A Stitch in Time

Quick action is the only hope when kidney disease appears. There is a whole train of dreadfully painful and fatal ailments which soon follow any neglect to get the kidneys right. Among others are rheumatism, lumbago, Bright's disease, hardening of the arteries and high blood pressure. In Dr. Chase's Kidney-Liver Pills you will find a treatment which is both quick and thorough. Mr. C. E. Raymus, Lindale, Alta., writes:—
"I was a great sufferer from kidney disease and lame back for more than a year. A friend of mine one day told me of Dr. Chase's Kidney-Liver Pills, and acting upon his advice I tried them. After I had taken one box I felt better, so I continued until I had used five boxes. By this time I felt as well and strong as ever, and am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone suffering as I did."

IS THERE A SANTA CLAUS?

It is the same eternal question. And how often will it be asked! Just as long and as often as Christmas. You will be asked and thousands more, and little children will be answered and reassured and made happy just as was the little girl who put her question to the great editor, Charles A. Dana. She sought high authority when someone had caused her faith in childhood's patron saint to fall, and this is what the famous editor wrote her. It is the best answer that we know:—

"Virginia, your little friends are wrong. They have been affected by skepticism of a skeptical age. They do not believe except they see. They think that nothing can be, which is not comprehensible to their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours man is a mere insect, an ant in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole truth and knowledge. Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus. It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance, to make tolerable this existence. We should have no enjoyment except in sense and sight. The eternal light with which childhood fills the world would be extinguished. Not believe in Santa Claus? You might as well not believe in fairies! You might get Papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but that is no sign there is no Santa Claus. The most real things in the world are those that neither men or children can see. Did you ever see fairies dancing on the lawn? Of course not; but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in the world. You may tear apart the baby's rattle and see what makes the noise inside but there is a veil covering the unseen world which not the strongest of all the strong men that ever lived could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernal beauty and glory beyond. Is it real? Ah! Virginia, in all this world, there is nothing else real and abiding. No Santa Claus? Thank God! he lives and he lives forever. A thousand years from now, Virginia, nay, ten thousand years from now, he will continue to make glad the heart of childhood."

A Seedless And Coreless Variety Of Fameuse Apple

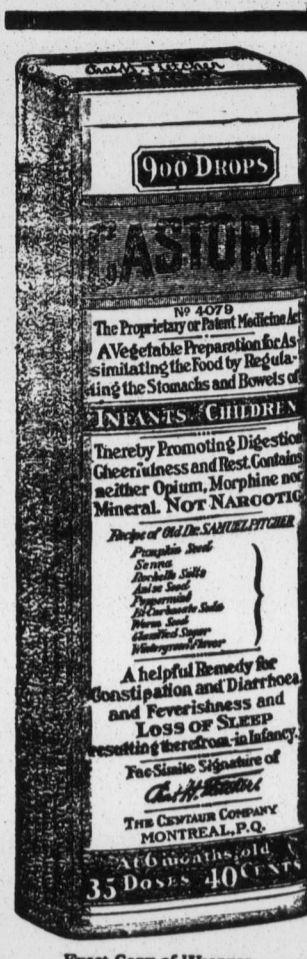

Montreal, Dec. 6.—Much enthusiasm was evoked at the annual meeting of the Pomological and fruit growing society of the province of Quebec at MacDonald College, St. Annes today by the announcement of the discovery at Abbotford of a seedless and coreless variety of Fameuse apples. Business was suspended for a time while the apple growers assembled, examined and tested specimens.

The representative of a large fruit distributing firm in Montreal assured the grower of these coreless apples that if the latter would produce the parent apple tree from which they were grown and prove that it would reproduce trees by grafts giving similar fruit, he would guarantee him a million dollars for it, as it would revolutionize apple growing in Canada.

DOMINIONS ARE NOW ENTITLED TO HELP GUIDE

London, Dec. 6.—Premier Bonar Law addressed the Empire Parliamentary Association at its annual meeting here today and declared that the dominions were "entitled to a larger share in the direction of the whole policy of the imperial machinery", and he said that "what is more important, they are now very conscious of it".

The Premier led up to this declaration by saying: "During the war, when I had the opportunity of seeing a good deal of our dominion fellow soldiers, I had a feeling, which events have since justified, that our relations afterwards could never be quite the same. It is an undoubted fact, despite all our own efforts, that if we had not received such help from the dominions the war could never have been won. The most difficult time between father and son is when the son is just beginning to feel his manhood. That is our position today regarding the dominions."

What Did You Give Last Christmas?

TOYS for the kiddies—all broken now. "Something useful" for the grown-ups—now worn out or forgotten. A cash bonus for your employees—long since spent. Other "last minute" presents—expensive but unsuitable. Are they remembered now? This year give them a Bank Book—make their first deposit and urge them to add to it regularly. Could anything be more suitable and enduring?

It Has to Pass Our Baker First

EVERY "milling" of Quaker Flour must satisfy our baker before it leaves the mills.
The wheat is analyzed by our chemists for protein, gluten and ash; the perfect grains are selected and cleaned. The product is tested at every stage of milling. A perfect flour is the result.
The best takes place in our own bakery. Every day "milling" of Quaker Flour must receive the O. K. of our expert baker. It must produce bread perfect in size, flavour, colour and texture, before it can leave the mill. Nothing is left to chance in producing Quaker. You will make far better bread and cake with
