### THE STAR BOARDER.

The star boarder is a hall way station between poverty and affluence. After a man has been fed on boarding house hash and stewed prunes for a few melancholy years, he won't be able to tell a table d'hôte dinner from a bean mash. The star boarder is distinguished from the rest of the species by a hopeless look and a penchant for the neck of the chicken. He always pays in advance and occupies a seat next to the land-lady, who is thus enabled to see how many lumps of sugar he consumes in his coffee. The star boarder never asks for a second helping without a voiceless prayer and an apologetic look. He is lost in admiration when a nifty newcomer passes up his plate for the third trip with the abandon of a light-headed tinner on a slate roof and gets away with it. The star boarder is usually given a reduced rate because of his ability to founder himself at the Sunday dinner on a plate of pale soup and an Early Rose potato that was started in early childhood, thus setting a good example to the other boarders and encouraging abstinence in the use of kiln-dried coffee and tissue-paper bacon. No one ever heard of a star boarder who had to let out his belt as the result of feverish contact with the mid-day feast. He may be as agile as an Alpine goat when pursuing a triple-plated knife and fork through a thimbleful of corned beef and cabbage, but he never overdoes the matter. The star boarder is rarely appreciated at his true worth.

**In Dangerous Position.**

Last night a resident of Mobile, while overcome from alcohol, was found lying on the wharf of James Baird, Ltd., quite near the edge, and had been left there must have gone overboard and been drowned. He was aroused and went upon Water Street where the police met him, and fearing that he might wander down off some other premises and go overboard, Const. Stamp took him to the police station.

**PLENTY OF COD.**—The fishermen on the local grounds report codfish very plentiful and yesterday and to-day good fares were taken, the markets being well stocked with fresh fish which sold readily at good prices.

## Hankow Destroyed.

HORRIBLE BARBARITIES.

Special Evening Telegram.

HANKOW, To-day. The city of Hankow has been destroyed by fire over two-thirds of its extent. The lowest estimate of the financial loss is \$50,000,000, and 400,000 persons are destitute. Hundreds of half-burned bodies lie among the ruins, many of them bodies of women and children. The Customs House, Post Office and the American Mission have been spared. The city has been looted, and the Imperialist troops are taking a hand in the pillage. Imperialist officers tried to check this work and executed a number of soldiers. Refugees were despoiled of their loot on entering the British Concession and cart loads of valuable furs and silks have been seized. It is suggested that the Red Cross receive the proceeds. On Friday afternoon, the Consuls appealed to the Imperialists to cease burning the town. A proclamation was issued immediately which declared the rebels responsible for the fires and ordered them to be killed and ordered them to be killed and ordered them to be killed.

**Plugged Coins.**

Editor Evening Telegram.  
Dear Sir—It is remarkable what a number of "plugged" and mutilated silver coins are now in circulation in this community. They are practically valueless, as the Banks and many of the stores decline to receive them. It is evident that those coins have been hoarded or collected for some purpose, and are now being distributed amongst the unsuspecting public, and the unsuspecting ones are generally those who can least afford to lose the money. The writer has had three of those coins worked off on him (though not doing much shopping) the last few days. It may be a coincidence, but if it be an average of those in circulation, they must be very plentiful. It is time that some warning should be given in this matter, and as the Telegram reaches "all sorts and conditions of men" I bring it to your notice.

**HERE IS A WOMAN OF VERY FEW WORDS TELLS WHY SHE RECOMMENDS DODD'S KIDNEY PILLS.**

She was Run Down, had dark circles under her eyes and her kidneys bothered her—Dodd's Kidney Pills cured her completely.

Upper St. Rose, Gloucester Co., N.B. Nov. 8. (Special)—"Dodd's Kidney Pills are a grand medicine for suffering women." In those words Laura Robichaud, a well known and highly respected resident of this place, voices her sentiments in regard to the grand old Canadian Kidney Remedy. And, like others who have borne similar testimony, she speaks from experience.

"I can recommend Dodd's Kidney Pills because they cured me." Miss Robichaud says. "I was in a general run-down condition. I had dark circles under my eyes and my kidneys bothered me. Two boxes of Dodd's Kidney Pills fixed me up."

