AIM OF GENOA'S

End Since the War Ended.

OF EQUALITY BASIS

Received in Attempt To Mend Financial Status.

BY J. W. T. MASON.

Expert on International Relations. WASHINGTON, Feb. 5.-The sumnoning of the Genoa conference is e first move since the war to bring friends and enemies together in a conerted effort to save

Europe. The Genoa con ference as originally planned called for invitations to Germany, Austria, Bulgaria and Russia to send delegates to meet the illies representa-

tives on a basis of quality. If this arrangement is carried out Genoa, birthplace of Christopher Columous, who discovered a new world,

France Blocks Path.

France is blocking the way to eace at Genoa. Peace was not really igned at Versailles, according to the belief in France. Only an extended armistice was forced on the Germans, who were waiting their time o resume the war.

Therefore, France wants no quesions discussed at Genoa which in any way will strengthen Germany conomically or financially. France believes as soon as the Germans get heir strength back they will begin

war of revenge.
France also insists that the Rus sians be allowed to attend the Genoa meeting only as inferiors and on sufferance. France demands that the Russians pay their foreign debts be fore being admitted to any equality with other nations.

High Hopes Fade.

With France in this obstinate mood, the high hopes that the Genoa gathering would start Europe on the path of accelerated recovery are fad-

The nations of Europe which want the Genoa conference to be held for the purpose of co-operation all around declare that France instead of Germany is preparing for a new war in order to get permanent possion of the Rhine.

They also say France cannot legitiately demand that Russia's foreign debts be paid until France pays her own. France owes more money to foreign nations on which she is paying no interest whatever than Rus-

The Genoa conference may end in failure; but it will have marked a beginning. The original program of the Genoa conference eventually will have to be taken up by another conference. There is no other way of

saving Europe as a whole Four Problems On Slate.

At Genea or at a subsequent con-ference the following problems will have to be faced, for until they are solved, chaos in Europe will continue: ONE-Revision of the indemnity lemands on Germany so that the German people will have an incentive to reform their currency and resume their normal economic life by being allowed to keep some of the

profits of their labor, TWO-Stimulation of Russian rade so that Europe can increase its food supplies from Russia and sell it manufactures to Russia in return THREE-Stabilization of exchange

For, shortly before noon yesterday. Edsel Ford, acting for the Ford Motor Co., purchased the Lincoln Motor Co., at a receiver's sale held on the front steps of the plant.

He bought it for \$8.000,000. The deed to the property will be delivered to the Ford Co. early in the

OWEN SOUND, Ont., Feb. 5 .- Suffering from a protracted and probably fatal disease, John Inglis, a wellknown miller at Inglisfalls, two miles south of Owen Sound, secured a shotgun, and, placing the muzzle just below his heart, pulled the trigger The late John Inglis was a member of one of the pioneer families of this district, and was always highly respected. He was about 68 years old. A widow and family survive. Coroner Dr. A. B. Rutherford was called and decided that an inquest would not be necessary.
