

## WITH THE MOUNTED RIFLES AND EDMONTON FUSILIERS

Regiments Rapidly Recruiting for Season's Work—All Social Functions Called Off—Parade to Be Held on Morning of Friday, May 20th, to Divine Service in Thistle Rink—Officers in Command of Calgary Camp Announced.

On Friday, May 20th, the day of national mourning, the 101st regiment and the members of the 19th Alberta Mounted Rifles of Edmonton and the immediate vicinity will parade to divine service, which will be held in the morning, probably in the Thistle rink. The parade will be headed by the regimental band. Garrison orders from Ottawa are being awaited before particulars of the funeral day are arranged.

It is proposed that a Bankers' company be formed in the 101st regiment. The company would be composed of bankers and their assistants. The proposal has met with general favor among the members of the financial profession already in the regiment.

Many members of the regiment have left the city since last year's drill, owing to conditions prevailing in respect to housing. It will, consequently, be necessary to obtain a large number of recruits. That no real difficulty will be experienced in bringing the regiment up to full strength has been evidenced by the large number of fine young fellows who have turned out as recruits during the last couple of drills.

There was a good turnout at the regular drill of the 19th A.M.R. on Wednesday evening and notwithstanding the smallness of the hall, squad drill was carried out with precision. A number of members have taken up flag signalling, and with several members in each troop able to send and receive signals, the efficiency of the squad should be greatly increased.

The signalling classes meet on Tuesday and Thursday at eight o'clock in All Saint's schoolroom. The establishment of the corps is twenty and there are still a few vacancies to be filled. Lieutenant Baty has taken charge of the work and it is now proceeding apace as his knowledge of signalling is very thorough and he is now able to devote all his time to the instruction of the class.

Part of the time in camp this year will be devoted to field manoeuvres, an important feature of which work is the keeping up of communication between various points, and the work, which are frequently not in sight of each other.

It is expected that later on full equipment will be provided for the signalling corps, including signalling lamps which will probably be in use in Calgary during the camp. The Lee-Enfield rifles with which the squadrons were formerly armed have been turned in to the ordnance stores in Calgary and the issue of Ross rifles is expected momentarily.

Owing to the King's death, the dance of the Squadron Quadrille Club which was to have taken place on Wednesday, May 11th, was postponed. The dance will be held on a date to be announced hereafter.

Militia orders from Ottawa announce that the staff for the Calgary camp of instruction and details of the troops have been arranged as follows:

Camp commandant—Lt. Col. E. A. Crookshank, D.O.C. No. 13.  
Orderly officer—Lt. J. C. Mackie, D.O.C. No. 13.  
Senior officer—Hon. Capt. W. C. Armstrong, 15th L.H.  
Medical officer—Capt. S. W. Hewitson.  
Senior ordnance officer—Hon. Capt. P. T. E. Boulanger.  
Paymaster—Capt. E. R. Tooley.  
Veterinary officer—Capt. R. Riddell, 15th L.H.  
Musketry instructor to be detailed.  
Intelligence officer—Capt. C. T. Dekam.  
Signalling officer to be detailed.  
Brigade staff—Lt. Col. J. Walker, 15th L.H.  
Brigade major—Major F. C. Jamieson, 15th A.M.R.  
Orderly officer to be detailed by brigadier of the 5th brigade, 15th light horse, 19th mounted rifles, 21st hussars, 23rd Alberta rifles.  
Independent squadron light horse—20th battery C.F.A., corps of guides (M.D. No. 13) signalling corps No. 3, 4 W. 1. cavalry field ambulance.

Practises were held yesterday afternoon at the ranges for the Schumacher cup competition in which the 101st regiment will enter a team of forty men. Splendid scores are being made by the men competing for places on the team and the wedding out process is a difficult one.

The regular Saturday afternoon shoot in which all members of the regiment are invited to participate, will be held today at the range across the river. The distances which the targets are placed are 200, 500 and 600 yards.

