

League Baseball Season Opens in the City Today

MR. CARNEY IS HERE WITH LEAGUE LEADERS

The Calgary Team Was Tied up by the Weather Yesterday Meet Deacons Today

The Calgary baseball team, present leaders of the Western Canada league, arrived home last evening from their successful trip to Medicine Hat and Lethbridge.

By schedule the team was not due until this morning, but bad weather at Lethbridge caused the postponement of the game, and consequently robbed Carney and his bunch of another victory.

The team has done remarkably well during their trip on the road. To come back leading the league with four wins out of five games played and three of these against Billy Hamilton's champions at Medicine Hat is a creditable performance, of which the local fans should feel well pleased with. The only game lost was the first one.

Weather permitting this afternoon the season will open in Calgary and Deacon White's Equinoxes will be the visitors who will try and beat Carney in his own den.

A good program has been arranged, including the procession, with its usual pomp and glory, characteristic of such a glorious occasion. And what a time will be had on the occasion of the old time rivalry. Opening games with Edmonton always were and will be a feature of the baseball season.

Deacon Up Against It

When Deacon opens here this afternoon he will be up against the real goods, but the Equinoxes come prepared. Knowing they would need everything in their favor to win games in Calgary, the north fans sent down a contingent of rooters, who arrived in the city last evening. They are led by President Vickerman, who is well known by local fans for his rooting ability. This, however, may help the Calgary team, as it is not certain but that Vickerman may prove a hoodoo to the Equinoxes.

From the dope sheet it looks like a trimming for Deacon and his hunkies. Calgary took two of three from Hamilton, while Deacon has not been able to hand out anything to the Mad Hatters. The dope sheet, however, does not always run true and Deacon might turn a trick at that.

Bill is Well Pleased.

Manager Carney is well pleased with the showing made by the local players while away from home. The team is working well together, and hitting the ball all the time. They have outplayed their opponents at all stages of the game. They scored double the runs, hits and made less errors, which shows the team up to good advantage.

From the five games played the dope sheets work out as follows:

Calgary scored double the runs, hits and errors; their opponents made 11 runs, 24 hits and 24 errors.

Calgary struck double the hits and Lethbridge once; themselves played two errorless games.

The pitching staff is working well, and in good shape. Gibson has only worked in one game, but in this he held the Hatters down to one safe hit, and had them fanning the air at different angles. Manning is going strong. He has control enough for anything. Lefty is as cool as a cucumber, and the same with bases full or empty. In his game at Lethbridge he got bases full twice, once with only one out, and he came back and struck the balance out. The boys say Chesty Cox has a good bunch of ball players, but they are not working right.

The locals are sure they would have won the third yesterday if the weather man had not butted in, as they had the Indian sign on the Lethbridge team. Manager Bill does not have very much to say last evening, but his smile was enough. It was a smile of satisfaction and content. He has the team working well on the inside points of the game, and in places where it spells runs. The infield are playing together like clockwork and the outfield covers all kinds of ground. All the men are clotting the ball all the time, but some of the players are lucky enough to hit into the outfielders' mitts.

The team will now play eight straight games with Edmonton, four in Calgary and the balance in Edmonton.

His ump, Longenecker, is in the city all ready for the opening game, and from all reports he is some ump. The boys speak well of him, and were much pleased with his work so far.

Faddock, the coast pitcher, has not yet arrived, but is expected at any time. When Faddock does turn up, Carney will have a very strong pitching staff, and one that can be depended upon at all times.

SCHEDULE OF GAMES IN LACROSSE LEAGUE

Meeting of Alberta Amateur Lacrosse Association held at High River yesterday.

The Alberta Amateur Lacrosse Association met at High River last night for the purpose of drawing up a schedule for the coming season.

The meeting was presided over by Messrs. Collison, Moir and McLeod; Lethbridge by Mr. Hunt and High River by Dr. Stanley and Bert Pottle.

By the schedule each team in the league will play eight games during the season, four at home and four away from home.

The schedule is as follows:

June 8—Lethbridge at High River.

June 15—High River at Calgary.

June 22—Calgary at Lethbridge.

July 1—Calgary at High River.

July 8—High River at Lethbridge.

July 15—Lethbridge at Calgary.

July 22—Lethbridge at High River.

July 29—Calgary at Lethbridge.

August 5—High River at Calgary.

August 12—Lethbridge at Calgary.

August 19—Calgary at High River.

The Calgary representatives after the meeting endeavored to complete arrangements with the High River club for a game there on May 24, but no definite answer was received last night and the High River boys will meet and discuss the proposition.

KENTUCKY DERBY WON IN VERY FAST TIME

The Record Time in Event Almost Reached by Donau.

