Barton Hill,
Marlborough.

Aug. 17th, 1920.

I have known Mr W.O.Brigstocke ever since he was a boy at Marlborough College and have formed a very high opinion both of his character and of his capacity as a school-master. Not only is he an accomplished linguist but he is a good teacher and has the rare gift of making his pupils keen in their work. He also has a remarkable influence on them outside the doors of his class-room.

(Sd.) HERBERT SAVERY

(Head Mathl.Master at Marlborough
College).
