

SURE DEATH FOR HIM.

Chicago Youth Shoots Himself and Sets His Clothing on Fire. Had Been Accused by His Relatives of Stealing Money.

Cartridges Exploded With Heat, Keeping Off Detectives.

Chicago, Ill., Jan. 29.—One of the most spectacular suicides on the record of the Chicago police occurred yesterday, when seventeen-year-old Adolph Werderitsch, enveloped in a mass of flames, from which came a constant fusillade of bullets, perished under the window of the brothers who alleged unjust accusations drove him to seek his own life.

Young Werderitsch saturated his clothes with kerosene before firing a revolver into his breast. The flashing powder ignited the oil, the flames heated a box of cartridges which were in Werderitsch's pocket to the point of explosion and then the bullets began to fly.

The boy had been accused by relatives of stealing a small amount of money from them. Werderitsch insisted he was innocent, and when he was threatened with arrest he walked the streets for two days and nights, morose and fearful. Then he came back to his boarding house, took a position beneath the window of his accusers, soaked his clothes in oil and fired his revolver into his breast.

At last the shot Detectives Nelson and Flynn, of the Hudson avenue police station, ran toward the lodging house at No. 16 Hinsche street. As the detectives were approaching the lad's flame enveloped body a second revolver shot rang out. Another followed. One of the bullets whistled dangerously near Detective Flynn's head. Safe behind a corner of a building the detectives, paused, drawing their own revolvers. Then, peering out toward the middle of the yard, a splutter of sparks leaping from the centre of the fire, which still blazed up above the lad's body, and a sharp explosion occurring simultaneously told them where the supposed revolver shots actually came from.

At last the fire died down and the last report from the overheated cartridges had died away in the night. Flynn and Nelson cautiously went to the lad's blackened body. Seeing that the danger was over, they rapidly tore the clothing and ashes from the body, but Werderitsch was dead. Beside the bullet fired by his own hand at least two other shots had entered his flesh.

FOR ROUND-UP.

Cowboys to Use Automobiles—Prevents Stampede.

Galveston, Texas, Jan. 29.—An order for ten automobiles for the Ransom and Welford cattle ranches of Midland and Crane counties was placed yesterday.

The purchase of the automobiles is not for experimental purposes, for tests have been made in the last six months, and it was merely a question of which type of horseless vehicle would be best adapted for the rough uses it will be subjected to in the semi-annual round-up of cattle. A special machine suited to this work will be manufactured.

U. S. TARIFF.

Republicans on the Measure—Nothing Settled.

Washington, Jan. 29.—Although the tariff framers, the Republican members of the House Committee on Ways and Means, have been working diligently in an effort to complete the task of preparing a new tariff bill, it is hardly likely that any definite rates of duty will be fixed in the bill until the days immediately preceding the introduction of the bill. It was understood that the majority members of the committee would take up the bill by having the various sub-committees consider the different schedules, but they have been considering the tariff in its entirety. No final decision on any important schedule has been reached.

COMMISSIONERS TO TAKE UP CHARGE.

Special Meeting to Consider Matter of Boozing ---More Power Questions.

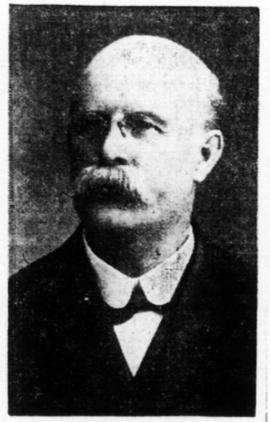

Mayor McLaren is to have an opportunity to make good his statement made at the inaugural meeting of the Board of Police Commissioners, when he declared that there was too much "boozing" among the policemen. This morning Magistrate Jelis, Chairman of the Board, called a special meeting of the board for Monday afternoon at 3 o'clock "to determine the best course to be taken to effectually deal with the offence of tipping by members of the force."

The Magistrate said that it would look as if the Commissioners were not particular whether the men drank or not, if the statements were permitted to pass unnoticed. The men, he says, consider the statement as a reflection

on the whole force, and after consulting with Judge Snider, he decided to take the matter up. "If what is said is true," said His Worship, "it is the duty of the Commissioners to stop it."

A party of civil engineers attending the annual convention of the Canadian society in Toronto, arrived here this morning on a special train over the Grand Trunk and spent the morning inspecting the Canadian Westinghouse Company's works and the International Harvester plant. A number went on to Port Colborne and Welland. The local party was entertained at luncheon by the Westinghouse company. City Engineer Barrow was present last night at the annual banquet of the society held in Toronto.

MURDER AT POUGHKEEPSIE.

Brother-in-law of Murdered Man Arrested for Deed.

Women's Skull Fractured by the Same Villain.

She Identified Clothes Worn by the Murderer.