The military smoker which had been announced for next Tuesday evening, has been called off as have all other social arrangements, owing to the death of the King.

Classes for non-commissioned officers are being held every Thursday evening under the supervision of acting adjutant J. A. B. Thompson.

The signalling classes are meeting every Thursday evening. The work is under the direction of Sergeant Fox and much interest is being displayed in this branch of the work of the regiment.

A sub-target gun is now set up in the armories and will be used constantly as an adjunct to the ranges in target practice. Regular practices on the sub-target will be held. It will be a great help in gallery practice.

Never hesitate about giving Chamberlain's Cough Remedy to a child. It contains no opium or other narcotics and can be given with implicit confidence. As a cough remedy, it is easy on the man and on the horse, but cuts where others skip.

Band practices are continuing on the regular evening, and under the direction of Captain Harry Watts, excellent progress is being made by the recently organized musicians.

Major Hewitt of the 16th Light Horse with headquarters at Moosehead, called at the officers' mess on Thursday evening last.

Captain Carpenter who has been absent in the Old Country on extended leave of absence, has returned to the city and once more taken up his regimental duties.

Captain Weeks has obtained extension of leave. He is at present touring the south of France.

On Tuesday evening the usual weekly parade was held under the command of Captain Osborne who gave instruction in company drill. A large number of recruits came in and did exceedingly well. Another excellent parade was held last evening.

The Boys Brigade Cadets gave an entertainment in All Saints school room last night in aid of the camp fund of the corps. The concert consisted of squad drill as far as the platform of the hall would permit, and musical numbers.

In all the movements the cadets showed remarkable precision and steadiness. There was a large attendance. It is expected that the corps will go into camp again this year in the vicinity of St. Albert, spending about ten days under canvas, beginning the first of July.

The boy scouts, Baden-Powell and British Boys, are making excellent progress with their work. The Baden-Powell scouts under the direction of Rev. H. Allan Gray, who organized the corps last winter, are making progress with their work. The British Boys are making progress with their work.

The boys are learning all the essentials of scouting from signalling to field instruction, and are being trained by the guidance of the staff. They take the keenest interest in their work and are making rapid progress towards becoming first class scouts.

The militia department has adopted a universal uniform for all mounted troops. The idea is to make uniform question less complicated.

The cavalry and artillery will be particularly affected, as well as the mounted divisions of other branches of the service. For the present it will not apply to infantry. It is decidedly different from any other uniform in the militia, the riding breeches being one color and the sergeants another.

The sergeants' coats are of dark blue, the same color as the former sergeants' but the piping of the sleeves, collar and cuffs is blue. The shoulder straps come detached and have to be sewed on. They afford the only difference between the different branches of the service. For the artillery they will be red, for the cavalry yellow, and so on.

**ACCUSED OF HORSE STEALING.**  
Former Resident of Lloydminster Arrested in Calgary and Brought Back to Lloydminster, May 13—Wm. Whatmore, of Vermilion, former resident here, and well known locally, was charged, yesterday, before A. C. Forsyth and J. Whitbread with the grave offence of horse stealing. A well known farmer of this district, Holmes, had left his team with Whatmore to winter and gone to the Old Country for a return visit last winter. Prior to Holmes returning the accused drove to Lashburn and is charged with selling the horses with a sleigh and harness, also the property of Holmes. After this transaction Whatmore disappeared. His traces having been obliterated so completely that the late Holmes thought seriously of telegraphing to England for Sherlock of that ilk.

A week ago a rumor was started in Lloydminster that Whatmore had been seen in Calgary and Corporal Nicholson of the Lloydminster detachment of the R. N. W. M. P., took a quick time run to the southern town. In a matter of hours he had arrived, and the North-West officer located him and took him into custody, bringing him to Lloydminster last Sunday.

The hearing of the case which has taken two days, culminated in Whatmore being committed to stand his trial at the next court sitting in Battleford. He was admitted to bail, \$1,000 in his own behalf, and \$2,000 put up by others; total, \$3,000.

