

ARRIVAL OF THE ENGLISH MAIL.

TURKEY. THE INVASION OF TURKEY.—The invasion of the principality by Russia is now accomplished, and no doubt Turkey will proclaim that act of robbery.

CONSTANTINOPLE, June 23.—A mediation, though generally considered impossible, is nevertheless still talked of in Russia, however, is considered to have gone too far, and cannot, it is thought, retreat without disgrace and a violation of all the precedents known in such cases.

EXPECTED INVASION OF SERBIA AND BOSNIA BY THE AUSTRIANS.—It appears that an unexpected and new complication has suddenly arisen. We are informed that Austria is preparing to march a corps d'armee into Serbia and Bosnia—portions of the Turkish Territory—Serbia being governed by an hereditary Prince, vassal of the Porte, and Bosnia being absolutely a Turkish province.

FRANCE. There has been no political news from France during the week, except in connection with the Eastern question. The Legationists and the Socialists parties do not relish the existing good understanding between the Russian and English Cabinets.

AUSTRALIA. We have advice from Australia, the latest dates being Sydney, April 34; Melbourne, 6th April; and Adelaide, 10th April. The accounts continue to be highly satisfactory. We are very abundantly supplied with the exports from Melbourne which reach 15 millions; we have now the official confirmation of this extraordinary rise of the province of Victoria.

ENGLAND. MONETARY AND COMMERCIAL REVIEW.—The official return of the public revenue and expenditure of the country for the past quarter, &c., is one of the most favourable that has appeared for some years. It shows that notwithstanding the depressing influence necessarily exercised by the state of affairs in the East, over some portion of our trade, there has been an increase in the revenue for the quarter ending the 5th inst. of no less than £1,146,636, which improvement, it must be remarked, is very considerably greater than in either of the preceding quarters of the year.

THE CAMP AT OROBHAM. A splendid field-day took place on Saturday in the presence of the Commander-in-Chief, Viscount Hardinge, and Lord Seaton. Near the gallant commanders, and seated on a splendid chair, was also seated a distinguished individual, attired in a rich French uniform, and attended by a brilliant staff of French officers, all likewise in full uniform.

UNITED STATES. HERCULEAN LABOUR.—New York, July 10.—A tremendous cyclone, accompanied by lightning and rain passed over the city and vicinity last evening, about 6 o'clock, doing great damage; many trees and buildings were injured.

JAPANESE MARRIAGES.—A very singular custom at the marriage of the Japanese is, that the teeth of the bride are made black by some corrosive liquid. The teeth remain black ever after, and serve to show that the woman is married or a widow.

and blindness, it desires the contrary, then, calling God to our aid, we shall have him to decide between us, and, with a full assurance in the arm of the Almighty, we shall go forth to fight for the orthodox faith.

EVAN'S BRIGADE WAS DIRECTED. What more natural than that the enemy, trembling at the approach of so renowned a general, should rush to the defence of the bridge, and concentrate all its efforts and attention thereon! Accordingly actual hostilities commenced in that direction.

LATE FROM CALIFORNIA. The weather was very warm in California, the thermometer varying in the shade from 96 to 107 degrees.

FROM CHINA. The Pathfinder had arrived with dates from Hong Kong to the 27th April, and Shanghai to the 15th.

CANADA. GAVAZZI ROY.—The coroner's inquest, over the bodies of the men who were killed on the night of the Canal lecture, in Montreal, is becoming more and more interesting.

NEW BRUNSWICK. MELANCHOLY ACCIDENT.—On the evening of 4th inst., a young man, William Young, shipcarpenter, formerly of Prince Edward Island, was unfortunately drowned at the landing near Watson's Wharf.

WASHINGTON CLOTHES WITH STEAM. We lately visited the wash-room of the St. Nicholas Hotel, for the purpose of witnessing the operation of cleaning dirty linen by steam, without rubbing it to rags or wearing out the hands of the washer-women.

THE CHINESE IN CALIFORNIA. California is overrun with Chinamen.—There are at least twenty-five thousand of them in that State, and the capital invested and owned by them, is reckoned at over a million of dollars.
