

medicines, counter-irritants
the system, and trifling
bleeding ointments.

A variety of human
MEDICINES are

the first article
likely life, instead
of Hippocrates,
Lancet, and
Dyspepsia,

length of the in-
volved in various
diseases.

the sharp and
acute, by pro-
longed, and
repeated

in a regular
order, and
in others,

at half that
dose, and
glands,

the blood, and all
the vessels, by
their alter-
skin, and the
mucous