Before giving their decision on the more serious charge, the magistrates found Whatmore guilty of stealing a rifle from Dr. Irwin. For this offence he was fined \$10 and costs.

**OUTSIDE WHIP APPOINTED.**  
Conservative Party Adopts British Plan of Two Whips.

Ottawa, May 15—The announcement is made that George H. Perley, M.P. for Argenteuil, has been formally named chief outside whip of the Conservative party. This means that the Opposition has decided to follow the British plan of party organization and in future will have two chief whips, one for the outside and one for the inside work. Mr. Perley's duties will be mainly in connection with organization and general party management. The appointment of a chief inside whip to succeed Mr. George Taylor, who, at the age of 70 is retiring after 25 years' service, has not yet been made, but it is stated that the post will go to a Western man.

## HYDE JURORS COME TO BOWLS

One Favors Conviction and the Other Acquittal.

Kansas City, Mo., May 1.—That Frank Claypool and Samuel R. Johnson, two of the jurors in the case are so opposed to each other in the guilt or innocence of Doctor Hyde that they were only saved from exchanging blows through the intervention of deputy marshalls during the afternoon's deliberations today.

The general opinion among the criminal courts building. The incident occurred, it is said, just after one of the ballots had been taken.

According to the rumor the juror, one of the persons in the court room, made a remark which brought a resentful reply from the one who has been one of the strongest for the acquittal of Dr. Hyde. A few more remarks were exchanged, it is said, and then the men started for the jury room. They arrived in time to stop the belligerence before they had done each other harm. The jury was locked up at 10.30 o'clock for the night having failed to reach an agreement.

## G.T.P. SERVICE TO IMPROVE BY JUNE

The Branch Line Will Not Reach Calgary This Year—The Main Line Has Now Been Completed To The McLeod River.

"We hope to give a much improved train service between Edmonton and Winnipeg by the first of June. I cannot say whether a daily service will be then inaugurated, but it is our intention to put into effect, at the earliest possible moment, a service which will be of great benefit to the public. I cannot give any definite information, however, until my return to Winnipeg."

Thus spoke General Manager Chamberlain, of the Grand Trunk Pacific, at the Bulletin yesterday at his private car in the yards near Fraser Avenue. Mr. Chamberlain came into the city on the morning train, and the regular C.P.R. train from the south. He has just returned from a trip to Prince Rupert. He left for the east this morning. Yesterday he went out to Wolf Creek, returning in the evening.

**Now to McLeod River.**  
The general manager says that the main line of the G.T.P. is now completed to the McLeod River, 125 miles west of Edmonton. "We hope to reach the Yellowhead Pass with the track this season," said Mr. Chamberlain. "And I don't see any reason why we shall not be able to do so."

Speaking of the entrance of the branch line from Tofteld into Calgary, the general manager says that no decision has yet been reached with reference to the entrance into the city. The entrance will be reached on this line to be laid as far as the crossing of the Red Deer this fall but we will not be able to complete the line to Calgary before the end of next season," he replied in answer to a question with reference to the southern branch.

**Work at Prince Rupert.**  
"How is the G.T.P. progressing at the Coast end?" asked the reporter. "Track laying on the western division out of the terminal city is now started," was the reply. "We expect to have one hundred miles completed by the end of July and to have the track to Hazelton completed by November 1st. Work on the balance of the line to Aldermere is progressing rapidly."

**New G. T. P. Steamers.**  
Speaking of the new steamers purchased by the Grand Trunk Pacific, Mr. Chamberlain said that the Prince Rupert and Prince Albert, the first of the Pacific Coast fleet, are expected to arrive at Vancouver the end of this month, and the Prince George, the third ship, at the end of June. The Prince Rupert and Prince George are to run between Seattle, Victoria, Vancouver and Prince Rupert. The Prince Albert is a smaller ship, intended to run between Prince Rupert and Queen Charlotte. Work on the company are building extensive docks at Seattle, Victoria and Vancouver, all of which will be ready to receive the new ships by the end of the month. The vessels will be sufficiently advanced to take care of the various vessels on their arrival.

