

Notes From  
Pioneer Lodge.

Editor Evening Telegram.

Dear Sir:—Kindly allow me space in your highly esteemed paper to publish a few words from Pioneer L. O. Lodge, No. 43, Shoal Harbor. We had our annual meeting on New Year's morning at which we elected and re-elected the following officers for 1914:

Bro. A. Balsam, W.M., elected.  
Bro. G. Strong, D.M., elected.  
Bro. Caleb Tuck, Chaplain, re-elected.  
Bro. Willis Wells, Treasurer, elected.  
Bro. Mark Clench, Fin. Secy., elected.  
Bro. Leander Mills, Rec. Secy., re-elected.  
Bro. Arthur Wiseman, D. of C., elected.  
Bro. Joseph James, Lecturer, elected.  
Bro. Zebby Stanley, C. Committee, re-elected.  
Bro. Garland Ivany, Door Guard, elected.

After we elected and installed our officers for 1914, we went to dinner to our good Past Master's house, where we were warmly welcomed and partook of a beautiful dinner which was well provided by the brethren of Pioneer Lodge. After dinner we paraded from Bro. Tuck's house to the Lodge Room, and from there up near Apsay Point, one mile from Lodge Room, where the brethren of Pioneer Lodge had the pleasure of passing through an arch decorated with boughs and a motto of welcome on each side of the arch. The brethren of Pioneer Lodge appreciated it very much, although we are few in number and at times feel discouraged, yet we are glad there are some who are ready to give a word of cheer and who honor the L. O. Association. After walking to the place mentioned, we returned to Church, and attended Divine Service, where the Rev. J. W. Winsor preached a very helpful sermon from the text, "Quit ye like men; be strong." After service we paraded to the Hall where the good ladies had tea provided which was a credit to them. The receipts from the tea went toward finishing the new day school. After tea was over the young people spent a very pleasant evening with games of different kinds. Pioneer Lodge is like parents and children; often children grow larger than parents, as Pioneer Lodge is a mother lodge of three children, still she is the smallest in number. She is, however, doing her best, and hopes in the near future to flourish, and those who are trying to do their best for the good of the Order will see the fruits of their labour.

I see that a correspondent reported us as having our parade; if he had been a little more interested he would have known our day's proceedings, and reported us a little better or not at all. So I think I will close now by thanking you for space and wishing you the season's compliments and the L.O.A. every success.

AN ORANGEMAN.

## Wedding Bells.

CHURCHILL-DIAMOND.

At Glovertown, on the 31st ult., Rev. N. Cole, Methodist Minister of that place, united in holy wedlock Mr. Jas. Churchill, of Hill View, Trinity, and Miss Maggie, daughter of Mr. William Diamond, of Glovertown. The church was filled with friends. The altar was beautifully decorated for the occasion, and Miss Burton, the organist, rendered beautiful music as the bride, dressed in pale blue silk, leaning upon the arm of her father, and attended by Miss Lily Burton, was led to the altar and presented to the bridegroom. The bride's father gave a splendid wedding party where the numerous gifts to the bride and groom were shown. The good wishes of the community are with them for their future happiness. The bride party was accompanied to Hill View by Mr. and Mrs. Diamond.—Com.

French Aviator  
Near Death.

Dropped Thousand Feet and Landed on Roof of Factory.

Paris, January 8.—Eugene Gilbert, the French aviator, narrowly escape death while flying over Paris to-day, when he descended on a roof, through which his aeroplane broke, and was wrecked. Gilbert was making a trial trip in a new army monoplane carrying a heavy load with which he had descended from the aerodrome at Issy-Moulineux. He had flown to Paris where he circled the Eiffel Tower at a height of 1,000 feet. He then cut off his motor in preparation for a glide to the earth. The aeroplane descended so rapidly that the aviator could not be able to avoid the buildings and, as he could not restart his motor, he picked out the most promising landing place, the roof of a factory. The aviator escape injury.

## Daily Investment News

St. John's, Jan. 19, 1914.

DO NOT  
INVESTUntil you have seen  
what our travellers  
can now offer you

Our various travellers and local representatives are now out on their January itinerancy, and within the next few weeks will have covered every important centre in the Maritime Provinces and Newfoundland. We bespeak for them a hearing from the investing public. The prestige of this Investment House justifies that. Your own best interests demand it. It would be idle for us to say that they have a desirable assortment of the better class securities to present for your approval on the outright and instalment plans of payment. We know that the public expect much of us. Therefore in selecting our January list of Investment Offerings we have endeavored to maintain the conservative traditions for which this House has been noted since its founding in 1873.

If desired, a special appointment can be arranged with the nearest representative in your district by communicating with our Halifax Office. But no obligation to purchase is thus entailed.

## At the Crescent.

The Crescent Picture Palace opens its sixth week to-day with one of the finest lines of pictures seen in any theatre in St. John's for some time. The two reel feature is a corker and one that will be a surprise. It contains a strong story of Indian American life of the days of old. The Darling of the Regiment is a youth of much activity and is the principal character in the leading picture. The second picture, On Cupids Highway, a laughable comedy is very clever, as is also A Difficult Task in which Max Linder the world famous comedian is seen to advantage. To Have to Love to Hold is the song selected by Mr. David Parks, the popular baritone and it goes without saying a treat is in store for the patrons that will visit the Crescent on to-day and to-morrow, afternoons and nights. As Wednesday is a whole holiday a big bill will be presented and the management

have made special preparations to cater to the big audiences that will be present at the various sessions.

