

Investment Partnerships Branch (IPB)

Invest for Success—In Canada

Investment Partnerships Branch (IPB) is the Government of Canada's one stop centre for investment services.

We can provide you with all the assistance you need, free of charge, to help you assess investment opportunities in Canada. We'll also guide you through every step of the investment process, with customized help suited to your company's precise requirements.

Potential investors can save themselves time and trouble by letting IPB's knowledgeable and dedicated staff do the investigation and legwork!

Investment Intelligence

We have a wealth of information, sources and comparison data —as well as access to specialists who can give you the full story on why a Canadian operation might make good business sense for your company.

Perhaps you want:

- Immediate, accurate, investment-related information, relevant to your business situation;
- International cost comparisons, including wages and taxes;
- Advice on Canadian programs and regulations;
- Site selection data; or
- An introduction to key government and private sector contacts.

Specific Information and Services—Made to Measure

IPB delivers all the above—and more. IPB's people and easy-to-navigate Web site are there to serve you. Investment officers at Canadian diplomatic missions can also provide guidance.

- We'll find detailed market data and statistics, not just relevant to a general situation, but specifically tailored to suit each potential investor's individual circumstances.
- We won't just give you a contact list—we'll identify potential strategic partners, introduce you, and actually set up meetings. We'll also arrange all logistics, and ensure that everything is done properly.
- We'll help solve problems, and identify opportunities—before *and* after the investment is made!

Why not get in touch?

Through Canadian diplomatic missions around the world, and with direct access to investment advisors at national, provincial and municipal levels across Canada, IPB is well-positioned to assist with investment decisions.
