

HEADS OF JARVIS FIRM PLACED UNDER ARREST

Aemilius Jarvis, His Son, and
Harry Peppall Out
On Bail.

NEW DEVELOPMENTS

Ferguson Intimates Evidence
in Provincial Scandal Is
Growing Steadily.

Canadian Press Despatch.

Toronto, May 12.—The meshes of the provincial bond scandal, already holding the Ontario government treasurer, Peter Smith, in a criminal prosecution, today tightened in like fashion about Aemilius Jarvis, Sen., Toronto bond dealer and internationally known capitalist; Harry Peppall, the manager of his firm, and Aemilius Jarvis, Jun., his son and associate in business. Their arrest upon a charge of conspiracy to defraud the government and the public was the sensational move which followed recent investigations by crown officials.

Following the arrest, Hon. W. F. Nickle, K.C., attorney-general, said that the Jarvis-Peppall charges were in part identical to those upon which Mr. Smith was being arraigned. Asked then why the arrest in their case had been so long delayed, he intimated that the Peter Smith "scandal" had recently taken on significant developments. "Two people," he said, "may conspire together to do one particular thing, and they may also do another."

Bail Granted.
Following the arrest of the three men at the Jarvis place of business at 4:15 in the afternoon, bail was granted by the crown a bond of \$50,000 for Mr. Jarvis, Sen., being supplied by Alf. Rogers, a bond of \$50,000 for Harry Peppall being supplied as follows:

Twenty thousand dollars by T. Peppall, a brother; \$15,000 by W. E. Peppall, another brother, and \$15,000 by Bryce B. Hunter, a brother-in-law, and a bond of \$25,000 being supplied by Mr. Jarvis, Jun., by Colonel Walter Gow.

The charge is laid under section 444 of the criminal code, which provides a maximum of 7 years' penal servitude.

Premier Ferguson, confirming the impression given by the attorney-general to the effect that the crown's evidence in the bond scandals is proving cumulative, said that a strict investigation into all pertinent data was being made, and that "as we find out those whom we believe to have been guilty, we will prosecute them."

Fear Change in Firm.
The reason for the action taken today, according to some police officers, lies in information alleged to have been obtained by provincial police on Saturday that there was to be a change in the Jarvis business dating from today. An officer of the firm, speaking to a newspaper on Sunday night, intimated that there was to be a change of reorganization in the business, but that the time was not ripe for the announcement.

This information was in possession of the provincial police Saturday, it is said, and today it was brought to the attention of the attorney-general at a conference with Crown-Attorney McRuer at the Parliament Buildings. The order for the arrests followed the conference.

Although Attorney-General Nickle ordered the arrests, the city police executed the warrants. This is the first time the city police have acted in connection with bond revelations.

CRERAR FORESEES EARLY PROSPERITY

Advocates Giving More Purchasing Power To Expanding Western Market.

Canadian Press Despatch.

Hamilton, May 12.—Industry of Eastern Canada, said Hon. T. A. Crerar to the Canadian Club, can have no greater guarantee of prosperity than by giving to the expanding market of Western Canada all the purchasing power for which the latter has the capacity.

Mr. Crerar spoke of the economic relationship of Eastern and Western Canada. His message, in effect, was that a prosperous agriculture in Western Canada is certain to be the cause of industrial prosperity in Eastern Canada.

As proof of this Mr. Crerar declared that industry in Ontario and Quebec from 1895 to 1912 was never so prosperous. Yet this was only the natural reaction to the development and of the prosperity in Western Canada during the same period.

Mr. Crerar spoke as a non-partisan. He deplored the cleavage which came at times to divide Eastern and Western Canada. He believed there was one common, all-for-Canada basis on which these vital fiscal questions could be solved. This, to his mind, was the realization of the vision of the fathers of Confederation.

BERLIN PAPERS SCORE POINCARE

Declare French Premier Will
Sink To Level of Impotence.

Associated Press Despatch.

Berlin, May 12.—Most of the newspapers this afternoon rejoiced over what they termed the discomfiture of Premier Poincare in consequence of the French elections. None of them, however, was hopeful of any real change in the French policy towards Germany.

The Berliner Tageblatt expressed the opinion that the French people realized that they would be economically ruined and politically isolated by "a continued policy of hate and violence."

The newspaper predicts that M. Poincare "will crash from the height of power to the level of impotence."

The Tageblatt considers it pitiable that the moment when the French people send "nationalism to the devil and when real negotiations could begin, should have been chosen by political ignorance in Germany to foster nationalism."

LESSON FOR LIBERALS.
Associated Press Despatch.

London, May 12.—In the course of a political speech in London tonight, David Lloyd George, former British prime minister, alluded to the results in the French elections as a great Liberal victory—an event of great significance and deep moment, which he firmly believed would conduce to a much-needed pacification of the world.

Lloyd George said the Liberal victory in France would provide a lesson in unity and action for British Liberals.

BROWN MISTAKEN, DECLARES GANDIER

Moderator of Presbyterian
Church Denies Suggesting a
National Church.

Special To The Advertiser.

Toronto, May 12.—Rev. Dr. Alfred Gandier, moderator of the Presbyterian Church in Canada and principal of Knox College, gave denial today to the statement of Rev. G. W. Brown of Red Deer, Alberta, that Dr. Gandier had at a church union committee meeting stated that "this is the beginning of a national Protestant church for Canada, and no government would dare to resist the demand of such a church."

After he had read the wording of the affidavit that Mr. Brown had taken in support of his statement, Dr. Gandier said:

"I have no doubt that Mr. Brown thinks I made such a statement—I would not accuse him of willingly making a misstatement—but he is mistaken."

"I have never discussed the relationship of the United Church of Canada with any governments, either national or provincial, in any public utterance," he said. "The relationship of the church to the government was not under discussion, and there would be no reason for me to make such a statement."

"Would it be possible for Mr. Brown to have gotten one of your statements somewhat twisted in the repeating of it?" asked The Advertiser.

"Yes, or he might have mistakenly ascribed to me the remark of somebody else," said Dr. Gandier.

He remarked that Mr. Brown inclined to the view that it was at a meeting of the committee in the rear of St. James' Square Church, Toronto, that he heard the statements made. "I think there has been no such meeting held there for ten years or so," commented Dr. Gandier. "All I have to say is that Dr. Brown is mistaken," he concluded.

**NATIONAL PROSPERITY
ON UPGRADE IN FRANCE**
Foreign Trade Figures For First Quarter of Year Greatly Increased.

Associated Press Despatch.

Paris, May 12.—Whatever may be the effect of yesterday's election results evidence are forthcoming that national prosperity is now on the upgrade.

France's foreign trade figures for the first quarter of the year 1924 give the value of imports as 9,000,000,000 francs, and exports nearly 10,000,000,000 francs. These figures greatly exceed those of last year for the corresponding period and if the comparison is unfair owing to the recent cheapness of the franc, it is significant that the trade balance for the period was favorable to France to the extent of 750,000,000 francs, while last year for the same period there was an adverse balance of 400,000,000 francs.