Louisville, Ky., May 10.—Donau, the bay son of Wollastor, today captured the Kentucky Derby at a mile and a quarter in the sensational time of 1:58.2-5. Joe Morris was second and Fighting Bob third.

The race was over a fast track in the presence of the largest crowd in the history of local racing. The record for the class is 2:06 1-4, made by Lieut. Gibson in 1900. The value of the Derby to the winner is \$50,000.

Pitcher Has Fractured Arm

Boston, Mass., May 10.—An X-Ray examination made tonight revealed a fractured elbow joint in the pitching arm of Babe Waddell of the St. Louis Americans. Waddell was hit by a pitched ball during the game here today and has retired from the game. He will be able to play again for two months.

EXCELLENT SCORES MADE IN LAST MATCH

Calgary Miniature Rifle Club Made Good Record in League Matches.

The last of the Canada Rifle League matches was fired on Monday evening, with the following excellent scores. The last shoot of the year will be fired Thursday, 12th May, when the Quebec medal will be fired, for each member being allowed three targets, the highest decimal score to win the coveted prize. This will wind up the season for miniature shooting, most members having joined the Calgary Rifle Club. Too much cannot be said in favor of the system which some years ago was known as the "Empire Plan," all races at the finish of the second heat if run in straight heats, but in case of split heats, heat winners alone to start in the third or final.

Under this system no race can possibly go over three heats, while outside of two contenders all starters go to the barn after the second heat. It is found to make the sport short and snappy, and the dash system which has been tried and approved the best for racing trotters and pacers.

Laying out heats, the greatest drawback to the dash system is that it is absolutely impossible, while horses can be raced at top speed yet more frequently than under the existing system.

Winners of all races will be given, according to conditions, an extra inducement, so as no horses entered in the events, will be held back that can win, resulting in speed fights to the limit. In the \$2,500 the winner gets \$1,500 or 60 per cent of the purse, while \$300, \$200, and \$100 go to second, third and fourth respectively.

As a further incentive to drivers to get in front and race their mounts to their speed limit, the winner is allowed the position of ad starter, that might be distanced. The association wants no benefit from the purse.

NOTES FROM THE TURF

(By O'Neil Sevier.)

New York, May 9.—Musketeer, winner of the Futurity of 1908 and the most successful 2-year-old filly of last season, is proving the heroine of the workouts at Sheepshead Bay. Musketeer is in the Metropolitan Handicap at Belmont Park with Hilarious, Helmet and Sweep, and Trainer James Rowe evidently intends to have her at the post ready to do her best.

With Marshall in the saddle, the big brood daughter of Disguise and Birturica stepped a mile in 1:43 2-5 easily. She did not go off very swiftly, but once on her stride, she kept steadily at work, turning the quarter in 25.

Ballot, the Suburban winner of 1908, who was declared from the Metropolitan several weeks ago, gallops a mile in 1:58. Ballot is getting ready for his engagements at Sheepshead Bay. He is training soundly and will probably bear the spotted jacket in another Suburban, perhaps against the doughty Fitz-Herbert, winner of the Suburban last year.

Sweep, another Metropolitan candidate, is doing a mile in 1:45 1-5. This has been Sweep's fastest gallop in some time. Sweep has several valuable engagements at Belmont Park. He is in the Withers stake in which he probably has to meet Waldo and the Turk, and he is in the Belmont in which August Belmont's Starbuck seems to be the most formidable of his prospective opponents.

The work watchers at the Bay expect to see Hilarious at the post in the Metropolitan, but Mr. Rowe did not ask much of the light footed filly. Leach Cross will meet Matty Baldwin before the National Athletic Club in New York City on the night of May 13th. In private life Cross is an East Side dentist and his real money is in Dr. Louis C. Wallace. He is a Jew.

This is supposed to be the hardest month for Jeffries. He is supposed to reach the game of good condition in May. Jeffries is a big, powerful, and coming battle and this is shared by Mrs. Jeffries, who says she "knows her Jim will win."

Gunboat Smith is the latest acquisition of the Johnson training camp. The new recruit has a fine stage and Johnson has been dickered with a Frisco negro quartette to join him and furnish music every night. With plenty of gasoline and music, Jack ought to go into shape in no time.

Jack Johnson has been spending practically all his time in his automobile. It bet there was no other man in the world who likes automobile riding so well as Johnson. Johnson's ambition, he says, is to be the best chauffeur in America. Winning the heavyweight belt is a side issue with him.

