Commercial Summary.

\*. An American company, it is said, con-  
 templates the erection of a woollen factory at  
 Woodstock, N.B.

\*. The corporation of pilots at Quebec re-  
 ceived over \$111,000 for pilotage during the  
 past season, of which \$35,000 was contributed  
 by vessels bound for this city.

\*. There are good prospects, according to an  
 exchange, that smelting works and a manufac-  
 tory for the dry distillation of wood will be  
 shortly added to the industries of Nanapan.

\*. The Standard Life is out with its usual  
 compact, elegant little diary for the year. The  
 book is indicative of the security afforded by the  
 Standard; it is gilt-edged.

\*. The steamship "Peruvian" has just made  
 the passage from Halifax to Liverpool in 7 days  
 21 hours and 30 minutes, the quickest trip ever  
 made by an "Allan Line" steamer between the  
 two ports.

\*. We regret to learn that one of the van-  
 pires who drew so much out of the late Mechan-  
 ics' Bank is flitting about another not over  
 strong moneyed institution. Bank officers here  
 and there when hard pressed themselves become  
 occasionally wondrous kind—with other people's  
 money.

\*. The paragraph in our last week's issue  
 to the effect that Mr. John Rankin, of the firm  
 of Rankin, Beattie & Co., of this city, had dis-  
 posed of his interest in the Canada Cotton Co.  
 of Cornwall to Mr. D. McInnes, of Hamilton,  
 requires correction in so far as that it is only  
 the agency of the Company which has been  
 transferred. Mr. Rankin is still a large owner  
 of stock and preferential bonds in the Company.  
 Mr. McInnes will probably devote his entire  
 attention in future to the Canada Cotton Co.
