Mr. Frank Devereux and his surveying party have returned from their work on Pitt Island, where they had been mapping out the Indian reservations. They report everything prospering in the district and peace reigning supreme. Brain at McPherson's. Within the past week, four bears have been shot at the Koksilah River, near Mc-Pherson's, and well-matured animals they were. Mr. R. Colvin's rifle put an end to two of the troublesome customers, and Mr. Edward Forrest scored the other two to his oredit. Bears are numerous in the district, and aspirants to "large game" will do well to give it a call.

Mr. Coroner Hasell Last evening's issue of the British Columbia Gazette contains, under date of the 16th instant, notice of the appointment of Edward Suter Hasell, of the City of Vic-toria, M.R.C.S., England, to be Coroner for Victoria City, Victoris and Esquimalt elec-tored direitate toral districts.

Their Term is Ended.

Their Term is Ended. At St. Louis College, yesterday, the ex-amination of the pupils, under the direction of Rev. J. Leterme, practically brought the scholastic term to a close. The prizes will be presented, and the closing exercises held, this morning, when the school will be formally dismissed for the holidays. The following students of the college have passed into the commercial class: A. Potts, G. O'Rourke, C. Oleson, C. Dunlevy, L Madigan, C. Gerger, and D. Campbell.

Resolutions or notices of new business to be brought before the Board of Trade, at the annual meeting on July 8, should be placed in the hands of the Secretary im-mediately. A despatch from the Governor-General, bearing date of May 30, 1892, appears in the B. C. Guzette, of last evening, covering the following from the Bight Honorable Secretary of State for the Colonies: ely. School Examinations [LORD KNUTSFORD TO LORD STANLEY OF PRESTON.] DOWNING STREET, 9th May, 1892.

Inspector Wilson and Mr. John Ander-son, B.A., leave on the 2nd inst. for Kam-loops, where the school examinations for that district will be held. About a week will suffice to complete the exams. HERE AND THERE.

Quoiting will hold the fort at the Spring Ridge grounds, this afternoon. A return race between C. A. Godson (bicycle), and D. E. Campbell's trotter, Diamond, is talked of.

Getting Bound Again.

The many friends of Policeman Colin Cameron were pleased to see him out, yes-terday, being driven around. He is fast recovering from the effects of his somewhat serious illness, and it is hoped will very shortly he fit for duty the schooner Annie came in for some slight repairs. The schooner Enterprise was speken on the down trip, having only one skin. She was on her way to Behring Sea. H.M.S. A Huge Bonfire.

A huge bonfire raged on the Government grounds at James Bay yesterday. The heavier timbers of the old drill shed have been carted away and the debris piled in a great heap, was yesterday set fire to. A few fine trees, which for years adorned the immediate vicinity of the old shed, have been felled, their green and sappy branches being consigned to the flames.

A Compromise Expected. A Compromise Expected. James Young, who ran what has been known as the People's store at Nanaimo, has assigned for the benefit of his creditors, to J. H. Todd, of this city, and Sol Oppen-heimer, of Oppenheimer Bros., Vancouver. The liabilities cannot be ascertained, but they are said to be large, and the assets consist principally of stock on hand and book debts. Most of the creditors have expressed their willingness to compromise should a reasonable offer be made.

But the San Pedro was, and much to the disgust of the large mand intelligent audience, she stayed in it. Heroic efforts were made to finally accomplish the long promised result. Bright and early gangs of men were at work controlling and assisting the machinery on board Spratt's Ark, the Capilano, the Saile and the tug Lorne, but all to no avail. The steamer wouldn't raise, for at the last moment it was discovered that there was something wanting to complete the task. However, no one was very much disappointed, except perhaps Capt. Whitelaw. The great public has grown weary of the announcement, "the San Pedro will be raised to day," or "to-morrow," or "early next week." Death of a Pioneer.

Another pioneer who figured in the early history of Vancouver Island has passed to history of Vancouver Island has passed to the great beyond. The announcement that James Stewart died at his residence at the Sea View Farm, yesterday, brings to mind the part played by him in the development of this section. The deceased came to Van-couver Island over 39 years ago. He was first employed by the Puget Sound Co. in farming at Craigflower, remaining there some nine years. Going from here to a piece of land owned by Dr. Helmoken on Esquimalt harbor in the year 1862. Mr. Esquimalt harbor in the year 1862. Mr. Stewart made no further change of location. Year after year he labored on, till gradu-ally smiling fields of waving grain took the place of the sombre pine. Strictly honest ally smiling fields of waving grain took the place of the sombre pine. Strictly honest in his dealings with his fellow-men, it was natural for him to acquire a large circle of friends, who unite in mourning his death. The deceased was 64 years old, a native of Gifford, Haddingtonshire, Scotland. A widow, four sons and a daughter are left to sorrow for the loss of a kind and faithful honbord and faithful husband and father. The funeral will take place to morrow, Saturday, at 1 p.m.

Down From Kootenay.

From a gentleman lately down from the

From a gentleman lately down from the Kootensy country many points of interest were learned concerning that thriving section. In Galena a large force of men are busy getting ground into shape-for a smelting plant. Most of the machinery is already on the ground, and it is only a question of a very short time when the plant will be ready for work. Amongst those most heavily interested in this country are F. Farrell, of the Carrot Copper Com-pany, of Montana, A. B. Hendryx, of New Haven, Conn., and A. W. Janks, who repre-sents the Chicago and Aurora smelting works. These gentlemen who are the prime movers in the smelter business, say that there is every reason to hope that the plant will be in full blast by the first of October. Arrangements are being made to put the townsite on the market at an early day. A large three story hotel is amongst the latest improvements of the company. This will soon be followed by a summer resort to be built by a company of Vancouver men who have acquired interests in the locality. Mining. matters are reported to be in good condition, as many strikes of onite rich ore Under the heading of -"Appointments" in the Gazette of last evening, the announce-ment is made that Mr. William Burns, B. A., the retiring principal of the Victoria High School, is to be an inspector of schools in the province, and assistant in the Educa-tion Office. Though the new inspector has not been for very many months a resident of British Columbia, he has been here long of British Columbia, he has been here long enough to have gathered about him many friends who will join in congratulating him upon his appointment, and the Government upon the choice made. Mr. Burns comes of a family of teachers, his father, William Burns, M A., L. L. This school closed, yesterday, with the usual final examinations and programme. An especially noticeable feature of the school work was the calisthenic exercises, consisting of a variety of concerted class movements. The children showed the results of careful training, as their bodies kept time in rhythmic motion to the music of the pince A large produce of the training of the start of the st perfectly matched stones. The owner, Mr. Mylchreest, proposes to place his sparkling treasures in the hands of an agent for the World's Fair at Chicago. There is no doubt but they will attract a great deal of attention owing to the unique position which they hold in the field of precious stones. HIGH SCHOOL. FIRST DIVISION-PRINCIPAL WM. BURNS. The "wreck-ers" are no stock company or travelling playwrights. They don't act for the plau-dits of the gods and the gallery and the pit. Their money is not taken in at the door from the pockets of the audience, and so, if the show doesn't come off at the advertised time, no one can hunt up the manager and roast him successfully for fooling the public. But just the same, when the climax is reached and the curtain drops with the San Pedro lying up on the beach, there will be a wild, long protracted shriek of joy from the crowd, who will then express their ap-preciation of the work done, and the fun it has given them to look on and see the pumps
