

4,833 Miles of Ads. in Seven Months.

No doubt you've seen these cuts before. All Canada has. They are four of hundreds that have told Canadians what a good thing "Dento-foss" is.

In the last eight months 15,300,000 Dento-foss ads. have been published in Canada. Laid in a single column they are longer than the C.P.R.

The question is: Are you getting the benefit of this advertising by **pushing** "Dento-foss"?

There is a good profit in it; better than you make on your own stuff—**figure it up and see.**

Buy it from jobbers or direct from us.