Boxing is again in vogue in Cleveland, Ohio, after an idleness of several years. Three clubs—the Tuxedo, Eagles and Elms—are running weekly shows, which are for members only and are meeting with success. Jimmy Dunn's stable of boxers, numbering five, seem to have the call. Among them are Harry Greb, Dan King, Dan King, Johnny Kilbane, Paul Kohler and Lou Reddy.

Stanley Ketchell will be 23 years old next September and there many a fellow who is not yet 20 who has been. That shows how time flies in the boxing game. Ketchell stands 5 feet 9 inches in height and when in normal condition he weighs 160 pounds. He began his career as a professional pugilist in 1904 and has been defeated twice; once by Billy Papke and again by Jack Johnson.

With his usual softness Freddy Welsh is now trying to advertise his bout with Paeky McFarland in England on May 30 by arranging a fight with Ad. Wolgast to be pulled off on the coast in June or July. Welsh recently showed which are for members only and are meeting with success. Jimmy Dunn's stable of boxers, numbering five, seem to have the call. Among them are Harry Greb, Dan King, Dan King, Johnny Kilbane, Paul Kohler and Lou Reddy.

BOU WAS FIXED BETWEEN LANGFORD AND KETCHEL

That is the Rumor That is Now Being Circulated

Northboro, Mass., May 9.—Sam Langford, the husky middleweight, who will meet Al. Kuback of Michigan before the Fairmont A.C. in New York city on the night of May 17, has gone into training here, this place being his old home.

At his round out his condition at Atlantic City, and Sam believes that such training as the Michigander does at the sporty resort will not help him any.

Langford is 30 years old in February. He stands 5 feet 8 inches, and is as ugly as sin, judging by Caucasian standards. His normal weight is 160 pounds. In fighting style he is a reproduction of Joe Wolcott, the old time welter weight. Sam has been in the ring since 1901 and is familiarly known as "The Boston Tar Baby." Since Sam got out of the amateur class, he has taken part in 90 battles. Jack Johnson beat him on points in fifteen bouts, seven years ago. His fight with Moran, Tiger Smith, Jim Barry, Jim Flynn and many of lesser note. Last year when he put Jim Hague, the English heavy, to sleep, he was the champion of the world by the National Sporting Club of London. That was after Johnson had knocked out in a match with him.

Langford refused to take the title, saying he did not care to win it by default. Langford was the favorite in his recent fight with Moran, but he was convinced that the Philadelphia battle was fixed.

THE Mexican's Crime

and OXFORD-CAMBRIDGE BOAT RACE

Britt seems to have fallen in love with British theatricals.

Attell has figured out a system for himself by which he hopes to stay in the ring for a good many years to come. He is working to make himself as little as possible. Always a very clever boxer he now asks always for short bouts and allows his antagonist to do all the work. Abe skips and ducks and stalls while his opponent wears himself out with smashing the empty air. Then as the battle draws near to the end, Attell cuts loose with a few wallops and gets the decision.

Attell believes that by saving his energy in this way he will last for a long time yet. His fight with Moran will be the hardest he has had for a long time and he cannot help but do a lot of hard work in that. His friends believe, however, that he will easily outpoint and win from the Briton.

The English lad has a lot of supporters in America however, and he will be heavily backed when he jumps the ropes.

Tom Sharkey Calls Jeff By Thomas Sharkey

(James J. Jeffries admits that Sharkey is the greatest man that ever went up against him, and Sharkey claims that he will challenge the winner of July 4th next.)

That fight is going to be all Jeff from the moment the gong rings until the referee counts ten over Johnson's body. I know Jeffries; I have fought him and I am able to size him up better than the dopesters, who guess at things. In my opinion Jeffries ought to win within 15 rounds, maybe 10.

I look to see Jeff start the fight with a rush. He will carry it into Johnson's corner although this has not been his style in the past. Jeffries always planned his battles in advance and I'll bet right now he knows what he is going to do in the ring. I dare say he will start walloping Johnson the minute they get together, and by the end of 10 rounds the champion won't have any more fight left in him.

It will be Jeff's game to hurry things as much as possible and keep at the negro with those hard right and left swings, so that he can put all his strength in the blows that get in early.

Take it from me that the bout won't go over 15 rounds. Johnson is a fine boxer, but that won't help him in the boiler maker. Remember I'm not saying that Johnson is a shine fighter. I never fought him but I know he is pretty clever with his fists. He is a lively customer all right, but he can't be ranked with Jeffries. The Jeffries of six years ago far outclassed Johnson at his best and it would have been a criminal to put them up against each other in the ring at that time. Or

Use your own legs more, and you will acquire a new sense of direction.

Get into the sun and wind, and keep a little in the open—without, however, or a lever to go by—will learn how to become the master, rather than the slave, of the machines.

It's worth trying in politics.