This statement is made up of a few words, but it describes the exact condition of thousands of women in Canada. They are run-down, have dark circles under their eyes, and they may not even know it, but their kidneys are bothering them. If they follow Laura Robichaud's example and use Dodd's Kidney Pills they will cure their kidneys, and good health will follow naturally.

## Opening of the Branch Railway BY THE GOVERNOR.

Special to Evening Telegram.

SEAL Cove, via Clarendville, Yesterday.

The special train with His Excellency the Governor, Lady Williams and the other guests of W. D. Reid, Esq., President of the Reid Nfld. Co., arrived at Seal Cove, B.B., at 1 p.m. The running on the new line was easy and splendid, the road bed being in excellent condition. An enthusiastic reception was given to the Governor by the people of George's Brook, Brooklyn and Seal Cove, men women and children cheering. The players of the Highlanders turned out here and played stirring tunes, when the inhabitants received the Governor. The St. John's visitors were delighted with the scenery of Goose Bay and Southwest Bay and say it is the most beautiful of any yet opened by the railway. The special is scheduled to reach Bonavista by 3.15 p.m.

**BIG TIME AT BONAVISTA.**

Special to Evening Telegram.

LAKEVIEW, To-day. The returning special is leaving here at 10.40 this morning. A big time was held at Bonavista last night in the Fisherman's Hall. The Governor and Premier addressed the people. At 9.45 His Excellency dispatched the first train for St. John's amidst great enthusiasm. The streets were crowded and fireworks sent up. The visitors were entertained by the Bonavista ladies in the Orange Hall.

**Balfour's Retirement.**

Special to Evening Telegram.

LONDON, To-day.

Impaired health, increasing age, and the desirability of the leadership passing into younger hands are the reasons given for the retirement of Mr. A. Balfour from the leadership of the Unionist party. No one doubts that the increasing attacks against him by the ambitious younger Conservatives, particularly of the Tariff Reformers, were the principal factors in inspiring his decision. Mr. Balfour will remain in the House of Commons, although he would be elevated to the peerage if he desired. While he, as ex-Premier, was the recognized leader of the whole party, now the leadership will be divided, his successor sharing it with Lord Lansdowne. The successor doubtless will be Mr. Walter Hume Long, who represents the Strand in the House of Commons. A caucus has been called for Monday for the purpose of choosing a new leader. Mr. Long commands the confidence of the older and the younger elements of the party. The advanced Tariff Reformers favour Mr. Austin Chamberlain. Sir Edward Carson, Dublin University, and Mr. F. E. Smith cherish ambitions for Balfour's shoes. Mr. Balfour was received in audience by the King and informed His Majesty of his decision.

## What About the Alcoholic Medicines?

Special to Evening Telegram.

Dear Sir—While on the subject of "compounds" Alcoholic Medicines, all should be dealt with according to law. What is required is to keep the machinery already in motion going, and enforce the law, to allow it to be inoperative is just the same as having no statue at all. As the object is the enforcement of temperance, the liquor dealers are not the only ones who should be called on to do a little house cleaning. The adulterated stuff called medicine that is sold here now provides convincing testimony of the truth of this statement. The drunkenness caused by those notorious concoctions is ten thousand times worse on body and mind than that produced by good spirits. The temperance sentiment is growing, Mr. Editor, but the conduct of the campaign must be thorough and honest to secure general approval.

Yours etc.,

## OBITUARY.

H. T. TAPPER.

It is with feelings of sincere regret we record the death of Mr. H. T. Tapper, grocer, of New Gower Street, which sad event occurred at his residence, New Gower Street, yesterday morning. Mr. Tapper was not alone widely known and highly esteemed in St. John's, but had hosts of friends all over the island, all of whom will be deeply grieved to learn of his demise. Mr. Tapper, who was in his 51st year at the time of his death, for many years occupied a position with the firm of J. & W. Stewart, and when that firm went out of business associated himself with Mr. W. H. Davidson in the grocery business. In 1895 he went into business for himself, and up to last year conducted an excellent grocery and provision trade on New Gower Street. Mr. Tapper was a man whom to know was to respect and esteem. Warm-hearted, generous and unselfish, he made many friends and possessed few if any enemies. All his days he was a stalwart and true Liberal. A kind husband and indulgent father, he left his wife and family plunged into the depths of grief at his demise. Mr. Tapper had been suffering from the fell disease which caused his death—cancer—for about a year, and at Montreal underwent two operations, losing his left arm. Though suffering intense agony for months past he bore up hopefully, and when the end was near surrendered his soul with confidence into the keeping of his Creator. To the sorrowing widow and children, the Telegram extends its sincere sympathy.

