CATARRH: A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with MESSRS. A. H. DIXON & SON, 305 King Street, west, Toronto, Can., and enclose stamp for their treatise on Catarrh.—Montreal Star

Scientific and Useful.

BISCUIT PUDDING.—Take half a pound of finger biscuits, and spread a thin layer of any favourite jam over each one. Arrange them neatly in a pretty glass dish. Grate over the top the rind of a large fresh lemon, and pour over all half a pint of custard made with a teacupful of milk, the yolks of two eggs—the whites will be required in the morning—and a dessertspoonful of white sugar. The pudding must now be put in a cool, dry place, and left until to-morrow.

LEMON PIE.—Two lemons; grate off the outer peel; chop the rest very fine; put two table-spoons of corn starch in one teacup of hot water and boil; when cool add two teacups of white sugar, the beaten yolks of four eggs; then add the chopped peel and the juice; stir well together; bake till the crust is done—only one crust; beat the whites of the four eggs to a stiff froth; add five table-spoonfuls of sugar, stirring in well; set in the oven to brown.

A GREAT AWAKENING.—There is a great awakening of the sluggish organs of the human system whenever Burdock Blood Bitters are taken. It arouses the torpid liver to action, regulates the bowels and the kidneys, purifies the blood, and restores a healthy tone to the system generally.

HINTS FOR THE KITCHEN.—Charcoal powder will be found a first-rate thing to give knives a polish. Glaze the bottom crust of fruit pies with white of egg and they will not be soggy. Fried bananas are a pleasant breakfast relish. Choose very firm bananas, peel and slice them, sprinkle with a little salt, dip the pieces in thin batter and fry in butter a delicate brown. They must be served immediately. A little turpentine in the wash boiler will make clothes very white, and will often remove incorrigible stains from white goods. A tablespoonful to a large boiler, or a teaspoonful to two gallons of water. There is no smell, the boiling preventing it.

BREAD SAUCE.—Prepare about half a pint of bread crumbs, put them into a saucepan with as much milk as they will absorb—about half a pint most likely will be required—and cover the saucepan for about ten minutes before putting it on the fire. When the bread is nicely soaked, drop into the middle of it a whole onion, peeled. Stir the sauce over the fire till it boils, then add a saltspoonful of salt, a good pinch of pepper, and an ounce of butter. Continue stirring till the butter is quite dissolved; then remove the onion, add half a cupful of milk—or cream if allowed—let the sauce boil up once more, and serve.

THERE IS NOTHING LIKE IT.—There is no one remedy offered to suffering humanity whose use is so universally and frequently required as Hagey's Yellow Oil, for rheumatism, neuralgia, colds, sore throat, deafness, croup, lumbago, and aches, pains, lameness and soreness of all kinds, when internally and externally used.

DANISH PUDDING.—Three-fourths of a cup pearl tapioca; one and a half pint boiling water, one saltspoonful of salt, one-fourth cup sugar, one-half tumbler currant jelly. Pick over and wash the tapioca. Put it in the double boiler with the boiling water and cook one hour, or till soft and transparent, stirring often. Add the salt, sugar and currant jelly. Stir till the jelly is all dissolved. Pour into a glass dish and keep on ice. Serve very cold with sugar and cream. Half a cup of lemon juice, or any acid fruit syrup, or one cup of canned apricot, peach or quince may be used instead of the jelly. Or, in summer, use one pint of ripe berries or any small fruits, adding more sugar as required.

MUFFINS OR STALE BREAD.—In every family bread is apt to accumulate, and the good economist always manages to dispose of it in some useful way before it moulds. The following recipe teaches the easiest way of making such a disposition, and will be found reliable: Take a quart loaf of bread, slice it, and put it in a bowl, and pour on sufficient water to cover, and let it stand until well soaked; then press the water from it, and mash the bread until no lumps remain. Add two thoroughly beaten eggs, two table-spoonfuls of flour, one of melted butter or lard, a little salt, a very small portion of soda (unless the bread or milk is sour when more will be required), and milk enough to make it into a stiff batter. Bake in muffin rings or drop from a spoon upon a griddle.

Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES. Its Use in Lung Troubles.

Dr. HIRAM CADORETTO, of Jacksonville, Fla., says: "I have for the last ten months prescribed your Emulsion, to patients suffering from lung troubles, and they seem to be greatly benefited by its use."

"IF!"

"Stand back, gentlemen! Clear the track!" shouted the police, and as the quickly-gathering crowd surged back, steamer No. 4 came up the street, the magnificent black horses striking fire from the pavement.

But hold! A wheel comes off! The steamer is overturned, and the brave firemen are picked up bleeding and senseless!

An investigation revealed the fact that in oiling the steamer that morning the steward had neglected to put in the linch-pin. A little neglect on his part had caused a loss of a half million dollars. The busy marts of trade are full of men who are making the same fatal mistake. They neglect their kidneys, thinking they need no attention, whereas if they made occasional use of Warner's safe cure they would never say that they don't feel quite well; that a tired feeling bothers them; that they are plagued with indigestion; that their brain refuses to respond at call; that their nerves are all unstrung.—Fire Journal.

Go on in your journey to heaven, and be content with such fare by the way as Christ and His followers have had before you, for they had always the wind on their faces, and the Lord hath not changed the way to us, for our ease, but will have us following our sweet Guide.—Samuel Kutherford.

THERE is no greater fool than he who deliberately goes searching for pleasures. For every pleasure to which he habituates himself, beyond those which God has put in the natural course of life, is a new fire kindled in his bones, which will burn his life-substance for fuel.—J. M. Ludlow, D.D.

FOR Coughs, Colds and Bronchitis use ALLEN'S LUNG BALSAM, sold by all druggists over.

AN Irish Wesleyan preacher lately informed his congregation that in future their annual contributions would be taken up quarterly.

SAM JONES says: A man said to me the other night: "Jones, I wouldn't have missed your sermon for \$10," and yet, when the plate was passed around, that man put in a copper cent.

TO CURE A COUGH, to relieve all irritations of the throat, to restore perfect soundness and health to the most delicate organizations of the human frame—the lungs—use Dr. Wistar's Balsam of Wild Cherry, which is still prepared with the same care in the selection and compounding of its various ingredients as when it was introduced to the public by Dr. Wistar, over forty years since.

JULIA WARD HOWE says in reference to the advance of the women's suffrage cause: "It is merely a question of time when women shall yield the ballot." This leads the Boston Post to remark that "the tendency of women to speak of the ballot as though it were an improved kind of broomstick, is calculated to make the men nervous."