Poughkeepsie, N. Y., Jan. 29.—Theodore Adams, employed in the railroad roundhouse at Hopewell Junction, was arrested to-day, and charged with the murder of his brother-in-law, John Kliff, of that place, after Mrs. Kliff had accused Adams of robbing her. Kliff was struck with a heavy bolt, and his skull was fractured. He died a few hours later. The men then entered Mrs. Kliff's sleeping room in the rear of the restaurant, fractured her skull with a blow, and took about \$700 from under her pillow.

Mrs. Kliff had since been unconscious in the Vassar Hospital, and Adams had been under police surveillance. To-day Adams was taken before Mrs. Kliff, whereupon she declared that she saw him in the sleeping room after the assault, and that he took the money from under her pillow. Adams denied it, but Mrs. Kliff then described the clothing which she said Adams wore at that time.

Adams was then placed under arrest on a charge of murder. The police say the bolt with which Kliff was killed apparently came from the roundhouse.

Wire Broke

Jacksonville, Fla., Jan. 29.—A negro answering the description of one who attempted to criminally assault Mrs. Jessie Holland near here Wednesday night was captured by angry neighbors last night and strung up to a tree with a telephone wire. The wire broke, and a second attempt was being made to hang the negro when a sheriff's posse scattered the crowd.

OUT OF JAIL.

Three Young Men Get Two Weeks Off Sentence.

James Yalton, Charles Baird and William Cornell walked out of Hamilton jail this morning, free men. On Dec. 12 they were convicted of perjury in connection with the Olympic Club Sunday raid of that memorable Sunday afternoon in July, 1907. Each of the three was sentenced to two months in jail, and Burkholder and O'Reilly received longer terms in Central Prison. Petitions were circulated and were very largely signed, asking for the shortening of the sentences of Burkholder and O'Reilly, and for the release of the others. In the cases of the two men in Kingston the reply was a refusal, but the order for the release of the three in the city jail was received this morning. They had exactly two weeks yet to serve to complete their terms.

BROKE LEG.

Fred Barnes Fell at Hughson and Rebecca Streets.

Mr. Fred Barnes, for a number of years employed on the street railway as a conductor, and who lives with his family at 145 Rebecca street, met with a severe accident last night. At about 9:30 he was going home along Rebecca street, and when at the corner of Hughson he fell. A broken leg was the result. The fracture is a bad one, just above the ankle. Dr. Hopkins was called and set the bone, after which he had Barnes removed to the City Hospital. He is doing pretty well to-day.

A NEW ONE.

Boozy Individual Has Fun With Street Car Conductor

An amusing scene was witnessed on James street, in front of the Royal Hotel, last evening, when a merry devotee at the shrine of Bacchus had a little fun with one of the street car conductors. The mischievous one walked out to the car track and signalled one of the down-coming cars. When the car stopped he pulled out a match, struck it off the car, lighted his cigarette, winked at the conductor, said "All right" and walked slowly up the street. One could not blame the conductor for what he said.

WINTER AGAIN.

Storm Has Not Caused Much Trouble Yet.

Up to press time the snow storm which set in this morning had not had much effect upon traffic. The street railway company had its sweepers out and kept the lines open, and the railway trains were running fairly close to schedule time, as were the suburban electric cars. The storm had every indication of being an old-fashioned, troublesome one, and the strong northeast wind will likely cause a good deal of drifting in the country. The snow will be welcomed by the farmers, who were beginning to fear the effects of severe frost and biting wind on their uncovered wheat fields.

THINK THEY HAVE BOGUS CHEQUE MAN

Detectives Arrested William Wilson, Aged 20, At Home of His Bride-to-Be.

Detectives Campbell and Sayers made what is believed to be a good pick-up at 11.30 this morning, when they arrested William Wilson, 20 years old, living on John street south. The charges against Wilson will be many, but four complaints are already in, and they are for passing bogus cheques in the last week, which a great many business houses in the city have been stung on. Wilson was arrested in a house in the rear of 50 Hughson street north, in the midst of the family living there. He was, it is said, engaged to be married to Mrs. Annie Howard, a widow, and it was at her mother's place he was arrested. Mrs. Howard was wearing the ring Wilson is alleged to have obtained from M. W. Attwood & Son, jewelers, by means of a bogus cheque. When arrested Wilson denied the charges emphatically. The cheque he tried to pass on Frank E. Walker & Co., was found in the house of his future mother-in-law. Detectives Bleakley and Coulter managed to get a line on Wilson while out on a hunt yesterday. They turned their information over to headquarters and a warrant was issued this morning. The four detectives were out hunting for Wilson this morning, but Campbell and Sayers sighted their quarry, and ran him down by Sherlock Holmes methods. An interesting story is told in connection with the catch, and the detectives (Continued on Page 8.)

