

## Canadiana - Americana

### AN UNUSUALLY IMPORTANT OFFERING

**S**INCE the earlier Histories of Canada and of the United States are so very closely related—a fact only now beginning to be more fully appreciated by virtue of Canada's growing prestige amongst the family of nations—and since the significance and bearing of Canada's history in relation to her growth is being increasingly studied, it is our privilege to state that no United States or Canadian public or institutional library can afford to be without the incomparable

## *Kingsford's History of Canada*

But relatively few of the more modern libraries in the United States and Canada are possessors of this, the most authoritative history of Canada, while no private collector of material dealing with such epochs of history as are brought under review in this publication is entitled to regard his collection complete so long as it lacks this basic work.

During recent years, this history has been practically unobtainable, owing to the marketed edition—which was a limited one—being exhausted. Only at intervals has a set been available through the break-up of some good library or from some other remote source. The set offered in this list is like new, having never been used. It is improbable that this book will be reprinted. The present opportunity is exceptional, as we were fortunate, at the winding up of the Kingsford Estate, in securing a small remainder that had practically been forgotten for many years.

*HISTORY OF CANADA. 1608-1841. By William Kingsford, LL.D., F.R.S. In Ten Volumes Complete. With an average of some 500 pages per volume, there are over 5600 pp., 1ge. 8vo., Toronto, 1887-98. With many superior maps and complete indices; fine paper and printing; full cloth, as fresh as new. (Carriage charges extra).....\$36.00*
