Mr. and Mrs. Lloyd had resided in Bridgetown for the past twenty-five years, coming here from Lockeport, and both grew rapidly into the esteem of everyone with whom they came in contact. Mrs. Lloyd was a type of the highest in womanhood, a devoted wife and mother, delightful in her home life and loved by all. She was an active worker in the Baptist church, the Women's Institute and wherever her ability could serve to good purpose. Of a particularly cheerful and happy disposition her friendship was an inspiration to others and the regret felt at her passing is deep and general. A GOLF CLUB FOR ANNAPOLIS

Sketch of Events Leading up to its Organization—List of Officers—Social and Personal Items of Interest.

Annapolis Royal.—For a number of years it has been realized that golf links were necessary to attract more tourists to Annapolis Royal, and this summer measures were taken by Chief Justice Harris and other prominent citizens to secure a piece of land for the purpose. Consequently several acres were purchased on the other side of the Allen River bridge, comprising the farms of the late Charles Goucher, and W. H. Edwards, and efforts were made to secure the fifty members necessary to form a club.

The next step was the laying out of the course by Mr. Harry Hawkins of Sea Breeze, Fla., a well-known golf pro, and personal friend of Mr. W. R. Perkins, proprietor of the Hillside House, who is taking an active part in the work. A well attended meeting was held this week in the Town Hall and the following officers appointed:

Honorary President—Chief Justice Harris, President—H. A. West, Secretary—W. A. Livingstone. Many years ago on the site of the links, a boarding school for boys, was conducted by the late Andrew Henderson, and it was decided to give the club the name of this school, "Albion Vale."

The situation is a pleasing one, with a superb view, and is in full sight of the passing trains, a good advertisement in itself.

Mr. Frank Howe is now able to walk around after the severe accident he suffered while in the woods moose-hunting. In trying to avoid a fall his rifle was accidentally discharged, and the bullet inflicted a bad wound in his leg. He was brought home by Mr. Frank Williams, another member of the party, and has made a very satisfactory recovery.

Rev. H. H. McNeill, of Aylesford, a former pastor of the Methodist church in Annapolis, preached in St. George's United church on Sunday, and was warmly welcomed by many of his old parishioners.

Miss S. Halliburton, who successfully conducted the "Sam Slick" team at Digby, during the summer, arrived home on Monday to spend the winter with her mother, Mrs. W. Halliburton.

Mr. Jack Arnaud of the Bank of Montreal staff at St. John's, Nfld., has returned from a vacation trip to New York and is spending a few days with his brother, Town Stipendiary, F. B. Arnaud.

A pleasing feature of the annual Children's Day service to be held in St. Luke's church on Sunday morning will be an address by Dr. A. Robinson the venerable physician and special friend of the children, who celebrated his eighty-eight birthday in January, but is still able to practice his profession.

Rev. Dr. J. Goforth, a returned missionary gave an interesting address in St. George's United church on Friday evening, and described some of his experiences in China, where he first went over thirty years ago.

Mrs. F. M. Dargie left on Monday to visit friends at North Sydney, C. B.

Miss Irene Cox of Middleton, is spending a week or two with her friend Miss Gertrude Ritchie.

Mrs. Lawrence Willet and her daughter, Mrs. LeRoy Shaffer entertained at a very enjoyable "bridge" party on Friday in honor of Mrs. Shaffer's birthday. A number of ladies from town attended and two of the prizes were won by Mrs. S. Denison and her daughter, Mrs. L. D. Shaffer.

Mr. and Mrs. A. M. King and Mrs. George King are enjoying a camping trip at Coleva, Queens Co.

SUCCESSFUL SCHOOL EXHIBITION

Was held in Lower Granville Hall, Under The Auspices of The Women's Institute.

On Wednesday, Oct. 8th, a School Exhibition was held in the hall, afternoon and evening.

In spite of bad weather the attendance of parents and visitors were good.

At 2:30 p.m. Stoney Beach and Island schools paraded from the Island schoolhouse to the hall with banners and sang a marching song.

Miss Elliott after making a few brief remarks introduced Rev. Mr. Thomas (Methodist) clergyman. Mr. Thomas regretted that more schools did not have exhibitions, and quoted this passage from the Bible "Look not on his own things but every man on the things of another." He thought these exhibitions should increase our vision. Think of the great advances that is made after a world exhibition. School exhibitions were greater than those conducted by adults. Untold possibilities were wrapped up in school exhibitions. The greatest room in the world, was the Room for Improvement. "Man shall not live by bread alone." He said he wanted boys and girls of big visions to get away beyond the animal nature to bigger things and better.

