NEWS OF THE DISTRICT

REXBORO.

Bulletin News Service. E. C. Crossy is putting up hay for Mr. Taylor, of Wabamun. The people of this district are making preparations for a big fair at White Wood Lake, in September. Carl McAuley made a trip to Stony Plain, after a load of oats. Haying is in full swing. The crop is short but of a very good quality. Mr. Scott, of Wilkie, Sask., who recently sold out his hardware business, spent a few days overlooking the new townsite of Filis, on the G.T.P., with a view to locating in the hardware business. Mr. Crutch and son, from south of the lake, spent a few days here picking berries. Jonkosky Brothers have taken the contract, with Mr. White, to freight two hundred thousand feet of lumber across the lake to Filis. They have their big launch to work and have already delivered over forty thousand feet of lumber for a building in the spring. Joe House, who has been grading on the G.T.P., near the west end of the lake, completed his work last week and has left for Edmonton with his outfit. This is the last camp along the lake. Coal prospectors from Edmonton spent a few days overlooking the coal lands of this district last week. H. M. Smith has gone to Edmonton, where he has the contract to plaster a large house. Rev. Mr. James, of Wabamun, conducted the services at the church here Sunday. Mr. Stevenson, of Toronto, father-in-law of Rev. Mr. James, spent Sunday here and was well pleased with the prospects of the country. Rextboro, August 17th.

VEGREVILLE.

Bulletin News Service. William McKenzie, president of the C.N.R., passed through town yesterday on his special. He was highly pleased with the progress that was made on the Vegreville-Calgary branch. The construction is finished as far as Capreole and the steel is laid for 15 miles. The steel is being delayed by the construction of bridges. The crops in this district are in fine shape. Barley cutting is over, oats are in progress and the wheat will be ready this week. There will be some big yields to report. Nothing assures the confidence of people in the west better than to see them invest in property here. The new arrivals from other countries are coming in daily and investing in town and farm property. Several pieces of land lately have changed hands. They had no idea that we have such a good country. They are going to write back to their friends and tell them of the land that can yield such enormous crops and can be bought at such low figures. The class of people that are coming now is the moneyed people, who will buy the land, improve it and improve it. Home-seekers are all-right, but they have to go out so far that they are of little benefit to the town. The Alberta Sunday School Association held their convention on Monday in the Baptist Church. Several delegates were present from the neighboring circuit. H. F. Kenna, secretary of the Alberta Sunday School Association, gave the address. "How to win scholars for Christ." He gave a very able address and stated that the best way to win scholars is to have a good Sunday school. Children leaving the Sunday school was that it was not attractive enough for them. Miss Scott gave a solo, after which Miss Wright taught a class of infants, showing how she took up the work. A successful Sunday school teacher makes a good Sunday school teacher. C. Butchart, principal of the High School, gave an address on "In the present system of the international lessons the best?" In the evening, Mr. Kenny took for his subject "How to retain adults in the Sunday school." Mr. Kenny's address was the point that living a godly on Sunday and living a hypocrite the rest of the week did more harm in keeping people away from the church. By seeing the hypocrisy practiced in and out of the church, his subject seemed to be very appropriate for Vegreville. Mrs. J. McNeill furnished special music for the evening session. T. H. Woolford, of Cardston, the government judge for the field grain competition in property here. There were four entries in wheat: C. T. Gowen, of Hairy Hill; J. E. Powell, of Vegreville; R. Fairbairn, of Warwick; and D. A. Kennedy, of Vegreville. The prizes were awarded in the order named. In oats, E. de Selgins, of Hairy Hill, took first; C. T. McGowan, of Hairy Hill, 2nd; G. Colby, of Vegreville, third. There were three other contestants, namely, W. Still, W. G. Cole and R. Fairbairn. Mr. Woolford was highly pleased with the grain in the Vermilion Valley. J. B. Holden, M.P.P., and Mrs. Holden left for Ontario to visit his old home at Collingwood. J. L. Batty, Indian agent at Saddle Lake, was in town today on business. S. P. Campbell and Mrs. Campbell left for Acocoe Beach for their vacation. Norman Worth and Mrs. Worth are holidaying at Innisfree. W. P. Perkins, manager of the Canadian Bank of Commerce, returned from his holiday trip to the old country. T. P. Cadzow is down at Maple Creek on business. Vegreville, August 17th.

Several pieces of land lately have changed hands. They had no idea that we have such a good country. They are going to write back to their friends and tell them of the land that can yield such enormous crops and can be bought at such low figures. EAST CLOVER BAR FARMERS.

The usual monthly meeting of East Clover Bar Union A.P.A. was held on Monday, 22nd July, when there was a large attendance. Routine business having been got through, a resolution was passed as to the necessity for the immediate fencing of the line of the G.T.P. The telephone question was taken up, and the secretary was directed to draw Mr. Hignam's attention to the fact that he had promised, in writing, to have East Clover Bar post office made a toll station last fall or early this spring. The attention of Clover Bar Union was drawn to the state of the base line. The placing of telephone poles too far on the road was another subject discussed. On the road question, the former attitude of the union was maintained, viz., that no change be made in the ratapayers are made through consent with the proposed new Act. Votes of thanks to the ladies for the use of the grounds and for donations at the recent successful picnic closed the proceedings.

DISASTROUS LACOMBE FIRE.

Business Section of the Town Was Partially Destroyed. Lacombe, August 18.—A disastrous fire, which broke out in a section of the business portion of the town, incurring a loss of \$35,000, took place on Monday, 22nd July, when there was in one of the upper rooms of the Royal Hotel at 3:50 this morning. A panic among the guests who were asleep in the house. Fortunately, no persons were injured, all escaping from the hotel. The buildings destroyed were the Royal Hotel, T. Fletcher's second-hand store, Grady Brothers' booting house, room which all the boarders escaped safely. The conflagration occurred from some cause unknown in one of the most congested portions of the town, and for a time threatened to spread to the buildings across the street and into the lumber yards close by. All of the buildings destroyed were on the main street, leading from the railway tracks. They were partly covered by insurance.

May Have Been an Accident.

Since, Ont., August 18.—Emery Shelby, the boy charged with the murder of old Michael Hall on Sunday last, was most probably innocent of any intention to kill, as he is a very likely likely after Detective Greer's experiments today. A careful survey of the bullet opposite the hole in the wall of the Hall, which strengthened the theory that the bullets might easily have done their work from this thicket and that shots from the woods at bird in the border would be within range of the marks. Circular Railway Passengers Injured. Berlin, Aug. 19.—Five passengers on the circular railway were injured today when the tower, five hundred and forty feet high, collapsed and fell across the train.
