring 36 1/2 inches in length. Wm. Hogg and Thos. Pallister also made displays which excited much admiration. From the exhibited prize list the reader has the opinion of the Judges on the matter:—

PLANTS AND FLOWERS.—Greenhouse plants, six, in pots, 6 different varieties, Gilchrist Bros., 2nd T. Tansley, 3rd Jas. Fairley; foliage plants, twelve, Gilchrist Bros., 2nd F. Barron; window plants, four, 4 varieties, E. Parkinson, 2nd W. J. Hill; window plants, two, E. Parkinson, 2nd W. Roper, 3rd J. Inglis; fuchsia, red, in bloom, T. Tansley, 2nd Jas. Fairley, 3rd N. Sunley; fuchsia, white, in bloom, Tansley, 2nd T. Warren; 3rd N. Sunley; fuchsia, double red, in bloom, Jas. Fairley, 2nd N. Sunley, 3rd T. Tansley; fuchsia, double white, in bloom, T. Tansley, 2nd W. Mann, 3rd J. Fairley; fuchsia, in bloom, 6 varieties, in bloom, T. Tansley, 2nd N. Sunley, 3rd W. Mann; geranium, scarlet, in bloom, N. Sunley, 2nd Gilchrist Bros.; geranium, any other color, in bloom, Gilchrist Bros., 2nd J. Fairley; geranium, double, Gilchrist Bros., 2nd Jas. Fairley; geranium, collection, in bloom, 6 varieties, Gilchrist Bros., 2nd T. Tansley, 3rd Jas. Fairley; geranium, tricolor, collection, 12 varieties, T. Tansley, 2nd N. Sunley; exotic ferns, six, 6 varieties, in pots, Gilchrist Bros.; single petunias, two, in bloom, in pots, 2 varieties, N. Sunley, 2nd Gilchrist Bros.; double petunias, two, in pots, 2 varieties, Gilchrist Bros., 2nd N. Sunley, 3rd W. Mann; spikes, foxgloves, three, 2 varieties, Geo. Elliott; roses, four, in pots, 4 var., Gilchrist Bros., 2nd T. Tansley; rose, collection, 12 in number, not less than 4 var., J. A. Wood, 2nd F. W. Stone, 3rd Geo. Elliott, 4th Gilchrist Bros.; sweetwilliams, a collection of plants, not less than 3 varieties, 6 trusses, (SEE NEXT PAGE.)

The Evening Mercury

TUESDAY EVENING, JULY 3, 1877

The Meeting of Reformers To-Night.

We would remind our Reform friends in town of the meeting to be held in the rooms of the Junior Reform Association (over G. B. Fraser's store) this evening at eight o'clock, for perfecting the arrangements for the reception of Hon. Mr. Mackenzie and the other members of the Government on their arrival in Guelph on their way to Fergus. It is expected that Mr. Mackenzie will arrive in Guelph on the Friday evening previous. Most likely we shall have positive word to-night on the subject. We trust there will be a large attendance. A good deal has to be done both in the way of completing arrangements for the reception in Guelph, and in co-operating with the Committee in Fergus.

The Picnic at Fergus.

Arrangements have been made by the Great Western Railway for running a train from Brantford on Saturday to accommodate parties who wish to attend the Reform gathering at Fergus on that day. The train will leave Brantford at 8.30 a. m.; Galt 10.10; Preston, 10.30; Hazelton, 10.50; Guelph, 11.50; Elora, 11.50, arriving at Fergus at 11.30. One fare only will be charged for the round trip. The excursionists, we expect, will return by the ordinary train which leaves Fergus at 5.10 p. m.

Parties coming from Mossboro, Breslau, Berlin and other points on the Grand Trunk West, can reach Guelph at 11 a. m., and by getting off at the Freight Station, can catch the train on the Western, as it is expected the special on that line will wait for those coming by the Grand Trunk.

Reform Gathering at Newmarket.

There was a splendid turn-out at the Reform gathering at Newmarket on Friday. Mr. Mackenzie, Mr. Huntington, and Mr. Cartwright, accompanied by a number of friends, left Toronto on the morning, and proceeded to Aurora, where an address was presented. A procession a mile and a half in length was then formed, and proceeded to Newmarket, which had put on its holiday attire. Mr. Cartwright spoke first, and showed in the first place that the expenditure had increased enormously, year after year, from 1867 up to 1873, when the late Government went out of office; that whatever increase had taken place since this latter date up to to-day, it was owing to the present Administration having been compelled to carry out expenditures over which they had no control, but which they were bound to meet, as their predecessors had committed the honor of the country to such a course; that in the matter of the outlay known as ordinary expenditure, amounting as it does to about seven millions of dollars, for the control and administration of which the Ministry of the day is justly held responsible, instead of an increase, as had happened every year in Sir John Macdonald's time, there had been a reduction. Mr. Mackenzie followed, and dealt with a further batch of the allegations and assertions in Sir John Macdonald's and Dr. Tupper's speeches, devoting his time more particularly to the charges made against Mr. Lafontaine and Mr. Anglin. He also took up the subject of protection, and announced that Hon. David Mills would deal exhaustively with the demand for agricultural protection at an early day. Mr. Huntington met with a most hearty reception, and in the few words he uttered, he carried the audience away with him. In answer to repeated demands he continued speaking a few moments longer, but owing to the want of time had to stop abruptly.

Mr. Hardy was presented with an address on behalf of the Ontario Government and himself. In his reply he expressed the opinion that the country had confidence in both the Ottawa and Toronto Governments.

We notice that at the Council meeting last night an invitation was given the Council to take part in the laying of the corner stone of the new Roman Catholic Church in this town, and also to dine with the Papal Delegate, Mgr. Conroy. Perhaps there is nothing out of the way in asking them to dinner, but we question very much the propriety or good taste in inviting the members of the Council, as such, to take part in the other ceremony; and the acceptance by the Council, as a Council, is equally questionable. In a purely denominational affair like this, the Council which represents all religious bodies, should not interfere, nor take part in it, and we have yet to learn that during Dr. Conroy's visit in Ontario an invitation like this has been extended to any Corporation in their corporate capacity.

The latest English news is important. The London correspondent of the *Scotman* telegraphs:—"It is understood that the wise counsels of the Marquis of Salisbury, Earl of Carnarvon, Mr. Crofts, and others, have at last triumphed over the party of action, and that the Sultan has now little chance of material aid from England." The Mediterranean fleet has gone to Besika Bay. It is stated that it was ordered there after a warm discussion in the Cabinet, whether Britain should not at the same time send a land force of 20,000 men. A Berlin special asserts that a general understanding with regard to certain eventualities has been lately arrived at between the Austrian and English Governments.

Mr. returns for the Gloucester, N. B., election had not been received at Bathurst on Monday night, but Mr. Anglin will probably have a majority of 350.

Fresh marmalade just arrived at Looh & Galbraith's.

A crowded store at noon to-day—the Fashionable West End was literally packed with purchasers.

The Roman Catholic clergy in France have received orders from the Vatican to support McMahon's candidates in the coming elections.