GEORGE WHYNOT IS KILLED INSTANTLY

Meets His Death From Discharge of Shot Gun While Out in Woods With Earl Sabeans.—Jury's Verdict.

John Whynot, the twelve year old son of Mr. and Mrs. Wallace Whynot, was instantly killed late Wednesday by the discharge of a shot gun while he and Earl Sabeans were hunting in the Chipman pasture, near town.

News of the occurrence was brought to town by Mr. John Clarke, the body taken to Hick's undertaking rooms and in the evening Coroner Dr. M. E. Armstrong empanelled the following jury to enquire into the case. E. A. Hicks, (foreman), R. V. Arnold, Hugh Goldsmith, James Goldsmith, Avard Beeler, Harry Egan, V. A. Lloyd, Stewart Jefferson, Angus McDonald, Avard Gillis, J. M. Fulmer and James Brooks.

After viewing the body adjournment was made to the Board of Trade rooms and the evidence was taken of Earl Sabeans, the eleven year old son of Mrs. Jesse Sabeans. Earle was the only witness of the tragic occurrence and his story was that on Wednesday afternoon he and John Whynot had gone to the station to get the former's grandmother and after taking her to Mr. Sabeans' home he had got down the gun but he stated that his mother searched his pockets, removing all the cartridges found there. Later he qualified this by saying that she took out all but three. John Whynot he stated went out with the gun and he followed after. They fired two shots at a partridge but carried the gun cocked and on one occasion it went off while he was holding it, the charge going into the ground. Young Whynot who was behind then took charge of the gun. Later they fired at a tree and finally stopped alongside of the road. Whynot going into the bushes for a minute. Sabeans says he laid the gun against a tree and it went off, his companion then being but a few feet away was hit. Sabeans then ran home with the gun, after examination indicated that young Sabeans was holding the gun when it went off. The charge entered the left side of John's head just above the ear and through the skull, coming through at a point lower than that of its entry. The charge on entering made a hole about the diameter of a fifty cent piece. Mr. John Clarke heard some shouting at the Sabeans home and went up. They told him of the occurrence and with Mr. John Carter went to the spot and saw that the boy was dead. Mr. Clarke came to town at once and notified Dr. Armstrong and Chief Bishop who

sent by the children of the schools, and told some of the good points and why some were not so good.

She said although there were many articles in magazines today on proper foods and proper feeding there were many adults today, who were suffering from dyspepsia and many children from dyspepsia. In most of the counties throughout the Province Public School Health Nurses were maintained. It was now a generally recognized necessity. It was only a question of finance. Along with the Public Health Nurse, was the nutrition teacher.

Many school children have physical defects. Undernourished children were almost as common in rural schools as in the city.

Health Song by Island school—"Tooth Brush Drill."

Essay on "Care of the Teeth" was written and read by Marjory Johnson. "Shelling Bee" words were given out by Mrs. Fred Parker of Port Wade, and Miss Balcom acted as referee.

A very interesting "Bird Talk" was given by Miss Irene Balcom, Annapolis Royal. She gave the names of the following birds that are common to our country:

Pine Grosbeak, Hairy Woodpecker, Downy Woodpecker, Flicker, Bluejay, Goldfinch, Yellow Warbler, Maryland Yellow Throat, Night Hawk, Robin, Chickadee, White Breasted Nuthatch, Purple Finch, Barn Swallow, Eaves Swallow.

Winter birds—Chickadee, Pine Grosbeak, Downy Woodpecker, Bluejay, White Breasted Nuthatch and Junco.

She used charts showing the pictures of the different birds and emphasized their similarities and their

Black Cats

Carload lots of hay and oats are stored for the horses in Moir's stables. To keep rats and mice away cats are necessary. These are all black to match the black horses used in Moir's deliveries.

Practically all the fifty horses are black Beauties. Mostly they are pure black Percherons, but one of the black ones is of registered Clydesdale pedigree.

Frank Boutiller, noted horseman, takes a loving pride in the selection and care of these horses and sees that the men clean harness and wagons daily so that all teams will stay spotless.

No driver ever has to touch a horse.