**CANADA IMPORTING WHEAT.**  
Bank Clearings Show Large Increase Over Those of Corresponding Week.

New York, May 14.—Wheat, including flour, exports from the United States and Canada for the week ending May 12th, as reported by telegraph to Bradstreet's, aggregated 2,593,538 bushels against 1,854,070 bushels last week, and 1,129,900 bushels this week last year.

Canadian trade reports display some irregularity, though the east reflecting the influence of unfavorable weather, but reports from the west are encouraging. In the east heavy weather has deterred building operations and retail trade has been disappointing. City collections run a little low, though remittances from Canadian cities for the week ending with Thursday, aggregated \$118,400,000, a decrease of 16 per cent. from last week but an increase of per cent. over the corresponding week in 1909.

**Ottawa Newsboy Killed by Car.**  
Ottawa, May 14—Cecil Collins, a 15-year-old newsboy, delivered a paper to a newspaper agent on Saturday night as a result of being run over by a street car and lying bloodied during the year and Mr. Mann will decide on these when he reaches that place on his return journey.

## PREMIER'S TOUR TO LAST 60 DAYS

Sir Wilfrid Laurier Will Open Western Political Trip Early in July

Ottawa, Ont., May 16.—Sir Wilfrid Laurier's political tour of Western Canada will begin during the first week in July and will last sixty days, during which the Premier will visit all the important centres in the west from Port Arthur to Prince Rupert.

The exact itinerary has not yet been arranged but the dates fixed but it is settled that Sir Wilfrid accompanied by Hon. Geo. P. Graham, Minister of Railways, E. Macdonald, M. P. for Pictou, and F. F. Pardee, M. P. the chief Liberal whip, will leave Ottawa on July 7 or 8. The first day in the West will be spent at Port Arthur and Fort William. A couple of days or so will be spent in Winnipeg and during the following three weeks meetings will be held at various points in the Prairie Provinces including Regina, Yorkton, Saskatoon, Weyburn, Yorkton, Regina, Calgary, Edmonton, Medicine Hat, Lethbridge and other points in Alberta.

**Reach Coast in August.**  
Vancouver will be reached early in August and a couple of days will be spent there and in Victoria, and the party will go as far north as Prince Rupert.

Sir Wilfrid will be back in the capital by September 6 or 7. The Hon. W. S. Fielding will be unable to accompany the party as he will be absent from the capital on a tour of inspection in the Yukon.

Sir Wilfrid goes to Quebec today for a few days and during the next month he will be in the city of Quebec. He will be accompanied by Hon. L. P. Brodeur arrived in Ottawa on Saturday afternoon after four months absence in Sydney, Canada, and New York, convalescing from his serious illness. The minister of marine and fisheries and of the navy has been greatly improved in health and is now steadily gaining strength. He will resume the duties of his department this week.

**C.N.R. IMPROVEMENT.**  
Millions Will Be Spent on Track Betterment and Equipment.

Winnipeg, May 12.—Upwards of four million dollars will be expended by the Canadian Northern on new track and six hundred miles of miles of steel will be laid. The work of relaying the old track with heavier steel from Port Arthur to Edmonton will be completed and millions will be expended in putting the roadbed of the company in first class condition. The work will be done by the Canadian Northern, which remain on the line between Winnipeg and Port Arthur will be cut out and replaced with permanent track. A dump of solid rock will be built for a mile and a half across Rainy lake, and next season the company will have a double track on this piece of road.

D. D. Mann, vice-president of the company, arrived in the city this morning. He is a resident of Winnipeg, the Athabasca, and will spend the balance of the week here. He is a member of the Quebec wing of the Conservative party. Mr. F. D. Monk is a well known man in the city. He is a member of the Quebec wing of the Conservative party. Mr. F. D. Monk is a well known man in the city. He is a member of the Quebec wing of the Conservative party.

