REMEDY CO., BATTLE CREEK, MICH.

No man is Stronger Than his Stomach

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every man or woman, single or married ought to know. Sent free on receipt of 50 one-cent stamps to pay for wrapping and mailing.

LET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

Dr. Pierce's Golden Medical Discovery

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ill nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form, or send 50 one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, and a trial box will be mailed you.

THE FRENCH FAVEROLLES.

Our French artists do beat the Dutch turning out fashions that are extraordinarily risqué, picturesque and peculiar and among these is that rooster with whiskers, the Faverolle, a breed that is gaining ground in this country with those who want birds for beauty as well as utility, and Mr. Muffie Chops for both does fill the bill.

The varieties of the breed comprise French Salmon, French Black and

Photo by C. M. Barnitz.

SALMON FAVEROLLE COCK BIRD.

French Blue, English Salmon and English Ermine Faverolles.

Their origin is France, but the English rooster tinkers claim to have made some improvement and thus attach their trademark to two varieties. The distinctive characteristics of the breed are the whiskers, five toes and feather leggings.

The whiskering does not grow up over the eyes to obscure the vision as in some bearded breeds and is a distinct advantage in winter, as it protects against cold. The fifth toe is not so useless as with the Houdan and Dorking, but is useful for extra licks in garden destruction.

Faverolle chicks are hardy and mature rapidly, the pullets maturing early and making heavy winter layers.

The French and English are very enthusiastic over the Faverolle as a mar-

ket fowl, the carcass having that fine grained white flesh so popular with old world epicures.

They are what we term medium in size, being about the weight of the White Wyandotte, America's bantam butterball bird.

FAVEROLLE STANDARD WEIGHTS. (English.) Pounds. Pounds. Cock 7 to 8½ Hen 6 to 7 Cockerel 6½ to 7½ Pullet 5 to 6½

DON'TS.

Don't cast your pearls before swine. This refers to pigheaded people.

Don't go joy riding during work hours nor leave to others work that you shirk.

Don't take a vacation and let your flock in the hands of a know not. A dummy with the hens, no money from the pens.

Don't make many promises to a cus-

tommer. The more some make the more they break.

Don't take much stock in the man who advertises himself as a great genius. He is a great ass, but he doesn't know it.

Don't mix poultry and politics, but it is not out of place to allow a few tough roosters to enter the ministry occasionally.

Don't glory in another's failure. The person who glories in the misfortune of others should go way back and all down with his parental gorillas 'n the savagery of uncivilization.

Don't take the credit for your success from your faithful wife and not that she gets her part of the cash also.

Mr. John Scott, Petrolia, inspector of gas and oil wells, reports that 397 wells were abandoned during 1911 in the Lambton county and adjacent oil fields. There were also 637 wells from which the pumps had been removed, about half of which were being baled.

A LINIMENT FOR THE LOGGER.—Loggers lead a life which exposes them to many perils. Wounds, cuts and bruises cannot be altogether avoided in preparing timber for the drive and in river work, where wet and cold combined are of daily experience coughs and colds and muscular pains cannot but ensue. Dr. Thomas' Electric Oil, when applied to the injured or administered to the ailing, works wonders.

Missouri and Iron. Missouri was the first state west of Ohio to mine and smelt iron, a small charcoal furnace having been erected in 1815.

Lefty Golf Course. Gyantse, in Tibet, boasts the highest golf course in the world. The next highest is the course at Guilmerg, in the Himalayas, which is 8,500 feet above the sea level, but Gyantse, standing at a height of 13,100 feet, easily bears off the palm for golf at a high altitude.

Costa Rica's Beggars. In Costa Rica the beggars are privileged characters on Tuesday—that is, they are allowed that day of the week in which to beg from shop to shop.

Numbered Houses. Four hundred years ago the idea of numbering houses originated in Paris, though it was not until 1789 that the system became general. The first known instance of a London street in which houses were numbered is Fleet street, but the practice did not spread far until 1764.

Rhodesia. Rhodesia has an area estimated at 440,000 square miles. It is therefore equal in size to the states of Texas, Pennsylvania, New York, Ohio and Kentucky combined.

Men and Horses. The strength of five men is equivalent to that of one horse.

Pineapples. The ripening of a pineapple may be tested by pulling its leaves. If they do not pluck readily the pineapple is not ready to be used.

"Bells of Shandon." In one of the dormitories of the Irish college at Rome there is a space on the wall left unpainted and unpainted, whatever repairs the rest of the room may undergo, for there, carelessly scrawled, is the first, rough draft of Father Prout's "Bells of Shandon."

Clogged Sink Pipes. A tablespoonful of washing soda and a cup of vinegar poured down the sink will clean out the most stubborn of clogged pipes.

YOU NEEDN'T DESPAIR

Here's an Offer that Should Interest Sufferers of Skin Irritation.

First of all we want to explain that the remedy we are about to tell you of carries our promise of money back for the mere asking to anyone not thoroughly pleased with its use. That should unquestionably establish the sincere faith we have in it.

Parasites or germs cause eczema, and eczema is probably the most prevalent cause of all skin ailments. To overcome them, the remedy must of necessity destroy or remove the parasite or germ before relief can be obtained.

Possessing remarkable antiseptic, germicidal, cleansing, soothing and healing power, the curative value of Rexall Eczema Ointment is very pronounced in the treatment of eczema and allied skin diseases, whether of the dry scaly sort, the weeping type, where there is a flow of ill-smelling excretion, or the intermediary kind, such as pimples, blotches, discolorations, ringworm or acne. It is very useful for treating bites, nettle rash, insect bites and wounds. It is ideal for the skin ailments peculiar to children.

Rexall Eczema Ointment is grayish-white in color, has a pleasant odor, and is very cleanly for use. If you are a sufferer of skin irritations or eruptions in any form whatever, we urge you to try a box at our risk. At the mere hint of dissatisfaction you may have your money back. Two sizes, 50c. and \$1.00. Remember, it is only sold at our store—The Rexall Store. I. W. McLaren, Watford.

Asthma Catarrh WHOOPING COUGHS SPASMODIC CROUP BRONCHITIS COUGHS COLDS

Vapo-Cresolene.

ESTABLISHED 1870. A simple, safe and effective treatment for bronchial troubles, without dosing the stomach with drugs. Used with success for thirty years.
