They Help

Each other. Grocers and general store-keepers will find a profitable adjunct to their business in a line of our celebrated cigars. Once get a customer into the way of dropping in for a good cigar and you'll be surprised at the result. He comes in to buy only groceries and one of our fragrant LA CADENAS may catch his eye. He comes in for one of those satisfactory LA FLORAS to smoke on his way to the office and some new arrival in groceries tempts him into a purchase. See how it works? Profit both ways.

He may make a selection from other and less expensive brands such as

Mercantile Summary.

THE city of Victoria, B.C., is asking for tenders for the purchase of \$55,000 worth of debentures, payable in fifty years. It appears they are to be issued under authority of "The Electric Lighting By-Law" recently passed.

At St. Johns, Que., Mr. R. Levi, who has for many years kept store opposite Monnette's hotel, is removing to large and handsome premises corner Richelieu and St. James streets, which will have plate glass windows and handsome fixtures.

A BANQUET to Henry Hogan of the St Lawrence Hall. Glad to hear it. No Boniface ever deserved one better. It was fitting that he who had for generations past been providing banquets for other people should have one himself. We congratulate him on this testimony from his friendly neighbors, and thank the Montrealers for doing what many elsewhere would have gladly assisted to do. No one can be expected to believe it, but the statement is seriously made that Mr. Hogan is 73 years old.

A good indication of confidence in the result is seen in the arrangement just made with the shareholders of the Memramcook Gold Mining Co. by its president, Mr. Neilly. The Sackville, N.B., *Post* says Mr. N. will put in machinery for reduction by the new electrical process, and receive his pay from the excess of profits above those yielded by the old system, until they shall amount to the cost of the plant (not to exceed \$5,000), at which time it shall become the company's property.
