Lippincott's Magazine.

A Popular Monthly of General Literature.

With the issue for January, 1886, important changes will be made in the literary character and typographical appearance of Lippincott's Magazine, which, while more than maintaining the former standards of excellence, will, it is expected, materially increase its popularity and widen its sphere of usefulness. The distinctive features of Lippincott's for the coming year will be as follows:—

It will be a live periodical, interesting itself in all the current topics of the day, literary, artistic, political and social, and enlisting in their discussion the ablest pens in England and America. A fair hearing will be accorded to all sides of a controversy, though the magazine will strictly preserve its own neutrality.

It will be especially strong in fiction. A new novel entitled "Hope," by W. E. Norris, author of "Matrimony," "No New Thing," etc., who is perhaps the cleverest of the rising authors of England, will run through the year, accompanied by a brilliant serial, dealing with the literary and dramatic life of New York City, from the pen of a writer who prefers to keep his name a secret, but whose every touch reveals an intimate acquaintance with the scenes which he describes.

It will be rich in short stories, poems and sketches.

By special arrangement it will be the authorized medium through which the latest utterances of the most eminent transatlantic writers will reach the American public simultaneously with their appearance abroad.

It will number among its American contributors such writers as Gail Hamilton, Julian Hawthorne, Harriet Prescott Spofford, John Bach McMaster, "J. S. of Dale," J. Brander Matthews, etc., etc.

It will be the cheapest first-class magazine issued in America. Recognizing the needs of the time for good literature at moderate prices, the publishers have decided to lower the subscription price, commencing with the new volume, to a sum that will place Lippincott's Magazine within the reach of all.

For sale by all Newsdealers. 25 cents per copy. \$2.50 per annum.

Errors of Youth.

SUFFERERS FROM Nervous Debility, Youthful Indiscretions, Lost Manhood, BE YOUR OWN PHYSICIAN!

Many men, from the effects of youthful imprudence, have brought about a state of weakness that has reduced the general system so much as to induce almost every other disease, and the real cause of the trouble scarcely ever being suspected, they are prescribed for every thing but the right one. Notwithstanding the many valuable remedies that medical science has produced for the relief of this class of patients, none of the ordinary modes of treatment effect a cure. During our extensive college and hospital practice we have experimented with and discovered new and concentrated remedies. The accompanying prescription is offered as a certain and speedy cure, as hundreds of cases in our practice have been restored to perfect health by its use after all other remedies failed. Perfectly pure ingredients must be used in the preparation of this prescription.

25—Cocain (from Erythroxylon coca), 1 drachm
Verbebin, 1 drachm.
Helonias Dioica, 1 drachm.
Gelsamin, 3 grains.
Ext. Ignatia Amara (alcoholic), 2 grains.
Ext. Sassafras, 2 scrupels.
Glycerin, q. s. Mfr.
Make 60 pills. Take 1 pill at 8 p.m., and another on going to bed. In some cases it will be necessary for the patient to take two pills at bedtime, making the number three a day. This remedy is adapted to every condition of nervous debility and weakness in either sex, and especially in those cases resulting from imprudence. The recuperative power of this restorative are truly astonishing, and its use continued for a short time changes the languid, debilitated nervous condition to one of renewed life and vigor.

As we are constantly in receipt of letters of inquiry relative to this remedy, we would say to those who would prefer to obtain it of us, by mail, that a sealed and sealed package containing 60 pills, carefully compounded, will be sent by return mail from our private laboratory, or we will furnish 6 packages, which will cure most cases, for \$1.
