

REQUISITES FOR GRADUATION.

A Candidate for the Degree of M.D. must have been engaged in Medical and Surgical study for four years—the Medical Session of each year, or *Annus Medicus*, being constituted by Matriculation and Attendance on full courses of Lectures in at least two classes by separate Professors.

One year's instruction under a duly qualified Medical Practitioner, certified to the satisfaction of the Medical Faculty prior to attendance on Lectures, is regarded as equivalent to a year's College attendance, and, in such cases, constitutes the *Annus Medicus*. A similar privilege is accorded to Graduates in Arts.

The Candidate must have given regular attendance on full Courses of Instruction in the following Departments for the periods stated:—

- | | | |
|--|---|--------------------------------------|
| <ul style="list-style-type: none"> I. Theory and Practice of Medicine, II. Materia Medica and Pharmacy, III. Obstetrics and Diseases of Women and Children, IV. Anatomy, V. Principles and Practice of Surgery, VI. Anatomical Demonstrations, VII. Chemistry, VIII. Institutes of Medicine, IX. Forensic and State Medicine, X. Clinical Medicine, XI. Clinical Surgery, XII. Hospital, | } | Two full courses of six months each. |
| <ul style="list-style-type: none"> IX. Forensic and State Medicine, X. Clinical Medicine, XI. Clinical Surgery, XII. Hospital, | } | Two courses of three months each. |
| | } | Twelve months. |

The above course of study may have been pursued either wholly in Queen's College, or partly there, and partly in some other recognized Medical School. In the latter case, at least one full Session must have been spent in Queen's College, with attendance on at least four of the above six months courses.

Certificates of attendance on Lectures are received from incorporated Medical Schools in the British Dominions, and others recognized by the British Universities and Licensing Colleges. Other certificates of attendance on Lectures may be admitted at the discretion of the Faculty.

Every Candidate must deliver, before 15th February of the year in which he proposes to graduate, to the Secretary of the Faculty of Medicine, a Declaration under his own hand that he is twenty-one years of age, or that he will be so before the day of graduation, accompanied by a certificate of good moral character, a statement of his studies, literary and scientific as well as Medical, with proper certificates, and a Thesis composed by himself, and in his own handwriting, to be approved by the Medical Faculty.

The Candidate must have passed a Matriculation Examination in the common branches of English Education, and also in one of the following works:—Caesar's Commentaries; London Pharmacopoeia; Gregory's Conspicua; Celsus De Medicina. This Examination, which must be passed during the first Session of attendance, is not required when the Student produces a certificate of having passed a similar or equivalent Matriculation Examination at any other recognized College.

Each Candidate is examined both in writing and *viva voce*—first, on Materia Medica, Chemistry, Anatomy, and Institutes of Medicine:—these subjects constituting the *Primary Examination*; secondly, on Surgery, Theory and Practice of Medicine, Forensic and State Medicine, Obstetrics, Clinical Medicine, and Clinical Surgery, which are the subjects of the *Final Examinations*.

Students who profess themselves ready to submit to the *Primary Examination*, that is, to an examination on the first division of these subjects, at the end of their third year, may be admitted to examination at that time. The *Final Examination*, embracing the second division of subjects, shall not take place until the Candidate has completed his fourth or last Session.

The *Primary* and *Final Examinations* will commence on the 6th of March and be concluded before the last Thursday of March, which is the day fixed for Graduation.

Additional papers in Classics or in subjects of the Final Examination will be set for Candidates for Honours.

The Graduation Fee is \$20.

Students are received on the same terms as at other Canadian Universities, and the Faculty have established a Summer Session.

Board can be obtained in Kingston at from \$2 to \$3 a week.

Any additional information may be obtained on application to the Dean or Secretary of the Faculty.

\$20.00
