received a practical token of the Queen's interest, she giving him the post of Governor of Windsor Castle, where he has absolutely nothing to do except to sign the receipt for his annual salary of over \$7000.

Lorne has had more kicks than kisses from his royal relatives by marriage. Rumor ascribed the Queen's fondness to him to the fact of his wife, the Princess Louise, being the only one of Her Majesty's children who has not supplanted her with grandchildren.

Count Gleichen, just deceased, was the last Governor of Windsor Castle.

IT WAS A LIVELY SQUABBLE

DISCUSSING THE MERITS OF EN DIRECTOR CUNNINGHAM.

Ald. Gowanlock Prefers Some Serious Charges.—The Council Resolves to Have Them Investigated.—Vigorous Remarks.—Unparliamentary Language.—The Appointment in Absentia.

In committee of the whole on the clause in the Committee of Works recommending the appointment of Mr. Cunningham as City Engineer at a salary of \$3500 a year, being reached, Ald. Lamb moved an amendment that the salary be \$3000.

London, Feb. 1.—The Council Resolves to Have Them Investigated.—Vigorous Remarks.—Unparliamentary Language.—The Appointment in Absentia.

Ald. Gowanlock made a spirited speech against Mr. Cunningham, and took a branch "He is" said the burly and outspoken alderman from Ward 1, "not a fit man for the position at all. This I can show from his record while he has been in the city's employ."

Then in detailing chapter and verse, Ald. Gowanlock produced what he considered the most damning evidence against Cunningham. There had been a willful delay in reporting the cost of work done; his estimate had been falsified; contracts had been done in two instances at 65 and in one at 70 per cent over the estimate; and he had a good man in his pocket who would keep him, and much more to the same effect.

Some specific examples of bungling cited were the case of Queen's Park, where the Bickford property, which Ald. Gowanlock averred had cost five times too much, a sewer had been constructed in the King-street subway and Dufferin-street, and the case of the sewer referred to was done under Mr. Jennings' supervision.

Ald. Gowanlock: They were used by Engineer Cunningham, for these reasons I am not going to be out on my feet to-day. I have not said a word to-day about the whole lot. We have not to be done under Mr. Jennings' supervision.

Ald. Gowanlock: I would not have him in my office. I would not have him in my office. I would not have him in my office.

NOTHING TO CHOOSE.

A BATCH OF BUSINESS.

The Two Parties in Quebec Politics Are Both Tired With the Same Slick.

Montreal, Feb. 1.—The political situation here in Quebec is about the worst which has ever struck this afflicted province. There is no concealing the fact that the honest citizens, as a matter of what stripe in politics, has no faith in either of the two factions which are seeking the suffrages of the people.

Never before has there been such a situation. There does not seem to be any hope. The De Boncheville and his carter have been put in the hands of the law. He is now in the hands of the law.

Ald. Gowanlock made a spirited speech against Mr. Cunningham, and took a branch "He is" said the burly and outspoken alderman from Ward 1, "not a fit man for the position at all. This I can show from his record while he has been in the city's employ."

THE TOILETTE.—The Street Commission.—The Street Commission.—The Street Commission.

The council went into Committee of the Whole last night with Ald. Bailey in the chair, to consider the reports of the Special Committee.

The following appropriations in advance of the estimated budget of the Executive Committee, for salaries and supplies, \$17,100; Police Department, \$55,500; Public Schools, \$40,000; Parks, \$10,000; Committee on Works, \$20,000; Committee on Waterworks, \$4,000; Committee on Light, \$15,000.

The claims to grant a bonus of \$500 to Assistant Commissioner of the Treasury's Office for extra work in connection with the street railway tenders was amended. Mr. Sandercock getting \$150 and Mr. Mennie \$350.

Ald. Hallam: I hope that this bonus will be the last that will ever be paid to any official of the corporation. I should be glad to see the city pay for any extra work by large amounts of money.

By this time, said the Ald., "but never again." He said that he would not be in the city for any extra work.

On the clause in the Executive's report recommending that a special committee be appointed to inquire into the appointment of Ald. George Verall moved in amendment that the clause be struck out.

Large sums of money are being expended for the removal of toll-taxes in the past. "It is no business of ours to pay for the removal of toll-taxes in the past."

We ought to economize and not throw away \$5000. The city should be able to pay for the removal of toll-taxes in the past.

STROUGLE FOR THE MAJORITY

THAT IS WHAT AGITATES THE ROYAL GREENDIERS.

The Royal Grenadiers are agitated by the fact that the officers are not being paid as they should be.

The agitation in military circles raised by the letter signed "Retired Lieut." in the Mail of Saturday has increased rather than diminished. In yesterday's issue of the Mail a correspondent signing himself "Bang" takes up "Retired Lieut's" communication and deals somewhat severely with the Grenadiers.

THE HARVEST OF THE GRAVE.

FIVE HUNDRED DEATHS IN TORONTO LAST MONTH.

More Than Double Those of the Corresponding Month Last Year.—A Grippe Epidemic.—The Chief Causes—Typhoid and Scarlet Fever Had Victims.

The mortality returns for January show unequivocally how severe an epidemic of the grippe has been in Toronto in the first month of this year.

There were no fewer than 427 interments in the city cemeteries, and including those who died in hospitals and who were buried elsewhere the death roll totals 500.

This is far higher than in the closing month last year, when the Toronto deaths were only 320, and more than one-half of those were the deaths of infants.

During the early days of this year a grippe epidemic was rampant in the city. The Hospital was filled to repletion, physicians were unusually busy, nurses were overworked, and the streets were everywhere covered with grave-diggers who had very busy times.

In addition to the ordinary causes of death such as old age, natural decay, influenza, diphtheria, scarlet fever, typhoid fever, pneumonia, bronchitis, tuberculosis, etc., in the grippe epidemic, 133, including 100 of the children under 14 years of age, died in Toronto last month.

During the past eight weeks there have been 1500 deaths from typhoid fever, 600 from diphtheria.