## Newfoundlanders Making Good.

Mr. Frederick Hart, brother of Messrs. George and Walter Hart, of R. Templeton's, who recently left here for England on business, and who has been over twenty years in British Columbia, is a man who has made good since going to that country. He lives in New Westminster, is in the real estate business, and has offices at New Westminster, Vancouver and other parts of the Province with 56 clerks engaged at the work. He, as well as several other Newfoundlanders, has made big money in the real estate business, and land which was bought up for 55 cents an acre when first these people settled in British Columbia has since sold for as high as \$2,500 per acre, showing what a profitable investment in that country land is. Some others of the Newfoundlanders who went into this business are now wealthy men, possess fine dwellings and ride in autos.

The new wool factory on Alexander Street is nearing completion, and should be finished in another month or so. The big boiler recently brought there has been placed in position, and yesterday Messrs. Edney Bros. finished bricking it in.

## Big Business Doing

Some of the business people on Water Street say that the present fall has been the best, from a business standpoint, for 20 years past. Owing to the increased value of codfish large sums of money are in circulation and all the stores are doing a fine trade. In no department is this more noticeable than in that of clothing. The city tailors never had such a busy period. Heretofore the average fisherman after being paid off, in most cases, when requiring clothing invested in readymades, but not so now. He is so well provided in money that readymades do not suit him any more, and he "leaves his measure" to some first class tailor for a stylish and good suit, as a result there is a remarkable falling off in the sale of readymade clothing in most stores and a corresponding flip given to tailors, many of whom have to employ extra help to keep up with the trade. In some cases tailors who a few years ago thought they did good work if in the fall they took in \$40 per day are now taking over their counters from \$400 to \$500 daily. Business is also better distributed throughout the year, and every month there is something doing and no absolutely slack season is now in evidence.

## Two Men Drowned.

The following message was received last evening at the Marine & Fisheries Office from Stone's Cove: "Three men, named Solomon Pope, Jno. Price and Randall Pope, putting out of harbor at 4 p.m. (yesterday) while turning Stone's Cove Point. Price and Randall Pope got through from dory by sea and were drowned. Other man, Solomon Pope, saved."

**FOOD**  
**STRENGTH**  
Without Overloading the Stomach.  
The business man, especially, needs food in the morning that will not overload the stomach, but give mental vigor for the day.  
Much depends on the start a man gets each day, as to how he may expect to accomplish this work on hand.  
He can't be alert, with a heavy, fried-meat-and-potatoes breakfast requiring a lot of vital energy in digesting it.  
A C.P.E. business man tried to find some food combination that would not overload the stomach in the morning, but that would produce energy.  
He writes:  
"For years I was unable to find a breakfast food that had nutrition enough to sustain a business man without overloading his stomach, causing indigestion and kindred ailments.  
"Being a very busy and also a very nervous man, I decided to give up breakfast altogether. But luckily I was induced to try Grape-Nuts.  
"Since that morning I have been a new man; can work without tiring, my head is clear and my nerves strong and steady."  
"I find four teaspoonfuls of Grape-Nuts with one of sugar and a small quantity of cold milk is delicious for the cereal part of the morning meal, which invigorates me for the day's business."

## The Bazaar Continues.

The Bazaar in aid of St. Mary's Church which is being held in the British Hall was continued yesterday afternoon and night and a throng of people were present, especially after the stores closed, so that the ladies in charge had all the business they could attend to in disposing of the various useful and pretty articles which the stalls held. The C. L. B. Band was present and enlivened the proceedings by discoursing a splendid programme of music in capital style. One of the principal attractions was the Punch and Judy Show, and the youngsters who thronged about it were delighted. Teas and suppers were served and those in charge of this department were liberally patronized. To-night the Bazaar comes to a conclusion and all who can do so should attend as they will spend both a pleasurable and profitable hour there.