GOT 25 YEARS.

Heavy Sentence on Mulatto who Shot His Wife.

Toronto, Jan. 29.—William Seay, the mulatto who shot his white wife, with the intent to commit murder, was sentenced to 25 years in Kingston Penitentiary by Chief Justice Sir Glenholme Falconbridge, in the criminal session this morning. His counsel, T. N. Pheasant, asked for leniency on the grounds of the prisoner's previous good character, and also because of certain circumstances connected with the case. Seay also asked His Honor to be lenient and to give an opportunity of proving that he would be a law-abiding citizen.

GOLDEN HAIR.

Beautiful Cantata in St. Andrew's Church Last Night.

One of the prettiest cantatas ever given in this city was presented last night at St. Andrew's Church on the anniversary of the Sunday school. It is entitled "Golden Hair and the Three Bears," and was a great success. Last evening was children's night, and the Sunday school room was packed. Rev. J. A. Wilson, the pastor, opened the concert with a few words, and Mr. J. M. Robinson, Sunday school superintendent, also spoke. This evening the cantata will be presented for the grown-ups of the church and Sunday school. It is a five-act one, and the principal parts were taken as follows: Golden Hair, Miss Marguerite Bower; Woodland Queen, Miss Aggie Cline; Queen, Miss Bessie Bleakley; Father Bruin, Mr. Robert Armstrong; Mother Muffin, Mr. Charles Dresback; Tiny Cub, Master Herb Hodgson. Twenty-five pretty girls composed a pretty chorus, and excellent songs were sung. Before each part Miss Hattie Kelday, the well-known elocutionist, read a synopsis of the coming scene.

ON TO GOWGANDA

A great authority, speaking recently on the world's silver supply said: "The discovery of Gowganda is going to have a tremendous bearing on the market. It will add to the impression, which has scarcely been more than a suspicion in New York and London, that Canada holds the key to the situation in the world's production of silver."

FOURTH WARD CON.

The first of a series of entertainments to be given by the different wards at the Conservative Club during the winter months, was held last evening for ward 4. The idea is for each ward to furnish the talent for the entertainment, the funds to go to the club. Aid. John Allan furnished the talent last evening and was chairman. He explained the objects of the gathering. A large audience enjoyed a pleasing vocal and instrumental programme. Little Jean Wilson made a hit with her songs, and Gordon Flett's dancing was one of the most pleasing numbers.

CHEAPER TO PAY HIS RENT

Crown Point Man Fined \$48 For Removing Goods.

Pool Rooms Full of Boys Who Play by Stealing.

This is Statement of Detective of Long Experience.

John Lawrence, Crown Point, was fined \$48 at court this morning on a charge of clandestinely removing his household goods while owing \$24 rent. Lawrence pleaded guilty, and Magistrate Jelis said too much of that sort of swindling was going on of late. The statute provides for a fine double the amount of rent due. Lawrence took his goods and chattels out of the house last Saturday. He claimed he had been told to vacate at once. The owner added that he had also been told to pay up at once. Failing payment of the fine, Lawrence will spend a month in jail. He is married and has two young children.

"The poolrooms are full of such characters as these, who have to get money to play pool and who get it usually by thieving," said Detective Coulter when two small boys pleaded guilty of stealing some carpenter's tools from a new house in course of construction on Myrtle avenue. The boys elected to be tried by Magistrate Jelis, and were told to appear in a week with \$100 security each for their future good behavior. The boys stole a hammer and a plane belonging to M. Cavers on January 14, and sold them for 75c.

James Dextera, a regular visitor from Aldershot, a full-blonded Indian, was fined \$3 for being drunk and disorderly at the Terminal Station last night. Officer John Berlinghoff locked him up.

William Patterson, of no particular address, obtained a commitment to the jail for two months yesterday, and walked down to Governor Ogilvie's daily reception to be locked up for the cold weather.

James Brown, 104 Mary street, was fined \$2 for being drunk last night.

CONFERRING.

Foundrymen and Moulders Had Conference Last Night.

Foundrymen and moulders are working away with a view to the settlement of the wage question and other matters pertaining to the trade. They are not saying much about it, however, preferring to keep their business to themselves until an agreement is arrived at. "We are doing just like the printers did early this month," said one of the members of the committee this morning. The foundrymen and a committee of the moulders had a conference yesterday, and while it was satisfactory, no conclusions were reached. The I. M. U. also met last night. Both sides are hopeful that there will be no trouble.

BIG STORM.

Telegraph Poles and Wires Down and Washouts

Chicago, July 29.—Telegraph service to points west and north of Chicago was almost completely severed to-day by the worst storm of the season. Scores of telegraph poles and miles of wire in many sections were borne down and rendered useless by the high winds and the heavy snow fall.
