Genuine Austrian Bentwood Furniture Priced Very Low

THE CHARACTER AND BEAUTY OF OUR BENTWOOD FURNITURE IMPRESS ON SIGHT. Originality of design with a simple elegance and gracefulness of the curved lines and a daintiness of construction with a touch of the arts and crafts feeling are the reigning art characteristics. With the technical methods of bending, the construction of both round and square stock is effected without any joints, in any desired angle and without the use of glue. All parts are rigidly joined by patent steel bolt-screws and nuts mortised into the wood, thus forestalling weakening of the joints by any climatic conditions.
 THE STRENGTH AND DURABILITY of these goods may be classified as "TOUGH AS STEEL." The construction of both round and square stock is effected without any joints, in any desired angle and without the use of glue. All parts are rigidly joined by patent steel bolt-screws and nuts mortised into the wood, thus forestalling weakening of the joints by any climatic conditions.
 THIS FURNITURE OUTWEARS ANY OTHER. Nothing but the very best in point of design and durability is used in its construction, and today may be seen in constant use productions THAT WERE MADE NEARLY FIFTY YEARS AGO!! It is preferred by hotels, clubs and cafes to the old fashioned, heavily built and sawed furniture glued in so many parts, because of its relatively light weight and possibility of always keeping it sanitarily clean.
 IT IS FINISHED THROUGHOUT BY HAND, and the hand polish shows to perfection the structural material used—"Austrian Beech." The HAND-CANED SEATS AND BACKS are the best for wear, and can be re-caned at any time.
 IN THE RANGE OF PRICE, this handsome Bentwood Furniture is suited to every possible requirement of CLUB, HOTEL, MANSION, COTTAGE or BUNGALOW.

FT. WILLIAM STRIKERS RIOT

Eight Policemen and 10 Strikers Were Shot in a Riot at the Twin City at Today

R. C. M. R. RUSHING TO THE SC

Fight Began When the Strikers Were Ordered to Replace the Union Men War is On

Fort William, Ont., Aug. 12.—A riot which has been brewing for some time broke out shortly after noon today when a battle occurred between the striking dock laborers. Shots fired thick and fast and eight were wounded.

The fight began on the arrival of strikebreakers here today. All strikers were heavily armed. The wounded were, as far as is ascertained, Sergeant Taylor, the city police force, slightly; C. Dickenson, of the Daily Times, slightly; Chief of the Canadian Police C. F. Ball, seriously injured; C. Carpenter, knee broken; Jack Lake, slightly.

The riot act will be read this afternoon and the militia called out if trouble continues. The battle opened when the constables tried to return to work after lunch and strikers refused to let them go back.

One of the constables drew his gun and then the trouble started. The rioters fired and one constable was wounded. A few seconds later a crowd of strikers broke through the ranks of the police and shots were directed at the C. P. hotel. Eight C. P. men and strikers were wounded.

R. C. M. R. Hurry to Scene
 Winnipeg, Aug. 12.—Orders were received from Ottawa this afternoon that the Royal Canadian Mounted Police leave by special train immediately for Fort William where a serious riot occurring between special constables and striking dock laborers.

OTTAWA, Aug. 12.—Returns of traffic for the month of June 30 have increased tonnage through Soo, W. Ottawa River system and St. Lawrence canal of respectively 1,182, 10,983, 30,750 and 77,889 tons, which compares with tonnage for the same months of 1914 of 1,050, 10,500 tons. The decreases are probably due to the strike on the Great Lakes and the break-up of the Soo Canal, remaining months of navigation expected to show increased traffic.
