CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co'v
of Toronto, Limited

Confederation Life Building - TORONTO.

Branch Office:
NEW YORK LIFE INSURANCE BUILDING,
MONTREAL.

Weekly Lumberman, published every Wednesday. Contains reliable and up-to-date market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

Lumberman, Monthly. A 20-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, and character sketches and portraits of leading lumbermen. Its special articles on technical and mechanical subjects are especially valuable to saw mill and planing mill men and manufacturers of lumber products.

Subscription price for the two editions for one year, \$1.00.

BAND RE-SAW, DOUBLE SURFACER AND Masher, Four Side Moulder, Sash Sticker, 50 h.p. Boiler and Engine, all in good repair. TORONTO MACHINERY SUPPLY Co., Tor. Ont.

SUCCESSFUL SALE OF TIMBER LIMITS.

The announcement that a sale of timber limits would be held in the Board of Trade building on Tuesday of this week was responsible for one of the largest and most representative gatherings of lumbermen that has assembled in Toronto for some time. Those present included a number of well known Michigan lumbermen. The limits offered for sale were known as the Comstock limits, and were originally purchased from the Ontario government some years ago by Comstock & Company, of Michigan. About two months ago they were purchased by Peter Ryan and E. R. C. Clarkson, of Toronto, by whom the sale was conducted.

The limits comprise berths No. 94, 98, 99 and 102, and known as the townships of Trill, Ermatinger, Foster and Nairn, on the Spanish river and tributaries, comprising a total of 144 square miles. The townships of Trill and Ermatinger were offered in single berths of 36 square miles each, and the two other townships in 9 square mile parcels. The township of Ermatinger was withdrawn by the auctioneer, Mr. Peter Ryan, at a bid of \$125,000. For the balance, 108 square miles, there were realized a total of \$679,500, or an average of nearly \$6,300 per square mile. The highest price paid was \$132,500 for a 9 mile berth in the township of Foster. Mr. W. L. Churchill, of Alpena, Mich., was a purchaser to the extent of \$282,500.

The result of the sale is regarded as most satisfactory, and indicative of a growing appreciation of the value of timber limits.

Following are the figures in detail:

Parcel No. 1—Township of Ermatinger, 36 square miles, withdrawn at \$125,000.

Parcel No. 2—Township of Trill, 36 square miles, sold to C. Beck Manufacturing Co., Penetanguishene, Ont., for \$160,000.

Parcel No. 3—South-west quarter of Foster township, 9 square miles, sold to W. L. Churchill, of Alpena, Mich., for \$82,500.

Parcel No. 4—South-east quarter of Foster township, 9 square miles, sold to J. W. Munro, of Pembroke, for \$21,000.

Parcel No. 5—North-west quarter of Foster township, 9 square miles, sold to W. L. Churchill, for \$132,500.

Parcel No. 6—North-east quarter of Foster township, 9 square miles, sold to W. L. Churchill, for \$67,500.

Parcel No. 7—South-west quarter of Nairn

township, 9 square miles, sold to Victoria Harbor Lumber Co., Toronto, for \$80,000.

Parcel No. 8—South-east quarter of Nairn township, 9 square miles, sold to Victoria Harbor Lumber Co., Toronto, for \$51,000.

Parcel No. 9—North-west quarter of Nairn township, 9 square miles, sold to Ferguson & McFadden, of Ottawa, for \$33,000.

Parcel No. 10—North-east quarter of Nairn township, 9 square miles, sold to J. W. Munro, of Pembroke, for \$52,000.

There were also offered for sale berths Nos. 5 and 6 in the township of Butt, being 11 1/2 and 11 square miles, the property of Barnett & Mackie. No satisfactory bid being received, these limits were withdrawn.

CURRENT TRADE CONDITIONS. ONTARIO.

The week has been an eventful one in Ontario lumber circles. Timber limits to the value of over one million dollars have changed hands, and at figures which augur well for the future of the lumber industry of this province. These high prices also reflect the condition of the lumber market, which is decidedly stronger than it has been for years. From conversation with various lumbermen attending the sale in Toronto, it was learned that stocks at the mill are well nigh exhausted, and that it is now common to refuse orders on account of inability to supply the stock. At the present time the inquiries are not so numerous as during the summer and early fall, but still there is a steady movement of pine lumber and a light trade in hardwoods. In the latter business is restricted on account of almost the entire production of this season having passed into the hands of the consumer.

Reports from the Georgian Bay and Ottawa valley districts tell of arrangements being perfected by the various operators for a heavy production of logs this winter. On the Georgian Bay many of the Michigan as well as Canadian lumbermen will operate extensively, and if not allowed to export the logs, will manufacture them in the province.

QUEBEC AND NEW BRUNSWICK.

Notwithstanding the high freight rates, we note the charter of two vessels to sail from Quebec this fall with timber for the United Kingdom. The cargo of these vessels is probably wanted to fill contracts entered into earlier in the season. Shippers have experienced difficulty this season in fulfilling their contracts, owing to the scarcity of tonnage and high freight rates.

The exports from St. John to the United States for the three months ended September 30th show the value to be \$320,256.69, as against \$281,696.68 for same period last year. There was, however, a falling off of \$1,000 in the value of exports of provincial lumber, stock cut from Maine logs being responsible for the increase. To Great Britain and South America the shipments have been considerably heavier than last year. Prices at the present time are very firm and stocks low.

Saw Mill for Sale

Well situated in the rapidly growing CITY OF VANCOUVER, B.C., consisting of valuable freehold property, with modern well equipped Mill, having a capacity of about 75,000 feet per day of ten hours.

Also about 10,000 Acres of good
