Toronto Markets.

Toronto, Feb. 13.—The western cattle market opened this morning fairly clear, there being very little stuff left over from yesterday. Prices have advanced slightly in choice cattle, and a good demand is pleasing drovers. Although the run is light, it is almost clear of the common and medium cattle which hampered last week's markets so severely. Several loads of good cattle sold at from \$6.00 to \$6.35, and choice and extra choice went at over seven cents. Hogs are not very plentiful, but prices are firm at \$6.75 for fed and watered and \$6.40 for sheep and lambs are steady, with a good class

A MODERN MEDICINE FOR THE BABY.

What mother cannot remember the times of her childhood when the castor oil bottle was brought into use—the dread with which she looked forward to a dose of it—the fight she put up when forced to take it. Surely all mothers will be glad to spare their little ones this discomfort—this dread. Modern science has banished the bad smelling, evil-tasting, gripping castor oil and given in its place a modern remedy—a remedy pleasant to take, mild, though thorough in action, absolutely harmless and something the little one won't dread. That medicine is Baby's Own Tablets—the only remedy used by thousands of mothers of little ones—the medicine that has forced castor oil and 'soothing' syrups out of the home and has taken their place to bring health to baby and joy to the parents. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