## Wedding Bells.

A very pretty, but quiet wedding, took place at Flat Island, P.B., on New Year's Day, when Miss Mabel Parsons, eldest daughter of the late Mr. Walter Parsons, was united in the holy bonds of matrimony to Mr. A. W. Miller, the son of George Miller, of Hay Cove. The ceremony was performed by the Rev. Mr. Wilson; the bride who was dressed in white liberty satin trimmed with silver spangle with wreath of orange blossoms and veil, also carried a bouquet of white chrysanthemums and maiden-hair fern which looked very nice as she entered the drawing room leaning on the arm of her mother, to the strains of the wedding march, rendered by Miss Elsie Wilson. The bride was attended by Miss Effie Parsons while Mr. N. Miller supported the groom. Mab, the little daughter of Mr. F. W. Gosling, was flower girl. The next day the wedding party went in motor boat to Hay Cove, their future home. The numerous presents received testified to the esteem in which the young couple are held by their friends, who wish them many long and happy years of wedded life.—Com.

Cancer Cured  
by Radium.

Declares London Physician.

London, Thursday, Jan. 8.—The London Times this morning publishes a statement concerning the treatment of cancer by radium at the Middlesex Hospital, which, it declares, records the most important advance yet achieved in the campaign against this disease. The statement is made by Dr. W. S. Lazarus-Barlow, under whose direction the treatment was carried out.

The cancer department of the hospital, admits only inoperable cases—that is, cases which have passed beyond the aid of the surgeon. In 1912, from June to September, 24 such cases were admitted, and in the same time there were 24 deaths, the mortality rate being 100 per cent. From June to September, 1913, the number of cases admitted was 68. In that time 26 deaths occurred and the condition of 32 patients was so favourable that they were discharged from the hospital, an unprecedented event.

Most of these patients are now going about their daily work. "It is a crying shame," Dr. Lazarus-Barlow continued, "that radium cannot be obtained. I have every reason to believe from statements of manufacturers that radium could be sold at a profit at a few shillings per milligram. The present market price is \$20 and upward."

"In a matter of this urgency it becomes a question as to whether the state should not assume control of the sources of radium in this country for the benefit of the 3,000 persons who annually die of cancer in these islands."

## Dr. Jones Writes

Dear Sir,—Answering your inquiry as to my experience with the "Ford," you will remember that it was quite late in the season before I got it on the road and as I was away for six weeks in the Fall, my total mileage was not a large one, only 900 miles. Our main roads are very rough and hilly, our side roads more so, but I did not have to spend a cent on repairs to car apart from ordinary tire troubles. I found the car a great time saver enabling me to get through my work earlier and giving me hours of leisure impossible when I used the horse.

I remain,  
Yours,  
(Sgd.) W. E. JONES,  
Avondale.

## SATURDAY NIGHT'S ARRESTS.

Five arrests for inebriation were made on Saturday night, three of whom were allowed out yesterday on deposit, the other two appeared in court to-day.

A Word for  
Our Firemen

Editor Evening Telegram.

Dear Sir,—Councillor Ryan certainly deserves the thanks of the public for bringing forward a matter that calls for immediate attention, if we desire to aspire to the dignity of true citizenship. All realize that we have a Fire Brigade in this city that is held in the highest esteem, and which enjoys the fullest confidence of the community, but whilst we are ready to admit that, unfortunately we stop there, and do not bother ourselves in enquiring as to how the firemen are treated. As a matter of fact these men are of a quiet retiring disposition, they attend to their duties, the public feel safeguarded and month by month pass on, and the public caring little whether they get it or not, the result being they are left. Being under discipline they cannot go out and champion their cause, they mix very little with their fellowman and suffer in silence.

Now, for goodness sake, let every citizen open his eyes and his ears to this fact, and when he has become acquainted with it, let him arise and take an interest in these men who are at all times ready and willing to risk their lives to protect him and his property. The firemen at present work every day in the week except one, and on that day they are supposed to be on hand if an alarm is sounded. They not only are on duty in the daytime but they must sleep in the Hall and be ready at all hours to respond to an alarm, often being called in the dead of night, awakened out of a sound sleep, to fight a fire in the height of a blinding snow storm and intense frost. These men too, have to forego the comforts of home, except it be for one day out of eight, except at meal hours, and for this they receive the miserable pay of thirty-eight dollars per month. Now, Mr. Editor, I would ask any fair-minded citizen if he thinks this is fair treatment? True it may be said "if they don't like it they can get out," but let me ask, can we as citizens give that answer, and at the same time uphold the dignity of citizenship? Or can we afford to run the risk of losing the capable experienced fire-fighters who now constitute the Brigade? I say no, emphatically, for, in no city of its size have there a better class of firemen than we have in St. John's. We all know, who have to live on sixty or seventy dollars a month, how hard it is to make two ends meet, but how do we expect the firemen to work for us on thirty-eight dollars. I again congratulate Mr. Ryan on his noble stand, and I hope that he will not lose sight of it, until he secures better pay for the gallant firemen.

Yours sincerely,

St. John's, Jan. 17th, 1914.

Cured Diseases  
of the Kidneys

And is Depended On Right Stomach and Liver Disorders.

Once Dr. Chase's Kidney-Liver Pills are introduced into the family and their efficiency becomes known they are usually found too valuable to do without. For everyday ills arising from liver and bowel disorders they bring relief promptly, and when complicated diseases of the kidneys and liver develop they often prove a successful cure after doctors have failed. As an illustration, you may read the following, which was received a few days ago:

Mrs. John Wright, 53 McGee street, Toronto, Ont., states: "We have used Dr. Chase's Kidney-Liver Pills for ten years, and would not be without them. My husband suffered from kidney trouble, and after taking treatment from several doctors without receiving any benefit, tried Dr. Chase's Kidney-Liver Pills, which worked a complete cure. Since that time we have used them for all stomach and liver disorders."

One pill a dose, 25 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.
