But then let us remember, and never cease to remember, that the Hiltz crew have been considerably strengthened by Tommy Payne on first. Billy Callahan guarding the keyshort, and Capt. Sid Frost in charge of the territory around the third bag. -Not forgetting of course the old southpaw-Nuts Ellis. These men are veterans all, which prompts us to remark in verse:-

Howdy, old returned vets, We're glad to see your home, We're glad to see you hustled back, Across the flying foam. We're proud of you, returned vets, We like what you have done To save the world for liberty, To crush the hungry Hun.

Howdy, old returned vets, We're proud as proud can be, Because you gladly did your bit To make the whole world free: Because you didn't hesitate, But like a clean up man, You shook the spikes for hob-nails-To join the fighting van.

Howdy, old returned vets, We're glad to shake your hand, For words are oft so empty And hard to understand;

After the ceremony the wedding party drove to the residence of Mr. Bugden, Monkstown Road, where a large number of guests had already assembled, and at 9 o'clock all sat down to a bountiful spread to which ample justice was done. After which games and musical numbers were indulged in until a late hour. Miss Edith Bugden presiding at the piano. A very large number of Gardner, M. M. Hollett, M. P. A train was then heard coming from the direction of Waterford Bridge, and the man and woman, running up the track a short distance, toward the engine used a flashlight as a signal to the engineer to stop. This signal, however, he failed to see, and therefore did not stop. The engine struck the car with a crash, and the automobile was hurled across the road and over the bank into Waterford River, some forty feet away. The engineer, now feeling the impact, brought the train to a standstill, remaining so for a few minutes while Lindsay to Mr. Arthur Squarey, son he got out and ascertained the cause of R. T.
