RUNS AMUCK WITH GUN

New York, Jan. 15. - An Italian made a circuit of several blocks in the vicinity of Sullivan, McDougall, and Third streets, late last night, shooting at everybody that he encountered as he ran. "Chuck" Tucker, a featherweight pugilist, was shot in the mouth and seriously wounded. The man fired at two policemen several times, but the shots went wild. He was finally subdued and locked up in a police station. The police believe the man is insane.

"Some time ago I went to Pitisburg failing remedy.

The Home First-Aid

Accidents will happen in the best regulated families, and the necessity of keeping a reliable first-aid for home use cannot be too strongly insisted upon.

Where a box of Zam-Buk is kept on a handy shelf, no member of the family is at a loss in emergency. The breadwinner dresses his injuries with Zam-Buk, and knows that its powerful antiseptic action will clean out the wound, preventing suppuration or poisoning. The housewife flies to the useful little box for her bruises, cuts, and burns, and the little ones cry out for Zam-Buk when they fall, because they know it will soothe smarting pain and heal quickly.

Zam-Buk is a pure healing balm made from rich medicinal herbs, the saps and juices of which are cleverly combined and concentrated, and wonderfully refined. Many modern preparations contain quantities of animal fats and mineral poisons, and are not only coarse, irritating, and unreliable, but tend to create the very complications which should be guarded against.

The Zam-Buk way is both different and superior. This natural healing balm takes out the smart and soothes the pain, reduces the inflammation, and induces a clean and rapid healing right away. It kills microbes, nullifies the effects of dirt or poisonous substances, and finally helps Nature to build up new tissue to replace that which has been damaged or destroyed.

How Zam-Buk Cured Child and Father in one Home

Mr. Alf. J. Clark, of Cavendish St., London (Ont.,) says:—"I got my heads so severely burned with lime that as I worked with my shovel, the blood actually ran down the handle. The agony I suffered you may well imagine. I tried several different kinds of salves but the burns were too severe for these preparations to heal them. Then I tried Zam-Buk and the first few applications gave me ease. In a short time this balm healed the burns, deep as they were, and since then my hands have felt better-muscles more firm and skin in better condition than before the injury.

My little daughter, while playing in the house one day, fell and burned her hand severely against the stove. She ran to her mother crying and my wife, knowing the benefit I had received from Zam-Buk, put some on the child's burns. The little one stopped crying almost immediately, so soothing was the balm, and in a very short time her hands were all right again."

What You Should Use Zam-Buk For Zam-Buk is absolutely unique in its power and in the variety of its uses. For skin injuries and diseases of all kinds it is at the same time a sure antiseptic and a quick healer. It is especially recommended for eczema, scalp sores, ulcers, burns, cuts, bruises, abscesses, poisoned wounds, old sores, wounds and sores which refuse to close under ordinary treatment, rashes, face sores, babies chafing sores, chapped hands, cold sores, chilblains, Etc. All Druggists sell at 50c a box, or may be obtained by sending price to Zam-Buk Co., Toronto. 6 boxes for \$2.50, Send one cent for dainty cample box and test it at our expense.

conference among the delegates pres- world to know how he became so rich. "Some day character will count. Government upon having relieved the You ask if the Socialists give Car-Province of a monopoly that had long negle credit for his intelligence and been detrimental to the best interests enterprise, and if these were not the sources of his wealth. My observation has taught me that intelligence and character do not count in the struggle for wealth. The men of largest for tunes are the ones with fewest

morial, which had been drawn up during the course of the morning after a No, Mr. Carnegie does not want the Can Consumption be Cured?

There is plenty of indisputable evidence to prove that Consumption has been cured even after the symptoms were well defined and the lungs actually involved.

On the other hand, there has always been a point beyond which the disease has been considered incurable. Until a comparatively recent date this point had a place at a very early stage of the malady, but modern scientific discovery and common-sense methods of treatment have gradually moved the hopeless point further and further back, until now the Consumptive is not "given up" until the very last stage of the disease is reached.

Nothing in recent years has done so much to improve the chances of Consumptives as the advent of

In fact, it is claimed that, with plenty of fresh air, sunlight and comfortable surroundings, FERROL has shed the hopeless point to the limit, that is to say, where these fail the chances of cure are very slim indeed.

FERROL does not kill the germs of Consumption (anything that will do that will kill the patient), but FERROL does the work by repairing the waste tissue, enriching the blood, toning the nerves, in short, by building up the whole system and thus enabling nature to expel the disease.

The only possible chance of curing Consumption is by proper nutrition, and FERROL is the only perfect nutrient, because it combines in palatable and easily digested form the very essentials of life-Oil, Iron and Phosphorus. We feel some diffidence in claiming that FERROL

will cure Consumption, lest we be misunderstood, but we have not the slightest hesitation in stating that it is an infallible cure for BRONCHITIS, CHRONIC COUGHS, CROUP, WHOOPING COUGH, CHRONIC RHEUMATISM, NEURALGIA, NERVOUS EXHAUSTION, SCROFULA and all wasting diseases.

For restoring lost weight and building up the rundown system FERROL is absolutely without an equal.