**BOURASSA AT OTTAWA AGITATES.**  
Mouras, May 15—Chitry politicians here have started a rumor that Mr. Henri Bourassa may drop out of provincial politics and return to Ottawa. He is a member of the Quebec wing of the Conservative party. Mr. F. D. Monk is a well known man in the city. He is a member of the Quebec wing of the Conservative party.

**COMPELLED TO ABANDON WORK.**  
A Very Severe Case of St. Vitus Dance Cured by Dr. Williams' Pink Pills

St. Vitus dance is a common disease in children and is also found in highly strung men and women. The only cure is the life of the nervous. And Dr. Williams' Pink Pills is the only medicine that can cure it. The case of a man who was cured by Dr. Williams' Pink Pills is a very good example of the power of Dr. Williams' Pink Pills over disease. Mr. Leonard E. Porter, is one of the best known residents of that town. He suffered from a severe case of St. Vitus dance, and got no help from medicine until he began using Dr. Williams' Pink Pills. He says: "My case was unusually bad. I found it impossible to sleep, and night after night would toss about in bed. I was receiving medical treatment, but in spite of the careful treatment I gradually grew worse. My limbs jerked and twitched to such an extent that I could not cross the floor without falling or coming in contact with some piece of furniture. I could not raise a glass of water to my lips so badly did my arms and hands tremble and shake. I cannot imagine more severe suffering and inconveniences than those which I endured. I was a great sufferer from St. Vitus dance, and my father being a druggist knew of the many cures effected by Dr. Williams' Pink Pills and advised me to try them. I did so, and with the most happy results. In less than two months from the time I began the use of the pills I was well, and I have not since had the slightest symptom of the trouble."

Of the new dump across Rainy Lake, Mr. Mann stated that it was a small job and would cost not more than a million and a quarter. There had been eleven miles of wooden bridges between Winnipeg and Port Arthur and the last of them would be practically the last of them being replaced with steel. Regarding the construction of the line to Hazelton, he stated that the government was to build the bridge across the Saskatchewan and that the line would be completed by the end of the year. He stated that the government was to build the bridge across the Saskatchewan and that the line would be completed by the end of the year.

**THE PRIVY COUNCIL TO DECIDE QUESTION.**  
Where Lies Boundary Between Powers of National and Provincial Governments Being Considered by the Supreme Court at Ottawa.

Ottawa, May 17.—The Dominion government has framed a series of questions on the subject of federal and provincial jurisdiction to be submitted to the Supreme court, this afternoon. The questions are on the failure at the recent conference between the Dominion and Provincial authorities to reach an agreement as to the respective powers of the Dominion and the Provincial governments in issuing company charters, power to carry on a fire insurance business may be carried on, power to make and execute contracts (a) within the incorporating province insuring property outside of the province; (c) outside of the incorporating province insuring property outside of the province; (d) to insure property situated in a foreign country?

All in the negative, in any of the above, would the corporation have, throughout Canada, the power mentioned in any of the said cases? Is it a valid question? (b) Can the powers of a company incorporated by a provincial legislature be enlarged, and to what extent, by the Dominion parliament? (c) Can the powers of a company incorporated by a provincial legislature be enlarged, and to what extent, by the Dominion parliament? (d) Can the powers of a company incorporated by a provincial legislature be enlarged, and to what extent, by the Dominion parliament?

**Lad Scared to Death.**  
Lindsay, Ont., May 17.—While helping his father to dig a drain, James Mahoney's son met death under peculiar circumstances. A large snake suddenly wound itself around the boy's legs. The lad dropped dead. It is thought his death was due to fright.

**Calgary Power Bonds Sold.**  
Montreal, May 15.—Max Aikin, the Montreal financier, who returned today from London announced that he had disposed of the \$1,200,000 bond issue of the Calgary Power Company to Sperling & Co., the British bankers. He declined to state the price obtained for the bonds.
